14 (1) Under Arkansas law, you may purchase a dental point-of-service option as an  
15 additional benefit. A dental point-of-service option allows you to obtain dental care services  
16 from dentists and other providers outside the dental provider network or panel of your Health

22 may exceed 25% of the co-payment required to be paid to in network dentists. The out-of-

24 reimbursed by the health carrier.  
25

26 (2) Every explanation of benefits, following a Covered person's use of out-of-  
27 network dental benefits under this option, shall contain an explanation of coverage for out-of-  
28 network dental benefits that allows each enrollee or Covered person to determine his or her  
29 obligations with respect to such services.  
30

31 (3) The Health plan must provide an explanation of this point-of-service product  
32 in marketing materials, evidences of coverage, enrollee handbooks, and other materials, which  
33 may be provided to either the Covered person, or employer, or purchaser of the Health plan.

36

37 Any section or provision of this rule held by a court to be invalid or unconstitutional will
