Title 20. Public Health and Welfare

<u>Chapter XLV. Office of Early Childhood, Department of Education</u> Subchapter A. Generally

Part 1001. Better Beginnings Tiered Quality Rating and Improvement System

<u>Codification Notes.</u> This part as promulgated prior to codification into the Code of Arkansas Rules of 2024 provided as follows:

"Better Beginnings Overview

Better Beginnings is a tiered quality rating and improvement system (TQRIS) which is a systemic approach to assess, improve, and communicate the level of quality in early care and education programs. Program types include center-based care, family childcare, and out-of-school time programs.

Better Beginnings is a "building block" approach, which means that programs must meet all requirements at one level before moving to the next. Licensing, or Minimum Licensing Requirements (MLR), is the foundation on which Better Beginnings is built. The requirements at level one (1) of Better Beginnings align with MLR and help the director or primary caregiver begin the journey towards quality improvement. At level two (2), the staff becomes more involved in the process. Levels three (3) and above set even higher requirements for all components.

Resources are available and have been specifically designed to help providers understand and meet each requirement. The resources will help providers become more knowledgeable and effective for Better Beginnings in the lives of children."

"1.00 REGULATORY AUTHORITY

- 1.01 These rules are enacted pursuant to Arkansas Code Ann. § 20-78-201 et seq. as amended.
- 1.02 These rules shall be known as the Arkansas Department of Education, Office of Early Childhood rules governing Better Beginnings, Arkansas's Tiered Quality Rating and Improvement System."

20 CAR § 1001-101. Purpose.

- (a) It is the purpose of this part to set the general guidelines for the operation of Better Beginnings.
- (b)(1) Providers who choose to receive funding from the Child Care and Development Fund Block Grant must be a Better Beginnings participant at the level determined by the Office of Early Childhood.

- (1)(A) Under Acts 1993, No. 820, corporations that build and equip a certified childcare center will be exempt from the state compensating tax levied by the Arkansas Compensating Tax Act of 1949, Arkansas Code § 26-53-101 et seq.

- (B) Construction materials and furnishings purchased for use in the initial construction and equipping of a childcare center for the exclusive purpose of providing childcare to the corporation's employees will be subject to this exemption;
- (2) Under Acts 1993, No. 820, a business that qualifies for the exemption from the gross receipts tax under Arkansas Code § 26-52-401(29) shall be allowed an income tax credit of three and nine-tenths percent (3.9%) of the annual salary of employees employed exclusively in providing childcare services; and
- (3) Under Acts 1993, No. 1268, enhanced income tax credits in the amount of twenty percent (20%) of the federal childcare credit as allowed under Section 21 of the Internal Revenue Code will be available to qualified taxpayers who incur childcare expenses at childcare facilities that are certified at Better Beginnings level two (2) or above.
