

## **AGFC Digital Code Book Proposal**

**Committee:** Regulations

**Date:** March 20, 2019

**Explanation:** The Administrative, IT, Communications, and Legal Divisions have collaborated to prepare the new AGFC Digital Code Book. AGFC staff will provide a demonstration of the Digital Code Book, which will be proposed for adoption as the new official AGFC Code of Regulations. Staff will also explain how the software program will function, including how staff will be able to draft new and amend existing regulations, plus accept written comments from the public as regulations are proposed. The AGFC Digital Code Book will be accessible on AGFC's website.

Subject to final recommendation approval by the Regulations Committee, the proposed Digital Code Book will be made available for comment by the public and then will be ready for final consideration and adoption by the full Commission at its Thursday April 25, 2019 Commission Meeting in Northwest Arkansas.

**Prepared by:** Jim Goodhart, General Counsel
