Newspaper Name Arkansas Democrat Gazette

Date of Publishing August 20, 21, & 22, 2023

Final Date for Public Comment September 21, 2023

Location and Time of Public Meeting 4699 AR-43, Ponca, AR 72670, 9:00 a.m.

August 2023 Regulations Proposal Summary (1st Reading):

1. **Proposal:** Establish a Resident Natural State Lifetime Combination License (includes Hunting, Fishing, Trout and Waterfowl privileges) at a cost of \$500 for a resident who is ten (10) years of age or younger.

Justification: This proposal is aligned with the implementation of Act 755 adopted by the State of Arkansas 94th General Assembly during the 2023 Regular Session.

Code: 03.02, 03.03, 03.05, 27.01, D1.01

2. **Proposal:** Establish a free Resident Bear Tag required for a resident to hunt bear within the state.

Justification: In order to determine and monitor bear hunters within the state, the establishment of a unique Resident Bear Tag (in addition to the existing Non-Resident Bear license) will enable Wildlife Division staff to determine the number of bear hunters within the state as well as improve opportunities to communicate with this user group. This proposal is aligned with current processes for game tag issuance in development within the new license system.

Code: 03.03, D1.01

3. **Proposal:** Clarify within existing Code of Regulations that Deer Management Assistance Program Management Tags, Urban Deer Hunt Management Tags, Chronic Wasting Disease Management Tags and Chronic Wasting Disease Replacement Tags are all free products within the AGFC license system that will be made available to approved program participants and used for deer game check purposes.

Justification: Previously these four (4) types of deer tags have been used within the agency's deer program and CWD management and response efforts. This proposal will align the issuance and use of these tags within the new AGFC license system for deer game check purposes.

Code: 05.17, D1.01

4. **Proposal:** Correct the Code of Regulations removing code language regarding the tagging of turkeys immediately after harvest that was mistakenly left within the Hunting Regulations package approved by the Commission in May 2022.

Justification: The initial 1st reading of hunting regulations proposals in March 2022 included a proposal to develop a turkey tag and notching system for implementation in 2024. This proposal was pulled from the regulation package before approval by the Commission in May 2022 but the actual proposed code language was not removed from Code 05.17

Code: 05.17
