

DECEMBER 12, 2011

PARK DIRECTIVE 2000

2013
CALENDAR YEAR 2012 FEES AND RATES

Fees and rates are reviewed each year and are approved for the next calendar year by the State Parks, Recreation, and Travel Commission, and the Legislative Subcommittee on Administrative Rules and Regulations, as required.

All Park Superintendents will provide Regional Supervisors with recommendations and requests. All recommendations and requests will include a comparative list of fees and/or rates from similar local facilities and must be fully substantiated. In addition, requests for concession operated facilities will be submitted, to include justification by each concessionaire.

Regional Supervisors should receive all information in sufficient time to prepare for the scheduled review of fees and rates each year.

I. TAXES

All taxable facilities and services will have applicable state and local taxes added to or included in the fee at the time of use/sale. The gross receipts or gross proceeds derived from sales of tangible personal property or services to churches or charitable organizations are not exempt from the tax unless the items are purchased for resale by the church or charitable organization.

A. EXEMPTIONS

The Revenue Division of the Department of Finance and Administration does not issue any exemption certificates except those expressly authorized by the Gross Receipts Tax Act (as amended). Consumers who represent to sellers that their purchases of property or services are exempt from tax by reason of an exemption for which no exemption certificate is issued must conclusively prove entitlement to the exemption to the seller. All permits with 9000 as the last four digits are withdrawn effective January 1, 1987, and holders of said permits should apply to the Sales and Use Tax Section for a new permit.

NOTE: Checking with the Department of Finance and Administration we were told that the department no longer issues exemption certificates. However exemption certificates that were issued in the past have not been revoked and are still valid. If a permit number has six or seven numbers, a dash and the number 84, another dash and additional numbers it is a valid tax exemption certificate.
