Statement of Necessity and Rule Summary SNAP Resource Limits Changes

Statement of Necessity

The Director of the Division of County Operations (DCO) revises the Supplemental Nutrition Assistance Program (SNAP) Certification Manual to implement new federally established resource limits. Corresponding updates regarding assets related to resources and their verification need to be implemented as well.

The resource limits are moved to an appendix referenced in the manual to efficiently implement changes implemented by the USDA Food and Nutrition Service. The other updates include adding ABLE accounts as an excluded resource, clarifying which households are subject to resource limits, and specifying that “Cash on Hand” includes electronic accounts and applications. Case action or denial reasons are updated to state that applications that attest to resources exceeding the resources limit must be verified, but if verification of excess resources is not received, the application will be denied for failure to return requested information. Clarification is provided in differentiating between limited and occasional reporting households, including updates regarding reporting of licensed vehicles, liquid resources, lottery and gambling winnings, and time periods of reporting. Business processes have been removed from policy, and outdated policy verbiage and grammatical errors have been removed or corrected.

Summary

The Supplemental Nutrition Assistance Program (SNAP) Certification Manual updates are:

- Resource limits are being moved to an appendix that is referenced in the promulgated rule.
- ABLE accounts have been added as an excluded resource.
- Business processes have been removed.
- Grammatical errors have been corrected.
- “Eligibility worker” has replaced “County worker” in the entire section.
- SNAP 4300: Resource limit amounts deleted. Clarification of which households are subjected to resource limits. Appendix D reference added.
- SNAP 4450: ABLE accounts added to list of excluded resources.
- SNAP 4600: Cash on hand was updated to include electronic accounts, and case action or denial reason was updated to state that "applications that attest to resources exceeding the resources limit must be verified; if verification of excess resources is not received, the application will be denied for failure to return requested information.”
- SNAP 7430: Resource limit amounts removed from policy and will be added to business process. Significant changes to this section regarding classification of resource household members.
- SNAP 7431: References to semi-annual report removed.
- SNAP 7600: Chart removed from business process manual. Case action or denial reason corrected regarding the applications.
- SNAP 11200: Resource limits amounts removed. Clarification provided in differentiating between limited and occasional reporting households, including updates regarding reporting of licensed vehicles. Also, added requirement that households must report when liquid resources go beyond the resource limit for the household, with lottery and

gambling winnings, equal to the resource limit for aged or disabled households, reported within ten (10) days of receipt for both limited and occasional reporters. For occasional reporters, these changes must be reported within ten (10) calendar days of the date that the change becomes known to the household.

- SNAP 12232: Resource limits have been removed, and “See Appendix D” reference added.
- SNAP 12233: Resource limits have been removed.

9B4310 Uniform Resource Standards

4300 Resource Eligibility Standards

SNAP Manual ~~02/01/18~~04/01/2024

A household's eligibility will be denied or terminated when the value of the household's countable resources (both liquid and non-liquid assets) ~~exceed~~exceeds the following: the limit for all households regardless of household size, including households with an individual with disabilities (see glossary definition of sixty (60) years of age or older individuals with disabilities households).

- ~~• \$3,500 for all households with an age 60 or Older or a individual with disabilities (see Glossary definition of age 60 or Older/Individuals with Disabilities Households) member regardless of household size;~~

OR

- ~~• \$2,250 for all other households.~~

~~A household where at least one member receives a TEA benefit as specified in SNAP 1920 is categorically eligible and the Supplemental Nutrition Assistance Program's resource limits will not apply to that household.~~

~~The household is classified as categorically eligible if all household members receive SSI benefits or a combination of TANF and SSI.- A combined household of SSI recipients and non-SSI recipients cannot be classified as categorically eligible. If no household member receives TEA benefits, the household is classified as categorically eligible only if all household members receive SSI benefits. If not all household members receive SSI benefits, the entire household is not categorically eligible.~~ However, the individual household members who receive SSI benefits are categorically eligible. This means that any resources ~~solely owned~~ owned solely by an SSI recipient are not to be counted when the household's total resources are determined, but all resources owned by the other household members are to be counted. If the resources owned by household members, who do not receive SSI, exceed the resource limit, then the entire household (including the SSI recipient) is ineligible to participate in the Supplemental Nutrition Assistance Program. Co-owned resources will not automatically be excluded under this policy. Instead, the resource will be handled in the same manner as any other jointly owned resource. ~~See SNAP 4910 and SNAP 4601 for instructions.~~ Please see Appendix D for current resource limits for Regular and Age/Disabled households.

When the participant successfully completes the program and can verify that no household member is receiving welfare assistance, he or she receives the funds in the account. Funds may be withdrawn from the escrow account before completing the program with permission from the housing authority, but only for purposes related to goal of the FSS contract, e.g.-completion of higher education, job training, or ~~start-up~~ start-up costs of a small business. Since the funds in the escrow accounts, as well as any funds withdrawn from them prior to completion of the program are not available to buy food, the funds are inaccessible-thus excluded as resources.

19. Under Section 5(g)(8)(A) of the Tax increase Prevention Act of 2014 excludes from resources the value of educational accounts in section 529 of the Internal Revenue code of 1986. In section 5(g)(8)(B), the Act further provides for a discretionary exclusion for the value of other financial accounts, as determined by the Secretary. FNS has determined that due to the similarities between 529 educational accounts and 529A ABLE accounts, ABLE accounts should be excluded as resources under the discretionary exclusion in the Act.

2. Failure to comply with the SSN requirement;
3. Failure to comply with the SNAP E&T Program or Workfare.

The countable resources of ineligible aliens are also considered if the alien would otherwise be considered a household member.

9B4310 Uniform Resource Standards

4300 Resource Eligibility Standards

SNAP Manual 04/01/2024

A household's eligibility will be denied or terminated when the value of the household's countable resources (both liquid and non-liquid assets) exceeds the limit for all households regardless of household size, including households with an individual with disabilities (see glossary definition of sixty (60) years of age or older individuals with disabilities households).

The household is classified as categorically eligible if all household members receive SSI benefits or a combination of TANF and SSI. A combined household of SSI recipients and non-SSI recipients cannot be classified as categorically eligible. However, the individual household members who receive SSI benefits are categorically eligible. This means that any resources owned solely by an SSI recipient are not to be counted when the household's total resources are determined, but all resources owned by the other household members are to be counted. If the resources owned by household members, who do not receive SSI, exceed the resource limit, then the entire household (including the SSI recipient) is ineligible to participate in the Supplemental Nutrition Assistance Program. Co-owned resources will not automatically be excluded under this policy. Instead, the resource will be handled in the same manner as any other jointly owned resource. The exclusion applies to initial purchase only and not to subsequent purchases. Property remains excluded only if the person who originally received the exclusion holds the property. A Federal earned income tax credit received either as a lump sum or as payments under section 3507 of the Internal Revenue Code is excluded for the month of receipt and the following month for the individual and that individual's spouse. Any Federal, State, or local earned income tax credit received by any household member is excluded for twelve (12) months, if the household was participating in the Supplemental Nutrition Assistance Program at the time of receipt of the tax credit and if the household participates continuously during that twelve (12) month period. Breaks in participation of one (1) month or less due to administrative reasons, such as but not limited to, delayed recertification or missing or late reports is not considered as nonparticipation in determining the twelve (12) month exclusion.
 14. Under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010, Federal Income tax refund payments received as a lump sum by any household member are excluded as a resource for twelve (12) months. makes contributions into such an account (P.L. 104-193). See [SNAP 4460](#) for additional IDA exclusions.

18. Funds in Department of Housing Urban Development's (HUD) Family Self-Sufficiency Program escrow accounts are excluded as resources when determining eligibility for SNAP. When a Family Self-sufficiency program participant has an increase in earnings, the public housing authority increases his or her rent, but deposits the increase in an interest-bearing account. When the participant successfully completes the program and can verify that no household member is receiving welfare assistance, he or she receives the funds in the account. Funds may be withdrawn from the escrow account before completing the program with permission from the housing authority, but only for purposes related to goal of the FSS contract, e.g.-completion of higher education, job training, or start-up costs of a small business. Since the funds in the escrow accounts, as well as any funds withdrawn from them prior to completion of the program are not available to buy food, the funds are inaccessible-thus excluded as resources.

Under Section 5(g)(8)(A) of the Tax increase Prevention Act of 2014 excludes from resources the value of educational accounts in section 529 of the Internal Revenue code of 1986. In section 5(g)(8)(B), the Act further provides for a discretionary exclusion for the value of other financial accounts, as determined by the Secretary. FNS has determined that due to the similarities between 529 educational accounts and 529A ABLÉ accounts, ABLÉ accounts should be excluded as resources under the discretionary exclusion in the Act.

4600 Determining and Verifying Countable Resources

SNAP Manual 04/01/2024

To determine a household's total countable resources, the county office worker must consider the resources available to all eligible household members and the resources available to any household member disqualified for one of the following reasons:

1. Intentional Program Violation;
2. Failure to comply with the SSN requirement;
3. Failure to comply with the SNAP E&T Program or Workfare.

The countable resources of ineligible aliens are also considered if the alien would otherwise be considered a household member.

Listed below are examples of liquid resources.

1. Bonds.
2. Cash on hand includes electronic accounts such as Cash App, Venmo, PayPal, Zelle, or other similar applications or electronic accounts that may exist in the future.
3. Funds held in individual retirement accounts (IRA's).
4. Funds held in Keogh Plans (when held solely by the household members).
5. Money in checking or savings accounts including Christmas clubs and children's

accounts. (See [SNAP 4601](#) for information about ownership of bank accounts.)

6. Mutual Funds.
7. Savings certificates. (See [SNAP 4601](#) for information about ownership.)
8. Stocks.
9. Funds that may be withdrawn (less a one thousand five hundred dollars (\$1,500) per-person disregard) from prepaid burial plans without a contractual obligation to repay. (See [SNAP 4602](#).

Liquid resources must be verified at initial application and thereafter when a new liquid resource is reported or when information about previously reported resources is incomplete, inaccurate, inconsistent, or outdated. Applications that attest to resources exceeding the resources limit must be verified; if verification of excess resources is not received, the application will be denied for failure to return requested information. A full description of each type of resource, acceptable verification, and documentation is contained in [SNAP 4601](#) - [4670](#).

7431 Denying Applications When Resources Exceed Limits

7430 Limits for Total Allowable Resources

SNAP Manual ~~02/01/18~~04/01/2024

No Limit

~~Categorically eligible households have no resource limit in the Supplemental Nutrition Assistance Program. See SNAP 1920.~~

Resource Limit - \$3,500

~~This limit applies to households not classified as categorically eligible when there is a member aged 60 or older or a disabled member as defined in the Glossary definition of Aged/Disabled. (This includes one person households.) The SNAP program has a resource limit. The amount of resource limit varies based on the type of SNAP household. Please see Appendix D for resource limits for Regular and Aged/Disabled households.~~

-

~~Categorically eligible households have no resource limit in the Supplemental Nutrition Assistance Program (see SNAP 1920). The resources of individuals who receive SSI or Temporary Assistance for Needy Families (TANF) are not counted when determining eligibility for SNAP because these are considered categorically eligible households. For example, -~~

Resource Limit - \$2,250

~~This limit applies to households not classified as categorically eligible when all household members are age 59 or younger.~~

~~Unless a household is categorically eligible, the household's total resources must be equal to or below the applicable limit. If not, the household's application will be denied.~~

EXAMPLE ~~Mr. and Mrs. Monroe, ages 59 and 65, apply for SNAP benefits. On their application they declare the following resources:~~

- ~~1. A certificate of deposit valued at \$1,000;~~
- ~~2. Two acres of land (other than their home) currently valued at \$5,000 with \$4,000 remaining to be paid on the Monroe's loan to purchase the land;~~
- ~~3. One vehicle~~
- ~~4. A checking account with a balance of \$900 including the Monroe's Social Security checks for this month. (They receive \$600 per month Social Security.)~~

~~The Monroe's total resources are:~~

\$1,000	Certificate of deposit
+ 1,000	Equity value of land (\$5,000 less \$4,000)
+ 0	Vehicle
+ 300	Resource in checking (\$900 less \$600)

Applications that attest to resources exceeding the resources limit must be verified; if the verification of excess resources is not received, the application will be denied for failure to return requested information.

See SNAP 12230 when resources exceed the limit at reported change or submission of semi-annual report.

~~EXAMPLE: Mr. and Mrs. Polk apply for SNAP benefits. They are age 61 and 62. At the interview they declare that they have \$3,200 in a certificate of deposit, \$1,000 in their checking account (including their monthly income of \$600), and a 1999 Lincoln Town Car.~~

~~\$3,200.00 Value of CD~~

~~\$400.00 Checking (\$1,000 total less \$600 monthly income)~~

~~\$3,600.00 Total~~

~~Since \$3,500 is the resource limit, the household is ineligible based upon declared resources. Therefore, the application may be denied at the time of the interview.~~
