SUMMARY

During the 2022 regulation cycle there were errors made in making code changes. The following changes are to correct those errors.

1. Code A1.01 Zone 9 deer bag limit was mistakenly placed in 2 places. The correct bag limit for Zone 9 is 4 deer.
2. Code C1.12 in the proposal listed below from the May 2022 regulation proposals it was inadvertently left out the clarification that this proposal limiting days would begin with the November 2023 season.

Proposal: Restrict waterfowl hunting on Bell Slough, Ed Gordon Point Remove, Frog Bayou and Galla Creek WMAs and the Dyer Lake Unit of Ozark Lake WMA to Tuesday, Thursday, Saturday and Sunday only, with the exception of the last day of season.

Justification: Due to the increased popularity of waterfowl hunting and the additional hunting pressure applied to waterfowl using the areas, staff have noticed a drastic decline in waterfowl usage of the areas after the opening weekend of the season. It is our intent to increase waterfowl use – and, by extension, enhance the waterfowl hunting experience – of the areas by providing rest days during the hunting season. This proposal will be in effect starting with the 2023 season.

Code: C1.12
