2016 District Conversion Public Charter School Application Review

The charter application should reflect a thorough understanding of key issues and demonstrate capacity to open and operate a quality charter school. Each response should address the topic with specific and accurate information that shows thorough preparation and presents a clear, realistic picture of the ways in which the school will operate.

With that in mind the initial review of district conversion charter applications will be conducted by Arkansas Department of Education staff from various divisions that routinely interact with charter school personnel. This group, known as the Internal Charter Review Committee, will assess the application for complete and clear responses and provide technical assistance to the applicants. While the committee will request additional information or clarification, identify concerns with the applications, and review the applicant revisions based on this technical assistance, the goal of the committee is to determine if each response is fully responsive, partially responsive; or not responsive. It is the Charter Authorizing Panel tasked with judging the quality of each application and determining what applicants are likely to open and operate high quality charter schools.

A rubric that identifies the criteria for each section of the application follows. These criteria should be carefully considered when writing the application and each applicant should self-assess the draft application based on the criteria and revise the application based on the self-assessment prior to submitting it.
