

ADMINISTRATIVE PROCEDURES ACT
ARKANSAS DEVELOPMENT FINANCE AUTHORITY
MULTI-FAMILY HOUSING MINIMUM DESIGN STANDARDS
SUMMARY OF NEW POLICY

ADFA will be implementing minimum design and construction standards for those multi-family housing developments receiving assistance from either the low-income housing tax credit program or the private activity volume cap program. This will ensure all developments will meet, at a minimum, certain construction standards required by ADFA. This will also ensure a minimum energy efficiency level for all developments constructed utilizing ADFA program assistance.
