

SUMMARY

ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING THE PUBLIC SCHOOL COMPUTER LOAN PROGRAM

The rule provides the necessary requirements to implement the computer salvage program as outlined in the Act. The rule emphasizes the conditions that are contained in the legislation that are to be followed when implementing the program at the local education level.

Specifically:

Defines that for the purpose of the rule that a personal computer is a computer that is outdated, no longer useful to the school district or charter school except as an at-home educational tool for students and has no reasonable resale value.

Describes the computer loan process and conditions including the written verifications that must be provided.

Describes the audit process

Describes the required local board policies that must be adopted prior to implementing the program.
