Statement of Necessity and Rule Summary

Emergency Medical Technicians (EMT) as Other Licensed Practitioners

Statement of Necessity

The Division of Medical Services (DMS) amends the Medicaid state plan to allow licensed emergency medical technicians (EMT) to be reimbursed as a provider in the transportation program when they render services as defined within the scope of their license. These services include the treatment of Medicaid beneficiaries at the scene when it is medically necessary to do so without transport to a medical facility.

The Centers for Medicare and Medicaid Services (CMS) requested this update following the promulgation of rules implementing Act 480 of 2023. Those rules created the Emergency Triage, Treatment, and Transport program. The amendment enables the state to draw the federal match for claims made for EMTs providing the described services.

Summary of Changes

To implement the above, DMS amends coverage pages within the Arkansas Medicaid State Plan. EMTs shall be added to the list of other licensed practitioners when practicing within the scope of their licensure.

Upon request from the Centers of Medicare & Medicaid following creation of the Emergency Triage, Treatment, and Transport program pursuant to Act 480 of 2023, the Division of Medical Services (DMS) amends the Medicaid state plan to allow licensed emergency medical technicians to be reimbursed as a provider in the transportation program when they render services as defined within the scope of their license. These services include the treatment of Medicaid beneficiaries at the scene when it is medically necessary to do so without transport to a medical facility. DMS seeks a retroactive implementation date of April 1, 2024. There is no fiscal impact.
