

## **2014-2015 General Hunting Regulations Proposals**

**Committee:** Regulations

**Date:** March 19, 2014

**Explanation:**

Recommended revisions for hunting related regulations and new proposals will be presented at this meeting for Commission review and consideration. The proposals will be presented at the April meeting for Commission approval. These proposals include calendar adjustments, code revisions and code clarifications. Included, with the backup material, is a summary of recommended changes and a color coded copy of affected codes. All of these proposals have been reviewed by the Director's Regulations Committee members.

**Prepared by:** Brad Carner

# 2014-2015 HUNTING REGULATIONS SUMMARY OF PROPOSALS

## ***Deer***

1. Add doe to firearms bag limit in Deer Zones 2, 3, 6, 6A, 8, 8A, and 10.

**Addendum:** A1.01

### **Justification**

A conservative season structure has been in place in the Ozarks since 2000. This has resulted in an increase in deer observations and skewed sex ratios. Currently, these zones have a one doe bag limit for firearms. In addition, Private Lands Biologists report increased requests for additional doe tags. Adding a doe in the bag limit should eliminate administrative work and provide more opportunity. The deer team believes this conservative modification will balance sex ratios. Monitoring will be essential, and if needed, regulations will be modified to ensure overharvest is avoided.

## ***Bear***

2. Require hunters that harvest a bear to submit a premolar from that bear within seven days of harvest.

**Code:** 05.18

### **Justification**

In the past, submitting a tooth has been solely volunteer. Compliance on good years might reach 60% return rate. In order to adequately assess the harvest structure we need as much data as possible. The tooth data gives a very clear picture of the age structure of our bear harvest. Age structure is one component of the harvest that needs to be continuously monitored so adjustments can be made to offset skewed age class harvests.

## ***Captive Wildlife***

3. Allow captive wildlife, excluding cervids, which originate within Arkansas and leave the state for less than 30 days to re-enter the state without the need for a veterinary examination.

**Addendum:** F1.04

**Justification**

Wild animals kept within the state of Arkansas that leave the state for less than 30 days pose minimal risk of acquiring diseases or parasites, and there is no need to have them examined by a veterinarian prior to returning to the state.

4. Allow AGFC to immediately relocate wildlife being given improper care by rehabilitators, being kept in inhumane or in unhealthy conditions. Prohibit possession of native wildlife pets except under certain conditions.

**Addendum:** F1.05

**Justification**

Possession of native wildlife pets by rehabilitators poses a risk of disease transmission to animals that they care for under the auspices of the rehabilitation permit. This will not be allowed except for animals that are specifically authorized by the Chief of Wildlife Management.

***Furbearer***

5. Add an exception clarifying rules regarding possession of furbearer pelts and carcasses.

**Code:** 17.04

**Justification**

This exception was inadvertently removed as part of the code revision process. It clarifies that furbearers legally taken in Arkansas can be possessed outside of the hunting and trapping season.

6. Increase the raccoon hunting bag limit to unlimited for the entire season for public and private lands.

**Addenda:** A1.05/C1.09

**Justification**

Having two bag limits within the same season is unnecessarily complicated and difficult to explain. A standardized bag limit of unlimited will not negatively affect the resource, especially since many hunters rarely kill raccoons.

***WMA General Regulations***

7. Add a deer modern gun (restricted to shotgun/muzzleloader) permit hunt (10 permits) from Nov. 8-12, 2014 with a two deer limit; one buck (3-point rule applies) and one doe on *Steve N. Wilson Raft Creek Bottoms WMA*.

**Code/Addendum:** 20.02/C1.13

**Justification**

Region 2 has seen very little participation in archery hunting on this area over the past 12 years. Only seven deer have been harvested on this area since 2009. Region 2 staff initiated a youth modern gun permit hunt in 2010 (restricted to shotgun/muzzleloader) but there has been very limited youth participation in this hunt. To increase participation, Region 2 staff removed the weapon restriction for the current year (2013) youth deer hunt, and only three of 10 permits had been purchased as of the Aug. 8 payment deadline.

This area is a 4,000 acre WMA with a major emphasis on waterfowl habitat and hunting. Over the past eight years, the Region 2 staff has documented a growing deer population. This deer herd needs to be managed by removing additional animals through a deer modern gun permit hunt in order to maintain a quality herd.

8. Allow all day dove hunting on *Holland Bottoms WMA*.

**Addendum:** C1.08

**Justification**

There is currently a morning-hunting only regulation in place for dove hunting on the area. Allowing hunting during all legal shooting hours will provide increased dove hunting opportunity.

9. Move the deer modern gun youth permit hunt to the weekend prior to the statewide November youth hunt (Oct. 25-26, 2014) on *Steve N. Wilson Raft Creek Bottoms WMA*.

**Addendum:** C1.01

**Justification**

Moving youth hunts to the weekend prior to the statewide youth hunt on other WMAs has increased youth participation. This permit hunt has not been popular since its inception three years ago, and this year we even took off the weapon restrictions hoping that this would increase participation. Seven permits were left out of 10 when they went on sale Sept. 9, 2103. Still five permits were left on Sept. 25, 2013.

10. Remove the youth modern gun deer permit hunt and open it up to the statewide youth hunt for the November hunt only on *St. Francis National Forest WMA*.

**Addenda:** C1.01/C1.13

**Justification**

There has been poor participation on this permit hunt for the past three years. Removing the permit requirement for the youth hunt will increase hunting opportunity and participation. Also, the USFS biologist staff agrees.

11. Change the trespass restriction wording on Johnson County Waterfowl Rest Area on *Dardanelle WMA*.

**Code:** 24.04

**Justification**

The current trespass/access restriction closes on this area the day after the mobility impaired deer permit hunt; this allows archery hunters to trespass/access the area while the permit hunt is being conducted. They have entered the area on foot to collect tree stands without wearing hunter orange, thus creating a safety hazard and interfering with the hunt.

12. Close bear hunting on *Hobbs State Park Conservation Area WMA*.

**Addendum:** C1.02

**Justification**

Hobbs State Park staff has requested the closure to establish a population of black bear on the 12,000 acre WMA. There have also been numerous requests received from neighboring private landowners who wish to see a population of black bear established in the area.

13. Establish turkey permit hunts (three weekends) on *Ed Gordon Point Remove WMA*.

**Addenda:** C1.04/C1.16

**Justification**

With the reduction in turkey numbers, documented through only a few observations over the last two years during the brood survey of turkeys on Ed Gordon Point Remove WMA along with a hunter complaints about overcrowding (undocumented) on this 8,694 acre WMA, that has a large open land component, regional staff would like to recommend the turkey season be reduced to three permit only turkey hunts.

14. Establish turkey permit hunts (three weekends) on *Galla Creek WMA*.

**Addenda:** C1.04/C1.16

**Justification**

With the reduction in turkey numbers, documented through only a few observations last year and no observations this year during the brood survey of

turkeys on Galla Creek WMA along with a hunter complaints about overcrowding (undocumented) on this 3,329 acre WMA regional staff would like to recommend the turkey season be reduced to three permit only turkey hunts.

15. Establish a five day muzzleloader deer permit hunt for *Ed Gordon Point Remove WMA*.

**Addenda:** C1.01/C1.02/C1.13

**Justification**

A second permit hunt on Ed Gordon WMA is being requested to accomplish Sweet Sixteen WMA harvest objectives and to provide additional hunting opportunity. Hunt format/structure has changed on the management area over the last few years as a result of the Sweet Sixteen WMA designation. In 2012, there were 55 permittees for the one five day modern gun permit hunt. Twelve deer were harvested by 35 permittees (63% participation) where were documented through a check station check-in requirement. That in combination with archery harvest resulted in 52 reported animals harvested in 2012-2013 season. The deer observation survey and historical harvest records suggest that additional deer harvest is necessary to maintain ratios established for the Arkansas River Valley Deer Management Unit, a goal of the statewide deer management plan.

16. Implement a special youth modern gun deer hunt on *Felsenthal NWR*. This season will coincide with state youth hunts. Youths will be required to harvest a doe before harvesting a buck. This hunt will not be a quota hunt. Bag limit will be two deer (two does or one buck and one doe).

**Addendum:** C1.01

**Justification**

Intent is to increase youth hunting opportunities. The deer population at Felsenthal NWR can sustain additional hunting opportunities.

17. Implement a quota youth modern gun turkey hunt for spring 2015 on *Overflow NWR*. Hunt dates will coincide with the state youth turkey hunt weekend. Bag limit will be one bearded turkey.

**Addenda:** C1.04/C1.16

**Justification**

The intent is to increase youth turkey hunting opportunities. A quota-based youth hunt on Overflow NWR will not negatively impact the turkey population.

18. Mobility impaired modern gun deer hunt bag limit on *Pond Creek NWR* will coincide with the state bag limit (four deer, no more than two bucks).

**Addendum:** C1.01

**Justification**

Intent is to provide maximum opportunity for mobility-impaired hunters to harvest deer. The low number of hunters participating in this hunt will prevent negative impacts to the local deer population.

19. Youth modern gun deer hunt bag limit on *Pond Creek NWR* will coincide with the state bag limit (four deer, no more than two bucks).

**Addendum:** C1.01

**Justification**

Intent is to provide maximum opportunity for youth hunters to harvest deer. The low number of hunters participating in this hunt will prevent negative impacts to the local deer population.

20. Change youth modern gun deer hunt on *Pond Creek NWR* from a quota permit hunt to an open youth hunt.

**Addenda:** C1.01/C1.13

**Justification**

Typically, we do not fill all of the 50 quota permits for the youth hunt, therefore, we would like to make this an open youth hunt. The low number of hunters participating in this hunt will prevent negative impacts to the local deer population.

21. Change youth turkey hunt from a quota permit hunt on *Pond Creek NWR* to an open youth hunt and increase youth season bag limit to be the same as the state youth season bag limit.

**Addenda:** C1.04/C1.16

**Justification**

Typically, we do not fill all of the 50 quota permits for the youth hunt, therefore, we would like to make this an open youth hunt. The low number of hunters participating in this hunt will prevent negative impacts to the local turkey population.

22. Change the antler criteria on *Lafayette County WMA*.

**Addendum:** C1.14

**Justification**

The current legal buck antler criteria on Lafayette County WMA is the Four-Point Rule. This is the only area in the state with this antler criteria.

The proposal would modify the current antler restriction to the following 12-inch inside spread or 15-inch main beam rule:

- Both antlers under two inches (button buck), or
- An inside spread at least 12 inches, or
- At last one main beam 15 inches or longer.

This antler criteria restriction is consistent with other locations in the state, especially for areas within the same physiographic region, and will assist in data analysis and comparison.

23. Remove the muzzleloader youth deer permit hunt on *Greers Ferry Lake WMA*.

**Addenda:** C1.01/C1.13

**Justification**

The Corps of Engineers have requested to cancel this hunt due to budget restraints and below normal harvest activities.

24. Remove the modern gun mobility impaired deer permit hunt on *Nimrod Lloyd Millwood WMA*.

**Addenda:** C1.01/C1.13/C1.14

**Justification**

The Corps of Engineers have requested to cancel this hunt.

25. Add a modern gun mobility impaired deer hunt in December with a bag limit of two deer, buck (no antler restrictions) and doe on *J. Perry Mikles Blue Mountain SUA*.

**Addenda:** C1.01/C1.13/C1.14

**Justification**

The Corps of Engineers requested this hunt and it is fully supported by WMD regional staff.

26. Move the modern gun deer hunt a week later (Nov. 1-5) on *Ed Gordon Point Remove WMA*.

**Addenda:** C1.01/C1.02

**Justification**

To better accommodate the new muzzleloader hunt (Oct. 11-15) and avoid the opening dates of the statewide seasons (for increased participation), allow for 2 ½ weeks between hunts, and avoid duck season.

27. Add the special youth modern gun deer hunt (Nov. 1-2 and Jan. 3-4) on *Cypress Bayou WMA* with a two deer bag limit of one buck (no antler restrictions) and one doe.

**Addendum: C1.01****Justification**

This will provide additional youth hunting opportunities within the East Central Delta Region and it is close to several metropolitan areas. This area has approximately 1,540 acres of quality wildlife habitat with a 10- year average deer harvest rate of seven deer per year. Staff would like to see the average deer harvest on this area increased.

28. Move the five day deer modern gun permit hunt to the five day period following Thanksgiving on *Cypress Bayou WMA*.

**Code: C1.01****Justification**

Moving this permit hunt will increase participation by allowing successful hunters the opportunity to hunt during prime rut on public ground, enjoy, on the average, cooler weather and enjoy hunting during what generally is considered for most a three day weekend. This will also help achieve our goal of increasing the overall deer harvest on this WMA to go along with proposing to open up both statewide youth hunts on this WMA.

29. Add *Lake Greeson* (excluding mobility impaired hunters hunting during the mobility impaired permit hunt) and *Howard County WMAs* into the leased land permit system (\$40).

**Code/Addenda: 20.07/C1.01/D1.01****Justification**

Approximately 92% of Howard County and 97% of Lake Greeson lands are leased by the Commission. This is comparable with most of the leased land permit areas. By adding these two areas to the leased land permit system will allow the Commission to sustain the leased lands program even though lease prices are continually increasing.

30. Reduce the number of deer modern gun permits from 125 to 100 on *Camp Robinson SUA*.

**Code/Addendum:** None required.

**Justification**

This year regional staff received several complaints from people that were in very close proximity to others while hunting or interrupted by others while hunting. It should also be noted that area staff counted 13 vehicles on one short section of road on the opening day of the hunt. While this change will slightly decrease opportunity, it should increase the quality of the hunt and increase safety.

31. Reduce the number of deer muzzleloader permits from 250 to 200 on *Scott Henderson Gulf Mountain WMA*.

**Code/Addendum:** None required.

**Justification**

This will line the number of permits up to match the modern gun permit hunt on the area. Regional staff noted crowding issues this year on the hunt and also the increased range capabilities of modern day muzzleloaders which makes the number of permits a safety concern.

32. Make it illegal to discharge or possess fireworks on *Commission-owned or controlled property* without written permission from the AGFC director.

**Code:** 19.19

**Justification**

The discharging of fireworks results in the accumulation of debris that is left behind by the user. The collection of firework debris diverts manpower away from habitat and facility improvement projects. Also, there is a possibility the discharge of fireworks could cause a wildfire.

33. Close all hunting seasons on *Harold E. Alexander Spring River WMA* from Jan. 5-March 31.

**Code/Addenda:** 20.20/20.24/C1.01/C1.06/C1.07/C1.09/C1.10/C1.12

**Justification**

This WMA will be the focal area for intensive, contract labor, feral hog removal efforts during later winter (Jan.-March, 2015) while trapping activities are most efficient. Previous attempts (2012-2014) were undertaken on other WMA's (Gene Rush and Petit Jean River WMAs) with limited success rates. Those success rates were adversely affected by human and dog

disturbances associated with small game and furbearer hunting seasons. Initiation of a disturbance free area within the WMA should allow for greater success in feral hog removal.

34. Prohibit horses and mules on *Harold E. Alexander Spring River WMA* from Feb. 1-March 31.

**Code:** 20.20

**Justification**

In conjunction with item 33 above, restricting horse and mule traffic on the WMA will likely increase the effectiveness of feral hog removal efforts by significantly reducing disturbances. This change is needed to encompass the entire proposed closure period (Jan. 5-March 31, 2015), when horses and mules were allowed.

35. Allow the harvest of feral hogs only during the firearms bear, deer and elk season on *certain WMAs*. Additionally, restricting the opportunity to hunt feral hogs at any time on *certain WMAs*.

**Code:** 20.24

**Justification**

Restricting opportunity to harvest feral hogs during big game seasons should increase the effectiveness of trapping efforts by agency personnel by reducing disturbance during optimal trapping periods. Additionally, restricting feral hog hunting to these seasons may minimize the incentive for the illegal translocation of feral hogs for the perpetuation of sport hunting opportunity. Not allowing harvest of feral hogs on certain WMA's reduces the potential for the illegal release for the furtherance of sport hunting opportunity. Furthermore, opportunistic harvest of feral hogs is relatively low on WMA's and hunting is not recognized as a viable control option and can be counterproductive to more efficient methods of removal.

36. Add *Lee Creek* (northwest Arkansas, 44,994 acres) into the WMA system.

**Addenda:** C1.01/C1.02/C1.04

**Justification**

This area has been a part of Ozark National Forest WMA and the U.S. Forest Service and it can easily be a separate WMA. They have requested this area to be established as a separate WMA so they can better manage this part of Ozark National Forest WMA. There are several WMAs within Ozark National Forest that are currently managed separately. This first year all hunting seasons will mirror the Ozark National Forest WMA zone dates and bag limits.

## ***Misc.***

37. Change all of the baiting regulations in section 07.00 from a Class 1 to a Class 2 penalty. These regulations deal with baiting alligator, bear, migratory birds and turkey.

**Codes:** 07.01-07.05

### **Justification**

Code 07.05 Hunting Turkey over Bait is a Class 1 penalty but carries 18 points. Code 18.01 Prohibited Methods for Taking Turkey is a Class 2 and carries 6 points. All codes in section 18.00 are Class 2. The same is true with Code 07.03 which is a Class 1 and carries 9 points, and in section 13.00 bear regulations are all Class 2 and one is a Class 3. The same is true for alligator where all species codes are Class 2. Illegal baiting of these species is a problem and this will raise the minimum penalty from \$100 to \$250 and provide consistency in the penalties when dealing with these species.

38. Define Harvest/Harvesting.

**Code:** 01.00-C

### **Justification**

These two terms are used repeatedly in the code book and addendum and adding this definition would assist officers in fulfilling their job duties.

39. Revising the interfering with commission employees, operations or activities code.

**Code:** 05.30

### **Justification**

This revision is needed to enhance all AGFC operations and projects by reducing public disturbance to traps, temporarily closed or restricted areas, water control structures and other property and equipment required for AGFC, USFS, USFWS and other agency personnel to carry out daily activities in an efficient manner

40. Exclude the use of air rifles as a legal weapon for harvesting deer and elk and modify the firearm definition (excluding air rifles in the deer code will also make them illegal during bear season without having to change the bear code).

**Code/Addenda:** 01.00-C/06.02/06.10

**Justification**

In recent years there have been several models of large-caliber air rifles (.40, .45, and .50 cal) that have generated some interest within the deer hunting community. The deer, bear and elk teams have discussed these rifles and recommend that air guns not be allowed for deer, bear or elk hunting due to poor ballistics and terminal performance when compared to legal rifles that use an explosive propellant. This proposed change would not impact using air rifles for harvesting small game.

41. Remove the hunter education requirement for WMA permit hunts for youth hunters 6-15 years of age.

**Code/Addendum:** None required.

**Justification**

Youth hunters participating in WMA permit hunts are required to be accompanied by an adult mentor 18 years or older if they have completed the hunter education class. If they have not completed the hunter education class, they must be under direct supervision of an adult mentor 21 years or older. The permit application process currently excludes youth hunters who have not completed this course even though all hunters on special youth hunts are required to be accompanied by adult mentors. This should increase youth hunting participation.

42. Create new code preventing youths ages five and under from hunting big game.

**Code:** 03.03/03.04/11.06

**Justification**

The creation of code 11.06 is for clarification purposes only and does not change the current requirements. The 6 to 15 age for hunting specific species is covered in all of the special youth hunt codes. For the regular statewide big game hunting seasons it is addressed in the License Section 03.00 under code 03.03 Resident Hunting License Requirements Exception (3) and 03.04 Non-resident Hunting License Requirements Exception (3). There is not license associated with this since those 15 and under are not required to have a license. This is causing confusion and different interpretations due to this being under license requirements and no license is required. By creating this code under the youth section 11.00, this will provide a clear and concise code that can be referred to by the public and place it in the proper section.

43. Change the penalty from a class 1 to a class 2 if you are being guided and class 3 if you are the one guiding on a WMA.

**Code:** 24.08

**Justification**

Class 1 penalty with \$100-\$1,000 fine may be insignificant to a guide making that much in one day of guiding. Furthermore, a class 3 penalty is more in line with an 18 point violation and automatic 1 year suspension of privileges. Finally, the agencies time and cost associated with such a conviction may be considerable more than the current penalty.

***Alligator, Elk, Quail, Rabbit, Squirrel and Turkey***

No change for any of these species.
