I. Board Meetings:

- A. Regular meetings of the Board shall be held once each month at a time established by a majority vote of the Board. A special meeting may be called at any time by the chair or by any officer of the Board upon written request of three or more of the members.
- B. All regular meetings of the Board are open to the public. Any person desiring to appear before the Board at any of its regular meetings shall submit a written request to the Board at least 15 days prior to the meeting. The request must state in detail the nature and purpose of the appearance. The Chair of the Board has the right to determine when and if such a request can be honored.
- C. Written minutes of each meeting shall be kept and distributed to the members with the notice for the next meeting.

II. Application Procedures:

A. Pre-Licensure Background Check

1. Pursuant to Act 990 of 2019, an individual may petition for a pre-licensure determination of whether the individual's criminal record will disqualify the individual from licensure and whether a waiver may be obtained.
2. The individual must obtain the pre-licensure criminal background check petition form from the Board.
3. The Board will respond with a decision in writing to a completed petition within a reasonable time.
4. The Board's response will state the reasons for the decision.
5. All decisions of the Board in response to the petition will be determined by the information provided by the individual.
6. Any decision made by the Board in response to a pre-licensure criminal background check petition is not subject to appeal.

7. The Board will retain a copy of the petition and response and it will be reviewed during the formal application process.
- B. Application for licensure may be submitted online on the Board's website. Paper applications shall be submitted to the Board on the form designated by the Board and shall be accompanied by the application fee.
 - C. The applicant must request an official transcript from his/her college or university with the social work degree posted. The transcript must be received by the Board directly from the college or university. A transcript on file with the Association of Social Work Boards ("ASWB") will also be accepted.

 - E. Waiver Request for Offenses on Background Check
 1. If an individual has been convicted of an offense listed in A.C.A. §17-3-102(a) or (e), the Board may waive disqualification of a potential applicant or revocation of a license based on the conviction if a request for a waiver is made by:

VI. Supervision:

Supervision is a professional relationship between a supervisor and a supervisee designed to promote responsibility, competency and accountability to the agency, clients and community.

A. Supervision for All Licensed Social Workers:

Once licensed as an LSW or LMSW, including provisional license, the LSW or LMSW must obtain supervision from a licensed social worker or other qualified professional from a related field. The supervision may be within or outside the agency.

1. The social work practice of an LCSW shall be supervised by an LMSW, an LCSW or other qualified professional from a related field on a minimum of a weekly basis.
2. The social work practice of an LMSW shall be supervised by an LMSW, an LCSW or other qualified professional from a related field on a minimum of a weekly basis.
3. While supervision of the social work practice of the LCSW is not mandatory, the LCSW should have available, as needed, consultation provided by an LCSW or other qualified professional from a related field.

4. An LSW or LMSW, including provisional licensees, working in a non-clinical position does not require direct supervision but must report to a supervisor.
5. The supervision required under this section is independent from any additional supervision requirements placed upon the licensee by his or her employer.

B. Supervision Required to Obtain LCSW Licensure:

1. In order to provide supervision, an LCSW or a social worker whom the Board determines to have the qualifications equivalent of those required of an LSCW must be fully licensed for three (3) years.
2. To obtain licensure as a Licensed Certified Social Worker (LCSW), an individual must submit documentation of twenty-four (24) months post-master's social work experience, and four thousand (4,000) hours in a supervised Master's level social work position. The supervisor may be from inside or outside the agency where the applicant obtains their experience. For documentation requirements, please see Section C. below.
3. During this twenty-four (24) month period, the applicant must have at least one hundred (100) direct supervision hours, with no more than two (2) hours occurring in any one-week period. Group supervision is acceptable only if there is a maximum of four in a group and such supervision does not exceed one-half of the total supervisory time.
4. Social workers who use technology to facilitate supervision shall use appropriate precautions to protect the confidentiality of those communications. Precautions to protect confidentiality depend on the type of technology being used, and may include using passwords, firewalls, encryption, and antivirus software; using electronic service providers that rely on standards of security for data that are transmitted and stored; and ensuring a private setting when using their electronic devices. See National Association of Social Workers (NASW), Association of Social Work Boards (ASWB), Counsel on Social Work Education (CSWE), &

Clinical Social Work Association (CSWA) Standards for Technology in Social Work Practice.

5. Supervision Guidelines

An LMSW who wishes to obtain LCSW licensure must adhere to the LCSW Supervision Guidelines published on the Board's website.

The plan must be on a Board approved form and must be received in a legible form within sixty (60) days from the beginning date of the supervision. It is the responsibility of the social worker receiving supervision to verify the Board's receipt of the supervision plan.

A. The fees charged in connection with social work licensing are as follows:

2. Was approved for unemployment within the last twelve (12) months; or
3. Has an income that does not exceed two hundred percent (200%) of the federal poverty income guidelines.

VIII. Issuance, Renewal, Expiration and Reinstatement (Ark. Code Ann. §17-103-304)

A. Issuance:

When the Board determines that all requirements have been met, a license will be issued for a two-year period.

B. Renewal:

Renewal of a social work license requires thirty (30) hours of social work education (“SWCE”) to have been completed during the renewal period. Of the thirty (30) SWCE hours, three (3) hours must be in ethics and no more than fifteen (15) may be independent study.

1. A license renewal reminder will be sent to licensees approximately two months prior to the expiration date. The social worker is responsible for submitting a completed renewal application with the required fee to the Board prior to the expiration date. Renewal applications may be submitted online or on the renewal application approved by the Board.
2. When the Board determines that the requirements for license renewal have been met, the licensee will be mailed notification of licensure for the next two-year period.
3. If the licensee fails to renew his or her license prior to the expiration date, the license will expire. Once the license has expired the individual is no longer eligible to practice social work.
4. A license that has expired for less than three (3) months may be renewed by submitting the renewal application, the required fee, a late penalty fee, an attestation form and a summary sheet certifying completion of thirty (30) hours of social work continuing education in accordance with Continuing Education Guidelines found in Rule IX below, completed during the previous-two year licensure period.

5. A license that has expired for three (3) months or longer is not renewable. The licensee shall be considered as a new applicant and will be subject to all requirements applicable at the time the new application is received.
6. Extension requests must be submitted to the Board thirty (30) days prior to the expiration date of the license. Extension requests will be reviewed by the Board on an individual basis. An extension request must include the following:
 - a. A completed renewal application packet;
 - b. The renewal fee;
 - c. Summary sheet of Social Work Continuing Education showing SWCE completed so far during the two-year renewal period;
 - d. Signed Attestation Form that he or she will not practice social work or represent himself or herself as a social worker after the expiration date unless the extension request has been granted;
 - e. A letter requesting an extension with an explanation of the extenuating circumstance which prevented the social worker from obtaining the required hours;
 - f. If the extenuating circumstance is health related, a letter from the physician should accompany the request. The physician's letter should indicate the time and circumstances under the physician's care and how this prevented the social worker from obtaining their required hours;
 - g. A work history for the renewal period showing any time not worked due to the extenuating circumstances; and
 - h. A plan to complete the additional hours required.

C. Expiration:

The license will be effective from the date issued and shall expire on the last day of the month exactly two years from the date of issuance or, if applicable, the last renewal date.

D. Reinstatement:

A license will be reinstated if an applicant can demonstrate all of the following requirements:

1. They were previously licensed to practice social work in Arkansas;
2. They were in good standing when the previous license expired or was not renewed;
3. Their license was not revoked for an act of bad faith nor for a violation of the laws, rules, or ethical rules that govern social workers;
4. They were not suspended or placed on probation in any state, district, territory, jurisdiction or Canadian province;
5. They are sufficiently competent in their field;
6. They pay the application fee required by law; and
7. They complete the required background check.

E. Duty to provide accurate information:

The licensee has the responsibility to provide and update the Board with accurate information of any change in their name or address and must do so within thirty (30) days of the change.

IX. Continuing Education Guidelines: (Ark. Code Ann. §17-103-203)

A. Definition:

1. Social Work Continuing Education (SWCE) has been defined as those formalized activities that are directed at developing and enhancing an individual's social work knowledge base and service delivery skills in applicable area of planning and administration, education, research or direct service with individual, couples, families, and groups.
2. A SWCE Credit Hour represents one clock hour (60 minutes) of a SWCE activity. A credit hour represents actual time of the SWCE activity. For example, a workshop that begins at 9:00 a.m. and ends at 3:00 p.m. with one-hour lunch break would provide five (5) credit hours for the participant. An exception would be for volunteer services provided under

the Arkansas Volunteer Health Care Act, in which a credit hour represents eight (8) hours of volunteer services.

3. Credits must be a minimum of fifteen (15) minutes or more to qualify.
4. Academic Credit Hour: One academic credit hour is equivalent to fifteen (15) clock hours for the purpose of license renewal. Credit for auditing an academic course will be for the actual number of clock hours in attendance, not to exceed the academic clock hour equivalent. Academic credit hours will not apply towards license renewal until the completion of the course.

B. Basic Requirements:

1. Each licensee is required to complete thirty (30) credit hours of SWCE during each two-year licensure period. Of the thirty (30) hours, a minimum of three (3) hours must be in professional ethics with no more than fifteen (15) hours of independent study.
2. SWCE may be documented on the form for reporting continuing education supplied by the Board or any other form provided the same information is presented. A typed or computerized list of training that is kept by the social worker's employer is acceptable for documentation. The list must include the same information as the form for reporting SWCE and the employer's name, address and phone number. The licensee and the licensee's supervisor or employer must sign the list certifying that the social worker attended all the sessions listed.
3. Documentation of the SWCE must be maintained by the licensee for a period of two (2) years following the renewal date.
4. After each renewal period, the Board will, at its discretion, audit a percentage of the renewal applications to ensure that the continuing education requirements have been met. Each audited licensee will be required to provide documentation of all the continuing education hours listed on his/her summary sheet.

5. A continuing education course will not be allowed more than once during the two-year renewal period. If the course name is the same, the social worker has the responsibility to make sure the content has changed since the last date the course was taken. The social worker may be required to provide documentation of the changes.

C. Examples of Acceptable Social Work Continuing Education (SWCE):

1. Seminars, workshops, or courses oriented to the enhancement of social work practice, values, skills and knowledge.
 - a. Cross-disciplinary offerings from medicine, law, administration, education and the behavioral sciences are acceptable if they are clearly related to the enhancement of social work practice.
 - b. Clock hour credit will be given for the actual number of hours in attendance.
 - c. In-service training provided by the employer using presenters from the staff or from outside agencies.
 - d. Training specifically related to policies and procedures of an agency may not be counted.
2. Academic social work courses or social work- related courses such as mental health, administration, health and social research, psychology, sociology, and human growth and development, child and family development, counseling and guidance taken for credit or audited. An official transcript may be used to verify courses taken for credit. One academic credit hour is equivalent to fifteen (15) clock hours for the purpose of license renewal. Credit for auditing will be for actual clock hours in attendance, not to exceed the academic the academic clock hour equivalent.
3. Presentation for the first time of an academic social work course, in-service training, workshop or seminar, or other professional seminar. A copy of the course syllabus and verification that the course, workshop

or seminar was presented may be used as documentation. The actual number of hours of presentation plus an equal number of hours for preparation will be allowed. The total number of clock hours for both preparation and presentation of all first time courses shall not exceed ten (10) hours per renewal period.

4. Preparation for the first publication of a professional social work paper that has been published in a recognized professional journal. A copy of the paper and verification of publication must be submitted to the Board for evaluation and certification of the number of hours of credit to be allowed. A maximum of ten (10) clock hours will be allowed during each two-year licensure period.
5. Independent home studies/online courses which provide credit directed at developing and enhancing the licensee's knowledge base and service delivery skills in the applicable areas of social planning, administration, education, research or direct service with individuals, couples, families and groups. A maximum of fifteen (15) clock hours will be allowed during each two-year licensure period.
6. To be considered as face-to-face hours for credit, webinars must be both live and interactive. If audited, the licensee must submit sufficient documentation to show that the webinar was live and interactive.

D. The Board does not pre-approve continuing education workshops. It is the licensee's responsibility, using his/her professional judgement, to determine the workshops that are applicable and appropriate to his/her professional development as a social worker and that they meet the definition of SWCE. If a licensee submits documentation for training that is not clearly identifiable as SWCE, the Board will request a written description of the training and how it applies to the individual's professional development as a social worker. If the Board determines that the training cannot be considered SWCE, the individual will be given three (3) months to replace the disallowed hours. Those hours will be considered replacement hours and cannot be counted during the next licensure period.

- E. If credit is not given for the SWCE submitted, the licensee may request a hearing before the Board.
- F. Extenuating circumstances that prevent licensees from completing the continuing education requirement will be reviewed on an individual basis. Extension requests must be made prior to expiration in accordance with Rule VIII (B) (6).

X. Code of Ethics/Standards of Practice: (Ark. Code Ann. §17-103-203)

The Arkansas Social Work Licensing Board sets forth this documentation as a Code of Ethics/Standards for Practice for all social workers within the State of Arkansas pursuant to Ark. Code Ann. §17-103-203. Social workers licensed by the Arkansas Social Work Licensing Board must observe and comply with the following standards. Violations shall be grounds for disciplinary action pursuant to Ark. Code Ann. §17-103-305.

Standard A: Confidentiality:

In providing services, a social worker must safeguard information given by clients. Except when required by law or judicial order or for the purpose of professional supervision and/or consultation, a social worker must obtain the client's informed written consent before releasing confidential information.

Standard B: Responsibility:

A social worker must provide a clear written description of what the client may expect in regards to services, reports, fees, billing and schedules, when applicable.

Standard C: Research:

A social worker must obtain the client's or legal guardian's informed written consent when a client is to be involved in any research project. A social worker must explain the research, including any risk or potential consequences, and the subject's right to withdraw from the study at any time.

Standard D: Misrepresentation:

A social worker must not misrepresent his/her qualifications, training, experience, or professional affiliations. If a social worker engages in advertising, his/her education, training and expertise must be presented factually.

Standard E: Competence:

1. A social worker may not practice beyond his/her competence. A social worker must make appropriate and timely referrals when the client's needs exceed the social worker's competency level.
2. A social worker must not provide social work services while under the influence of alcohol, other mind-altering or mood-altering drugs, or physical or psychological illness, which impairs delivery of such services.

Standard F: Fee Splitting:

A social worker must not divide a fee with a referral source. A social worker must not accept the division of a fee as compensation for a referral. This provision is intended to assure that referrals are always based solely on the best interest of the client.

Standard G: Client Relationships:

1. Relationships with clients, former clients, students and supervisees must not be exploited by the social worker for personal gain.
2. A social worker must not violate such positions of trust and dependency by committing any act detrimental to a client, former client, student or supervisee.
3. A social worker must not engage in an inappropriate relationship and/or sexual activity with a client or with a former client within two years after termination of the professional relationship.

4. Dual Relationships:

a. In many communities it may not be possible for social workers to avoid social or other nonprofessional contacts with clients, students or supervisees. A social worker must always be sensitive to the potential harmful effects of social or non-professional contacts on his/her work and on those persons with whom they interact. A social worker must refrain from either entering into or promising a relationship with such persons if it appears the relationship might impair the social worker's objectivity or his/her ability to effectively perform social work functions. A social worker must also refrain from either entering into or promising a relationship with such persons if it appears that the relationship might harm or exploit the other party.

b. Likewise, whenever possible, a social worker must refrain from taking on

professional obligations when preexisting relationships would create a risk of such harm.

c. If a social worker finds that, due to unforeseen factors, a potentially harmful dual relationship has arisen, the social worker must attempt to resolve it with due regard for the best interest of the affected person and maximum compliance with the Code of Ethics.

5. A social worker must not violate client-therapist boundaries.

Standard H: Records:

A social worker will create and maintain records of services provided to a client. At a minimum, the records will contain a consent form signed and dated by the client; documentation of the assessment or diagnosis; documentation of a plan; documentation of any revision of the assessment or diagnosis or of a plan; any fees charged and other billing information; copies of all client authorization for release of information and any legal forms pertaining to the client. The records will be maintained by the licensee or agency employing the licensee at least for a period of seven years after the last date of service, or for the time period required by federal or state law, if longer.

XI. Definition of Unprofessional Conduct: (Ark. Code Ann. §17-103-203)

Unprofessional conduct in the practice of social work shall include, but shall not be limited to the following:

- A. Violations of The Social Work Licensing Act or the Rules published by the Board.
- B. Negligence in the practice of social work or practicing fraudulently or incompetently.
- C. Refusing to provide professional services to a person on the basis of race, religion, creed, color, disability, age, or national origin.
- D. Permitting, aiding, or abetting an unlicensed person to perform activities requiring a license.

- E. Misrepresenting type or status of education, training, expertise, licensure, or professional affiliations.
- F. Impersonation of another by any licensee or applicant for a license, or, in the case of a license, allowing any other person to use his or her license.
- G. Intentionally or recklessly causing physical or emotional harm to any client or former client.
- H. Failing to maintain confidentiality, except as otherwise required or permitted by law, of all information that has been received from a client in confidence during the course of treatment and all information about the client which is obtained from tests or other means.
- I. Failing to keep proper records and documentation of services.
- J. Ordering or providing excessive or unnecessary tests or services.
- K. Neglecting or abandoning a client, including failure to provide sufficient termination of services.
- L. Violating the Code of Ethics adopted by the Board.
- M. Giving or receiving, directly or indirectly, any fee, commission, rebate or other compensation for professional services not actually and personally rendered.
- N. Being disciplined in another jurisdiction based on grounds that are the same or substantially the same as those which exist under the Arkansas Social Work Licensing Act.
- O. Failing to report to the Board any adverse action taken against the social worker by another licensing jurisdiction or failing to report to the Board the surrender of a license or authorization to practice social work in another jurisdiction.
- P. Failing to comply with any stipulation or agreement with the Board involving probation or a settlement of any disciplinary matters.
- Q. Failing to comply with mandatory reporting laws.
- R. Failing to terminate the professional relationship when it is apparent that the service no longer serves the needs of the client.

- S. Offering medication, prescription or otherwise, controlled substances or alcoholic beverages to a client, or accepting these substances from a client.
- T. Providing and/or recommending any form of treatment via telemedicine without first establishing a proper social worker/client relationship as defined in Rule XIV.

XII. Disciplinary Procedures: (Ark. Code Ann. §17-103-305)

A. Complaint:

1. The Board is authorized to receive complaints against licensees or applicants from any person. Signed complaints must be submitted in writing to the Board's office. A complaint form may be obtained from the Board's website or office.
2. The Board may on its own motion, in the absence of a written complaint, initiate its own complaint and conduct an investigation of a suspected violation if reasonable cause exists to believe a violation has occurred.

B. Investigation:
