Section 2.62 *Limitation on Production.* Each operator of a small brewery is allowed to manufacture beer, malt beverage products, and hard cider in limited quantities. The operator shall be allowed to brew one or more varieties of beer, malt beverage products, and hard cider, but in any event shall not brew more than forty five thousand (45,000) barrels, for all products per year. For purposes of this Regulation, a year is determined to be a calendar year beginning on January 1st of each year and ending on December 31st of the same year. The 45,000 barrel limitation applies to all beer, malt beverages, and hard ciders brewed, including test runs.
