

Rule 2441 Amendment Summary

The existing rule required claimed horses to be taken to the paddock after the finish of the race. This caused a problem with too many horses in the paddock area. The Amendment requires claimed horses to be taken to an area designated by the Oaklawn Board of Stewards for the exchange of custody of the claimed horse, in order to avoid the congestion in the paddock area.

Rule 2441 Mark Up

2441. Any horse that has been claimed shall, after the race has been run, be taken ~~to the paddock~~ **to a claimed horse exchange area approved by the Board of Stewards** for delivery to the claimant. However, if a urine or other test is to be made, the horse shall be taken to the test barn and the test made immediately. Thereafter, possession of the horse shall be delivered to the claimant.
