

SUMMARY FOR

DDS ACS Update 54

The Division of Developmental Disabilities Services Alternative Community Services (DDS ACS) waiver program is being revised in order to comply with requirements from the Centers for Medicare and Medicaid Services (CMS). Several services have been “unbundled” from the ACS Supportive Living service. The unbundled services include: ACS Respite Care, ACS Waiver Coordination, ACS Non-Medical Transportation, Community Experiences and Supplemental Support Service. New procedure codes have been added to be used in conjunction with unbundled services and new definitions for units of service used in billing have been established to correspond with the changes.
