II. REFERRAL, APPLICATION AND ASSESSMENT

REFERRAL (STATUS 00)

Arkansas Rehabilitation Services (ARS) will receive referrals from any source.

Eligibility requirements will be applied without regard to the person's sex, race, age, creed, color, or national origin. No group of individuals will be excluded or found ineligible solely on the basis of type of disability.

ARS will provide outreach to underrepresented and under-served individuals in seeking referrals from non-profit and for profit agencies serving minorities, owned or controlled by minorities, and medical professionals who serve the minority community. ARS does not impose a residence duration requirement. 29 U.S.C § 19 (b.) ~~§361.42(C)~~

LEGAL AND ILLEGAL IMMIGRANTS

Illegal immigrants (individuals in the U.S. without legal status) are not eligible for VR Services.

Legal immigrants are individuals admitted to this country for the purpose of permanent residence. Immigrant aliens must possess a valid Registration Card issued by the ~~United States Immigration and Naturalization Service (USINS)~~ **United States Citizenship Immigration Service (USCIS)** before they can be determined eligible for VR services.

Non-immigrant aliens are individuals admitted to this country for a particular purpose and time period, and is expected to return to their home country upon completion of the specified purpose or time period. This group includes:

- Visitors for business or pleasure;
- Crew of vessels or aircraft;
- Representatives of international organizations;
- Ambassadors, public ministers, and career diplomatic or consular officers; and
- Students pursuing a course of study (most common visas: "F1" and "J1"; no work authorized except work related to the applicants academic program).

The immigrant applicant must be available to complete the IPE, which includes suitable employment in the United States. When completion cannot be expected, the applicant is not eligible for services.

To determine whether services can be provided, request alien status evidence (usually a temporary Residence Card I-94). Note whether work is permitted under the visa.

Immigrants who are part of the Amnesty Program receive a letter stating that they not eligible for Federal Financial Assistance. ARS programs are not considered Federal Financial Assistance, so services may be provided if the individual is otherwise eligible.

Status 00 is used when an individual has been referred to VR and the minimum information has been obtained. The individual has not actually requested services in this status. No money may be spent in this status.

PROCEDURES-REFERRAL (STATUS 00)

- Referral sources will be cultivated and considered partners in our communities.
- A referral will be keyed into the case management system using the demographics and referral specifics forms, which moves a client into a program of Status 00.
- The counselor will create a Status 00 ECF that includes all information received, the case management system printout, and case note of action taken.
- The counselor will attach into the system all information received at ~~referral~~ **the time of receipt** which is deemed pertinent to initiating the case. The counselor will create a case note of actions taken within the case management system.
- Within five (5) **30 (from VR Management Review Form)** days, the individual will be contacted and provided directions and information to prepare the individual to consider making an application.
- To expedite the application process, the individual will be provided a client handbook, and will be instructed to gather current information (medical, psychological, educational, vocational, and SSI & SSDI **and insurance** verification).
- Verification of alien status. (See legal and Illegal Alien above.)
- The individual will be given an appointment and a contact person, or information to contact the Agency for an appointment.
- If the individual does not wish to receive VR services but needs work related services, the counselor will provide information and referral sources using an appropriate means of communication.
- Document in the case note the specific action taken.

Note: If an individual with a primary disability of blindness or visual impairment is referred for services, the individual will be referred to Services for the Blind. ARS may serve individuals with blindness or visual impairment as a secondary disability.

Note: Cases reported/referred by the State Office/Governor's Office/Legislators. The counselor will immediately (or no more than 3 working days) report findings and opinions to **the Manager who will report to** the Chief of Field Services. This response will be in writing.

APPLICATION (STATUS 02)

An individual is considered an applicant and placed in Status 02 when sufficient information to initiate an assessment is received, through written application or other method, and the individual is available to complete the assessment process. If the individual definitely requests to make application or requests services, the individual is placed in Status 02 regardless of method of request, (including in-person, written, telephone, e-mail or internet)

Note: Referrals on Application forms from One-Stop Workforce Centers will be accepted as an application for Rehabilitation Services and placed in Status 02.

~~ARS will make applications forms widely available throughout the state including the One-Stop Arkansas Workforce Centers.~~

~~An application will be accepted on any individual who claims to have a disability and requests to apply for services. If the individual is under 18, parent/guardian consent is required.~~

~~Status 02 is used for the purpose of preliminary assessment services, that is, determination of the individual's eligibility for VR services. Only assessment services can be provided in this status.~~

~~The 60-day time period for determining eligibility begins once the individual:~~

- ~~1. Has either completed and signed an Agency application form or has otherwise requested services.~~
- ~~2. Has provided information necessary for the Agency to initiate the assessment.~~
- ~~3. Is available to complete the assessment process.~~

~~Note: If unforeseen circumstances beyond the control of the counselor and individual preclude making an eligibility determination within 60 days, the counselor and individual must agree to a specific extension of time. 34 C.F.R. § 361.41. If needed, under the Heading of 60-Day Extension in the case note record the dates of the Extension and the specific reasons for the need for an extension of time to determine eligibility.~~

The applicant's completion of the application process for vocational rehabilitation services is sufficient evidence of the individual's intent to achieve an employment outcome, and no additional demonstration on the part of the applicant is required. 34 C.F.R. § 361.42 (i)(ii)

PROCEDURES – APPLICATION

- Referrals on one-stop applications will be placed in Status 02.
- The counselor or rehabilitation assistant will complete the ARS application. (See Appendix E)

- The counselor or rehabilitation assistant will secure a copy of the Social Security Card and driver's license or picture identification. If applicable, a copy of the alien registration.
- **Secure a copy of proof of insurance, if applicable.**
- Informed Consent if under age 18.
- Complete voter registration form or decline form, if applicable.
- The individual will be provided the ARS Client Handbook.
- The counselor will discuss the agency's Substance Abuse Free Policy with the applicant and give the applicant a copy of the Policy. (See Appendix F.)
- The applicant will acknowledge receipt of the Policy by signing the ARS Substance Free Policy Form. The form will be placed in the individual's file. (See Appendix F.)
- (See Section X)
- **Explanation of CAP/DUE PROCESS**
- For each source where information is needed, the counselor will complete the Authorization for Release of Information Form and secure client's signature. (See Appendix E-24)
- Begin collecting existing data (medical, psychological, psychiatric, educational, or vocational reports and, if appropriate, SSI/SSDI verification.) Appropriate information will be attached into the case management system as it is received.

INFORMED CHOICE – APPLICATION

ARS will assure that applicants and eligible individuals or, if appropriate, their representatives are provided information and support services to assist them in exercising informed choice throughout the rehabilitation process. The counselor will inform each applicant and eligible individual through appropriate modes of communication about the availability of support services for individuals with cognitive or other disabilities who require assistance in exercising informed choice in decisions related to the application process. Applicants will be given information, or assistance in acquiring the information, to assist in making an informed choice concerning vendors who provide services needed to establish eligibility for VR services. Counselor judgement and experience must be used to provide the appropriate information or, assistance in acquiring the information, to enable the applicant to make a responsible decision regarding the application process and program of services. A responsible decision is one that is realistic considering the unique strengths, resources, priorities, concerns, abilities, capabilities, and interests of the applicant that must lead to an employment outcome. 34 C.F.R. § 361.42

PROCEDURES – INFORMED CHOICE – APPLICATION

- The counselor will maintain a local, regional and statewide list of vendors who provide services needed to establish eligibility of VR services.
- To the extent available, the counselor will provide, or assist the applicant in acquiring consumer satisfaction surveys and reports regarding the service providers.

- ~~The counselor will provide, or assist the applicant in acquiring consumer satisfaction surveys and reports regarding the service providers.~~
- The counselor will provide, or assist the applicant in acquiring accreditation, certification, or other information relating to the qualifications of the providers.
- The counselor will describe the consequences of assessment outcomes and the effect on the potential eligibility for services for the applicant.
- The counselor will document in the case note the specific action taken in the above procedures to assure that informed choice was provided.
- The counselor must be aware of the Ticket to Work Program. If the individual is an SSI/SSDI recipient, the counselor must follow guidelines outlined in Ticket to Work in Appendix B.
- Complete initial case note.
- Document the need for an extension of time to determine eligibility must be made in the case notes. The counselor must document the specific period of time for the extension. If needed, under the Heading of 60-Day Extension in the case note record the dates of the Extension and specific reasons for the need for an extension of time to determine eligibility.

CONFLICT OF INTEREST

Counselors should make every effort to avoid dual relationships that could impair their professional judgement or appear as a conflict of interest. Examples of dual relationships include close friends and relatives as consumers or prospective vendors in the community. If an applicant by virtue of address or day of application or by alphabet, etc., is routinely assigned to a counselor with whom the individual already has a close relationship, the counselor should advise the Manager of the relationship. The Manager will review the circumstances and determine if another counselor within the office should serve the case or if referral to another office should be made. ARS policy requires disclosure of any possible conflict of interest or the appearance of a conflict of interest and documentation of the action taken by the Manager should be placed in the ECF.

PROCEDURES – CONFLICT OF INTEREST

- Document any potential of interest.
- Complete the form “Disclosure of Possible Conflict of Interest.” (Refer to Appendix E).
- Document action taken in the case note.

ASSESSMENT

Preliminary Diagnostic Study

ARS will conduct an assessment to determine eligibility and, if an Order of Selection is in effect the individual’s priority for services. Assistive technology services will be provided if required to complete the assessment. This assessment will be conducted in

the most integrated setting possible, consistent with the individual's needs and based on the individual's informed choice. 34. C.F.R. § 361.42

In order to determine whether an individual is eligible for vocational rehabilitation services and the individual's priority under an order of selection for services (if ARS is operating under an order of selection), ARS must conduct an assessment for determining eligibility and priority for services. The assessment must be conducted in the most integrated setting possible, consistent with the individual's needs and informed choice.

The counselor will review **existing data**, before determining if an assessment is needed to determine eligibility and, if so, what type. Based upon counselor judgement, additional assessment may be necessary if the existing data is unavailable, insufficient or inappropriate in describing the current functioning of the individual. Trial work experiences, assistive technology devices and services, personal assistance services and other appropriate support services necessary to determine whether and individual is eligible for services will be provided.

PRESUMPTIVE ELIGIBILITY FOR SSDI/SSI RECIPIENTS

Any applicant who has been determined eligible for Social Security benefits under Title II or Title XVI of the Social Security Act is presumed eligible in accordance with the provisions under ARS Policy and Procedure Manual, Section III, SSDI/SSI Eligibility. No further assessment is necessary for eligibility. 34. C.F.R. § 361.42. **If an applicant for vocational rehabilitation services asserts that he or she is eligible for Social Security benefits under title II or title XVI of the Social Security Act (and, therefore, is presumed eligible for vocational rehabilitation services under paragraph (a)(3)(i)(A) of this section), but is unable to provide appropriate evidence, such as an award letter, to support that assertion, ARS must verify the applicant's eligibility under title II or title XVI of the Social Security Act by contacting the Social Security Administration. This verification must be made within a reasonable period of time that enables the State unit to determine the applicant's eligibility for vocational rehabilitation services within 60 days of the individual submitting an application for services in accordance with §361.41(b)(2).**

Assessments for Eligibility are completed to determine the following:

1. The applicant has a physical or mental impairment.
2. The impairment results in a substantial impediment to employment.
3. A presumption that the applicant can benefit from receiving VR services in terms of an employment outcome.
4. The applicant requires VR services to prepare for, enter into, engage in, or retain gainful employment consistent with the applicant's strengths, resources, priorities, concerns, abilities, capabilities, and informed choice. 34. C.F.R. § 361.42 (a.)

Prior to the determination that an individual with a significant disability is incapable of benefiting from VR services in terms of an employment outcome due to the severity of the disability, the Agency will provide the opportunity for Trial Work Experience/Extended Evaluation to demonstrate whether or not there is clear and convincing evidence to support the determination.

Assessments for determining eligibility and priority for Order of Selection are exempt from economic needs assessment.

PROCEDURES – ASSESSMENT

- The counselor will gather information (i.e. medical, psychological, psychiatric, educational or vocational reports) documenting diagnosis (i.e.) with limitations of functional capacities. Priority must be given to existing information.
- The counselor should secure a signature from the applicant or their representative on the agency Request for Release of Information form in order for reports to be obtained from specific sources. Examples of medical information that should be requested include specialist reports, medical and psychological reports, high school transcripts, and ACT scores.
- If existing reports do not describe the current functioning of the individual, the counselor may purchase copies of additional medical records, request consultation with the RIDAC consultant, authorize diagnostic services, or refer and applicant for diagnostic services through the Agency support until (RIDAC) exercising informed choice. (See Appendix B [Access and Accommodations](#))
- If the case is to be closed at any time during the assessment process, refer to Closed Not Rehabilitated Before/During Evaluation. (Section VIII)

INFORMED CHOICE – ASSESSMENT

ARS will assure that applicants and eligible individuals or, if appropriate, their representatives are provided information and support services to assist them in exercising informed choice throughout the rehabilitation process. The counselor will inform each applicant and eligible individual through appropriate modes of communication about the availability of and opportunities to exercise informed choice, including the availability of support services for individuals with cognitive or other disabilities who require assistance in exercising informed choice in decisions related to the assessment process. Applicants will be given information, or assistance in acquiring the information, to make an informed choice of vendors who provide assessment services needed to establish eligibility for VR services.

Counselor judgement and experience must be used to provide the appropriate information, or assistance in acquiring the information, to enable the individual to make a responsible decision regarding the assessment process and the program of services. A responsible decision is one that is realistic, considering the unique strengths, resources, priorities, concerns, abilities, capabilities, and interest of the individual and that must lead to an employment outcome. 34 C.F.R. § 361.52

PROCEDURES – INFORMED CHOICE – ASSESSMENT

- The counselor will maintain a local, regional and statewide list of vendors who provide assessment services needed to establish eligibility for VR services.
- To the extent available, the counselor will provide, or assist the applicant in acquiring consumer satisfaction surveys and reports regarding the service providers.
- The counselor will provide, or assist the applicant in acquiring accreditation, certification, or other information relating to the qualification of the providers.
- The counselor will describe the consequences of assessment outcomes and the effect on the potential eligibility for services for the individual.
- The counselor will make referrals to other consumer, local consumer groups, or disability advisory councils who have relevant information regarding the appropriate assessment.
- The counselor will document in the case note the specific action taken in the above procedures to assure that informed choice was provided.

TRIAL WORK EXPERIENCE (STATUS 06)

The purpose of the trial work experience is to enable the counselor to make a decision when the counselor questions whether the applicant can or cannot work due to the severity of disability. The trial work experience is only used in this instance. The decision is based on a determination of the work potential of the individual through realistic work settings. The counselor must conduct an exploration of the individual's abilities, capabilities, and capacity to perform in realistic work situations.

The exploration during the trial work experience makes the determination that either:

- (1) There is sufficient evidence to conclude that the individual can benefit from the provision of vocational rehabilitation services in terms of an employment outcome;
- or
- (2) There is clear and convincing evidence* that the individual is incapable of benefiting from vocational rehabilitation services in terms of an employment outcome due to the severity of the individual's disability.

Trial work experiences include supported employment, on-the-job training, and other experiences using realistic work settings. The counselor must develop a written plan to assess periodically the individual's capacity to perform in work situations, which must be provided in the most integrated setting possible, consistent with the informed choice and rehabilitation needs of the individual.

***Note: Clear and convincing evidence** means a high degree of certainty before concluding that an individual is incapable of benefiting from services in terms of an employment outcome. The "clear and convincing" standard constitutes the highest standard used in our civil system of law and is to be individually applied on a case-by-

case basis. The term clear means unequivocal. For example, the use of an intelligence test result alone would not constitute clear and convincing evidence. Clear and convincing evidence might include a description of assessments, including situational assessments and supported employment assessments, from service providers who have concluded that they would be unable to meet the individual's needs due to the severity of the individual's disability. The demonstration of "clear and convincing evidence" must include, if appropriate, a functional assessment of skill development activities, with any necessary supports, including assistive technology, in real life settings. 34 C.F.R. § 361.42.

~~If Trial Work Experience is not available or if a determination cannot be made in Trial Work Experience that an individual can benefit from VR services in terms of an employment outcome, the individual will have the opportunity to be placed in Extended Evaluation. An Applicant may choose closure rather than enter or continue in either Trial Work Experience or Extended Evaluation. ARS must provide assistive technology devices and services, personal assistance services, and other appropriate support services that are necessary to determine whether an individual is eligible.~~

Termination of Trial Work Experience services must occur at any point if a determination is made that:

- 1) Sufficient evidence concludes the individual can benefit from VR services in terms of an employment outcome.
- 2) Clear and convincing evidence concludes the individual is incapable of benefiting from VR services in terms of an employment outcome due to the severity of the disability. 34 C.F.R. § 361.42 (d.)

Clear and convincing evidence is also in Appendix D, Definitions.

The Trial Work Experience **Individualized Plan for Employment** will include only those services necessary to determine an employment outcome. Services must be provided in the most integrated setting possible and be consistent with informed choice.

The individual's progress will be assessed at least once every **90 days**.

PROCEDURES – TRIAL WORK EXPERIENCE

- Complete a Certificate of Eligibility/Ineligibility for Trial Work Experience.
- The counselor must be aware of the Ticket to Work Program. If the applicant is eligible under "presumptive eligibility", the counselor must follow guidelines outlined in Ticket to Work in Appendix B.
- Write and ~~IPE~~ **TWP** consistent with Informed Choice.
- The case management system will generate the case note and status move after required data is keyed for Status 06.
- The ~~IPE~~ **TWP** for trial work/extended evaluation (status 06) is to be reviewed every 90 days. The counselor and the individual must complete a periodic review of the rehabilitation plan every 90 days to assess the individual's progress. The Amendment to the ~~IPE~~ **TWP** will be completed to document the periodic review.

- When a decision of work feasibility or non-feasibility is made, the appropriate action of case closure or case acceptance is taken in accordance with informed choice. (Refer to Closure Section VII or Eligibility Section III)
- The case management system will only allow 18 months for the case to remain in the Trial Work Experience. The Federal Regulations allow for an adequate period of time to make an eligibility determination in Status 06.

EXTENDED EVALUATION (STATUS 06)

The extended evaluation is used to make the above determination, under limited circumstances, **only** in two instances:

- (1) If an individual cannot take advantage of trial work experience
- (2) If options for trial work experiences have been exhausted before the counselor is able to make the determination.

The counselor must develop a written plan for providing the vocational rehabilitation services that are necessary to make the determination. The vocational rehabilitation services must be provided in the integrated setting possible, consistent with the informed choice and the rehabilitation needs of the individual. Only those services are provided that are necessary to make the determination described above and are terminated when the counselor is able to make the determination. When the determination indicates that an employment outcome is feasible, an IPE must be written to the appropriate outcome.

If a determination cannot be made that an individual can benefit from VR services in terms of an employment outcome due to the severity of the disability, the individual will have an opportunity to be placed in Extended Evaluation. The Extended Evaluation must explore the individual's abilities, capabilities, and capacity to perform in **real work situations with appropriate supports and training provided by the Agency**, except in limited circumstances when the individual cannot take advantage of such experiences. Extended Evaluation must be sufficient variety and over a sufficient period of time to make a determination that:

- 1) Sufficient evidence concluded that the individual can benefit from VR services in terms of an employment outcome, or
- 2) Clear and convincing evidence concludes the individual is incapable of benefiting from VR services in terms of an employment outcome

If Trial Work Experience is not available or if a determination cannot be made in Trial Work Experience that an individual can benefit from VR services in terms of an employment outcome, the individual will have the opportunity to be placed in Extended Evaluation. An applicant may choose closure rather than enter or continue in Extended Evaluation. ARS must provide assistive technology devices and services, personal assistance services, and other appropriate support services that are necessary to determine whether an individual is eligible.

~~Termination of Extended Evaluation services must occur at any point if a determination is made that:~~

- ~~1) Sufficient evidence concludes the individual can benefit from VR services in terms of an employment outcome.~~
- ~~2) Clear and convincing evidence concludes the individual is incapable of benefiting from VR services in terms of an employment outcome due to the severity of the disability. 34 C.F.R. § 361.42 (d.)~~

~~Clear and convincing evidence is defined in Appendix D. Definitions~~

~~Extended Evaluation Plan will include only those services necessary to determine and employment outcome. Services must be provided in the most integrated setting possible and be consistent with informed choice.~~

~~The individual's progress will be assessed at least once every 90 days.~~

~~PROCEDURE – EXTENDED EVALUATION~~

- ~~• Complete a Certificate of Eligibility/Ineligibility for Extended Evaluation.~~
- ~~• The counselor must be aware of the Ticket to Work Programs. If the applicant is eligible under “presumptive eligibility”, the counselor must follow guidelines outlined in Ticket to Work in Appendix B.~~
- ~~• Write an IPE consistent with Informed Choice.~~
- ~~• The case management system will generate the case note and status move after required date is keyed for Status 06.~~
- ~~• The IPE for trial work/extended evaluation (status 06) is to be reviewed every 90 days. The counselor and the individual must complete a periodic review of the rehabilitation plan every 90 days to assess the individual's progress. The Amendment to the IPE will be completed to document the periodic review.~~
- ~~• When a decision of work feasibility or non-feasibility is made, the appropriate action of case closure or case acceptance is taken in accordance with informed choice. (Refer to Closure Section VII or Eligibility Section III)~~
- ~~• The case management system will only allow 18 months for the case to remain in Extended Evaluation. The Federal Regulations allow for an adequate period of time to make an eligibility determination in Status 06.~~

~~INFORMED CHOICE – EXTENDED EVALUATION~~

~~ARS will assure that applicants and eligible individuals or their representatives are provided information and support services to assist them in exercising informed choice throughout the rehabilitation process. The counselor will inform each applicant and eligible individual through appropriate modes of communication about the availability of support services for individuals with cognitive or other disabilities who require~~

~~assistance in exercising informed choice in decisions related to Extended Evaluation. Applicants will be given information, or assistance in acquiring the information, to make informed choice of vendors who provide assessment services by means of an Extended Evaluation. Counselor judgement and experience must be used to provide the appropriate information or assistance in acquiring the information to enable the individual to make a responsible decision regarding the assessment process and program of services through an Extended Evaluation. A responsible decision is one that is realistic considering the unique strengths, resources, priorities, concerns, abilities, capabilities, and interests of the individual and that must lead to an employment outcome. 34 C.F.R. § 361.52~~

~~PROCEDURES – INFORMED CHOICE – EXTENDED EVALUATION~~

- ~~• The counselor will maintain a local, regional and statewide list of vendors/employers who may provide Extended Evaluation services needed to establish feasibility for employment.~~
- ~~• To the extent available, the counselor will provide, or assist the applicant in acquiring consumer satisfaction surveys and reports regarding the service providers.~~
- ~~• The counselor will provide, or assist the applicant in acquiring accreditation, certification, or other information relating to the qualification of the providers.~~
- ~~• The counselor will describe the consequences of the outcomes and the effect on the potential eligibility for services for the individual.~~

~~The counselor will document in the case notes the specific action taken in the above procedures to assure that informed choice was provided~~

III. ELIGIBILITY OR INELIGIBILITY DETERMINATION

ARS has the sole responsibility for determining eligibility for VR Services. The ARS Commissioner has delegated the responsibility of determination of eligibility to the counselor.

For all individuals applying for services, ARS will conduct an assessment to determine eligibility and priority for services if the state is operating under an Order of Selection. 34 C.F.R. §361.42(a).(2.)

Eligibility requirements will be applied in compliance with Titles VI and VII of the Civil Rights Act, The Americans with Disabilities Act and without regard to age, religion, disability, sex, race, color or national origin. The eligibility requirements are applicable without regard to the particular service need or anticipated cost of services required by an applicant or the income level of an applicant or applicant's family. Eligibility determination will be made within 60 days of the application date. Exceptional and unforeseen circumstances beyond the control of ARS that prevent the Agency from making an eligibility determination within 60 days will require ARS and the individual to agree on a specific extension of time. 34 C.F.R. §361.41 (b-1) (i)

Basic eligibility requirements are:

1. A determination that the individual has a physical or mental impairment defined as an injury, disease or other condition that results in persistent functional limitations: resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), spinal cord conditions (including paraplegia and quadriplegia), sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.
2. A determination that the individual's physical or mental impairment constitutes or results in a substantial impediment to employment for the individual. A substantial impediment to employment exists when the impairment and the resultant limitation: Prevent the individual from obtaining a job consistent with their abilities; significantly interfere with preparing for employment consistent with their abilities, need for special accommodations or technology to perform essential job duties or barriers to job retention; for example, loss of job due to impairment or unable to perform essential job duties.
3. A presumption that the individual can benefit in terms of an employment outcome from the provision of VR services. An individual is presumed capable of achieving an employment outcome, unless documented with clear and convincing evidence is obtained documenting for example: the severity of the diagnosis would preclude not obtainable that employment cannot be obtained due to the severity of the individual's disability.
4. A determination that the individual requires VR services to prepare for entrance into, engage in, or retain gainful employment consistent with the individual's strengths, resources, priorities, concerns, abilities, capabilities and informed choice. 34 C.F.R. § 361.42 (i.-iv.) An individual is expected to require multiple VR services that will have a substantial impact on the individual's disability and resultant functional limitations or reduce the impediment to employment to allow the applicant to prepare for, obtain, retain or regain employment consistent with the individual's capabilities and abilities and the individual services cannot access these services without VR intervention.

Each individual who meets the eligibility requirements is presumed to be able to benefit from VR services in terms of an employment outcome, unless determined, based on clear and convincing evidence, that the applicant is incapable of benefiting in terms of an employment outcome due to

the severity of the disability. Clear and convincing evidence requires a high degree of certainty in order to conclude the individual is incapable of benefiting from services in terms of an employment outcome. The term clear means unequivocal. Given this standard, the use of a standard intelligence test only, would not constitute clear and convincing evidence. A functional assessment of the individual's abilities, capabilities and capacity to perform work situations through the use of trial work experience with appropriate supports and training would assist in defining clear and convincing evidence.

Correct medical documentation to support eligibility determination MUST BE IN THE FILE before COE

PRESUMPTIVE ELIGIBILITY SSDI/SSI RECIPIENTS

Social Security Disability Income (SSDI) beneficiaries and Supplemental Security Income (SSI) recipients are considered to be individuals with a significant disability (Category II) and presumed eligible for VR services, if the intent of the individual is to achieve an employment outcome. The employment outcome must be consistent with the unique strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice of the individual. The Agency is responsible for informing individuals through the application process that the individual must intend to achieve an employment outcome in order to receive VR services. No additional tests or procedures may be used to assess disability in order to determine eligibility.

Note: The individual who is presumed eligible as a recipient of SSI/SSDI and who intends to achieve an employment outcome is eligible unless clear and convincing evidence demonstrate that the individual is incapable of benefiting from vocational services in terms of achieving an employment outcome due to the severity of the disability.

Although an SSDI/SSI recipient is considered an individual with a significant disability, presumptive eligibility for VR services does not entitle the individual to priority for services over other individuals with significant disabilities or most significant disabilities if the state is operating under an Order of Selection.

If an applicant for VR services asserts that he or she is eligible for Social Security benefits, ~~but is unable to provide appropriate evidence, such as an award letter, to support that assertion, ARS must verify the applicant's eligibility by contacting the Social Security Administration~~ **The client must provide appropriate evidence i.e. award letter, benefit's check, verification from Social Security Administration.** This verification must be made within a reasonable period of time that enables ARS to determine the applicant's eligibility for VR services within 60 days of the individual submitting an application for services. 34 C.F.R. §361.42 (a.)(3.)

Note: Information in this section should not be construed to create entitlement to any vocational rehabilitation service.

PROCEDURES - SSDI/SSI ELIGIBILITY

- The counselor will obtain verification of SSI/SSDI benefits and will be attached to ECF, i.e. award letter, benefit's check, verification from Social Security Administration.
- **Exception:** The counselor must document in the case record the justification for completing a Certificate of Eligibility/Ineligibility before verification is obtained. (See procedures on page III-3.)
- Complete the Certificate of Eligibility/Ineligibility for VR, Trial Work Experience, ~~or Extended Evaluation (EE) services~~ (See Appendix E) The certification statement for the Certificate of Eligibility/Ineligibility is **"This individual meets the presumptive eligibility requirement."** ~~The area for limitations does not need to be completed.~~ **Three areas of functional limitations should be included on the Certificate of Eligibility.**

- The counselor must be aware of the Ticket to Work Program. If the Applicant is eligible under “presumptive eligibility”, the counselor must follow guidelines outlined in Ticket to Work in Appendix B (Special Programs).
- The applicant can be scheduled for additional testing, or medical, psychological, or psychiatric evaluation based on informed choice to determine functional limitations if this information is needed in the development of the IPE.

COMPLETION OF PRELIMINARY DIAGNOSTIC STUDY

The counselor completes the preliminary diagnostic study when enough information is obtained to write the Certificate of Eligibility/Ineligibility.

CERTIFICATION OF ELIGIBILITY/INELIGIBILITY ELIGIBILITY

The counselor must include a certification statement signed and dated in each individual's record of services indicating eligibility for VR, Trial Work ~~or EE services.~~

The Certificate of Eligibility/Ineligibility must be completed simultaneously with an individual's acceptance for VR services, **or** Trial Work ~~or EE~~. As a minimum, the Certificate of Eligibility/Ineligibility will contain the client's name, date of eligibility, and a statement of primary or secondary disability with resulting limitations.

PROCEDURES –ELIGIBILITY

- To determine functional limitations, priority should be given to existing information.
- Complete the Certificate of Eligibility/Ineligibility for VR, **or** Trial Work Experience, ~~or Extended Evaluation~~ services signed and dated by the counselor. (See Appendix E)
- The Certificate of Eligibility/Ineligibility will be generated by the case management system. (See Section X)
- The case management system will generate the status move after required data is keyed for Status 10 (VR) or Status 06 (Trial Work Experience ~~or Extended Evaluation~~).

Note: Under presumptive eligibility, the Certificate of Eligibility/Ineligibility will be completed with documented verification that the consumer is a recipient of SSI/SSDI benefits.

INELIGIBILITY

When clear and convincing evidence establishes that an applicant does not meet the VR eligibility conditions or intervening reasons prevent eligibility determination (i.e. applicant does not follow through with assessment, individual physical, educational, or medical records unavailable, applicant does not appear for scheduled appointments, for plan development, etc.) the counselor must include a Certificate of Eligibility/Ineligibility in the individual's record of services. This Certificate of Eligibility/Ineligibility will be dated and signed by the counselor. The counselor will notify the applicant in writing of the action taken, or by other appropriate modes of communication consistent with the informed choice of the individual, including the reasons for the ineligibility determination. When appropriate, referral will be made to other agencies and programs that are part of the One-Stop service delivery system under the Workforce Investment Act.

PROCEDURES – INELIGIBILITY - See Closure Section VIII. Closed Not Rehabilitated.

APPEAL/INELIGIBILITY DETERMINATION

The individual may appeal the ineligibility determination. The counselor will provide the individual with information on the means, by which an appeal can occur, including informal and formal due process procedures, such as administrative review, mediation and review by an impartial hearing officer. The counselor will also provide the individual with information regarding services available

from the Client Assistance Program and how to contact the Client Assistance Program. (See Due Process Section XIV) 34 C.F.R. § 361. 43(c)

Note: An Annual Review is required on a case that has been closed as incapable of achieving an employment outcome due to the severity of disability if requested by the individual or, if appropriate, by the individual's representative. This review need not be conducted if the individual refuses to participate, no longer resides in the state, or the whereabouts are unknown, or the individual's medical condition is rapidly progressive or terminal. 34 C.F.R. § 361.43(e)

ORDER OF SELECTION

~~When ARS is under an order of selection, this section will be utilized.~~

~~Under the Vocational Rehabilitation Act (Title IV of the Workforce Investment Act of 1998) certain state Vocational Rehabilitation agencies are required to have an order of selection. An order of selection requires that a priority be given to individuals with the most significant disabilities in the provision of vocational rehabilitation services. The order of selection is required in the event that the state is unable to provide the full range of vocational rehabilitation services to all eligible individuals or, in the event that vocational rehabilitation services cannot be provided to all eligible individuals in the State who apply for the services~~

The ARS Order of Selection assures the highest priority in service provision is reserved for eligible individuals with the most significant disabilities. Services and expenditures are closely monitored to enable the ARS Commissioner to close or open priority categories as deemed appropriate. This will assure services are continued for cases determined eligible and receiving services under an Individualized Plan for Employment. Adequate funds will be reserved to provide diagnostic services for all applicants to determine eligibility and category placement.

The Order of Selection status is changed by the Commissioner notifying the Rehabilitation Services Administration (RSA). Notification of this change to ARS staff is made available through a directive from the Chief of Field Services. The notification of change of Order of Selection to ARS staff is placed permanently in **Appendix J** for reference.

DESCRIPTION OF PRIORITY SELECTION

The Order of Selection priority categories, justification for each, outcome and service goals are listed below:

When applicable, the ARS Order of Selection assures clients in Priority I and II will have first priority for the provision of services. If funds become available, individuals in Priority III may receive services.

Rehabilitation clients who have an Individualized Plan for Employment (IPE) for vocational rehabilitation (VR) services or extended evaluation (EE) services in place prior to the implementation of the Order of Selection policy will receive services as recorded in their IPE.

Priority Category I - Most Significantly Disabled

An eligible individual with a most significant disability is defined as one who has a significant physical or mental impairment which:

- 1) Seriously limits at least three functional capabilities (mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of employment outcome;
- 2) Whose vocational rehabilitation can be expected to require multiple VR services* over an extended period of time**; and

- 3) Who has one or more physical or mental disabilities as defined below***.

Priority Category II - Significantly Disabled

An eligible individual with a significant disability is defined as one who has a significant physical or mental impairment which:

PRIORITY OF CATEGORIES TO RECEIVE VR SERVICES UNDER THE ORDER

When ARS is under an order of selection, this section will be utilized.

When applicable, the ARS Order of Selection assures clients in Priority I and II will have first priority for the provision of services. If funds become available, individuals in Priority III may receive services. Rehabilitation clients who have an Individualized Plan for Employment (IPE) for vocational rehabilitation (VR) services or extended evaluation (EE) services in place prior to the implementation of the Order of Selection policy will receive services as recorded in their IPE.

Priority Category I - Most Significantly Disabled

An eligible individual with a most significant disability is defined as one who has a significant physical or mental impairment which:

- 1) Seriously limits at least ~~three~~ **four** functional capabilities (mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of employment outcome;

At the counselor's discretion AND with the approval of the DM, eligible individuals who require specific services or equipment to maintain employment, may be served regardless of whether they are receiving VR services under the order of selection.

PROCEDURES - ORDER OF SELECTION

When applicable ARS Order of Selection follows the procedures outlined.

- Eligibility (Status 10) must be established prior to applying the Order of Selection.
- Complete the Assessment for Determining Priority Category for Services.
(See Appendix E)
- The consumer will be notified in writing of the priority category using the required form letter. The original will be mailed to the individual and a copy will be placed in the ECF.
(See Appendix E)
- If under Order of Selection, document the Category in the case note. If the individual does not meet the level of the priority category necessary to receive services, the individual may choose to be placed in a waiting (list) Status 04, or be referred to other Workforce partners or agencies, or closed in Status 30.

If the individual chooses to be referred to other Workforce partners or agencies:

- Referral will be made to the appropriate Workforce partner.
- Documentation of the referral will be placed in the ECF.
- The case will be closed in Status 30.
- The case management system will generate the status move after required data is keyed for Status 30.

If the individual chooses to be placed on a deferred services list (Status 04):

- Documentation of the action taken will be made in the case note.
- Complete the Certificate of Eligibility/Ineligibility. (See Appendix E)
- The case management system will generate the status move after required data is keyed for Status 04.
- If funding becomes available, an IPE will be completed and the case moved to Status 12 and services will be provided without further delay.
- If funding is not available, any cases remaining in Status 04 at the end of the fiscal year will be closed in Status 38.

IV. INDIVIDUALIZED PLAN FOR EMPLOYMENT

Individualized Plan for Employment and Amendments	IV-1
Informed Choice – IPE Development	IV-3

IV. INDIVIDUALIZED PLAN FOR EMPLOYMENT (IPE)

ARS will conduct a thorough assessment for determining VR needs for each eligible individual. The purpose of this assessment is to determine the specific employment outcome, the criteria for evaluation of progress toward an employment outcome, and the nature and scope of VR services to be included in the Individualized Plan for Employment (IPE.) The term employment outcome means with respect to the individual, (A) entering or retaining full-time, or if appropriate, part-time competitive employment in the integrated labor market, (B) satisfying the vocational outcome that is determined appropriate, including self-employment, telecommuting, or business ownership.

The IPE may be developed jointly between the counselor and the individual, or the individual may develop all or part of the plan independently, or with the technical assistance from another source. The completed plan must be approved and signed by the counselor and the individual, or if appropriate, the individual's representative, within the framework of a counseling and guidance relationship. Assistance in completing the IPE form, if requested by the consumer will be provided.

The IPE must be designed to achieve the specific employment outcome, which is chosen by the individual consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, career interest, and informed choice. The documentation should show that there is adequate labor market demand to support the employment outcome. If relocation would be required, the individual must agree to relocate to an area with sufficient labor market demand for the chosen employment outcome prior to the signature and initiation of the IPE. The individual should acknowledge that they are familiar with the entry-level wages that are common in the chosen vocation.

For supported employment services, an employment outcome should include a description of the extended services needed and the source of extended services. If it is not possible to identify the source of extended services at the time the IPE is developed, a statement must be included explaining the reasonable expectation that extended services will become available prior to closure.

~~The IPE is developed after a Certificate of Eligibility/Ineligibility for VR Services or a Certificate of Eligibility/Ineligibility for Trial Work Experience or EE Services has been completed. A copy of the IPE will be provided to the individual.~~

The IPE for each eligible individual should be developed as soon as possible, but no later than 90 days following determination of eligibility, unless the VR counselor and the individual agree to a specific extension of time.

The 90-day time period for IPE development begins once the counselor has deemed the client eligible for services and completed the certificate of eligibility.

Note: If circumstances preclude developing an IPE that addresses the mandatory components within 90 days, the counselor and individual must agree to a specific extension of time 34 C.F.R. § 361.45. In this instance the counselor should complete a case note labeled "IPE Extension". The case note should reflect the

dates (timeframe) of the Extension and the specific reasons for the need for an extension.

The IPE is amended each time a substantial change or annual (12 months)/periodic review (~~Status 06, every 90 days~~) are made in the individual's rehabilitation program. A substantial change could include: 1) a vocational goal change which may require a change in the evaluation criteria (intermediate objective) 2) deletion or addition of services 3) the cost of services 4) termination of the cost 5) periodic or annual review of the case, and 6) ~~extension of an expired IPE~~. A copy of all Amendments will be provided to the individual.

~~Note: A new IPE must be completed when an individual is moved from Trial Work Experience or EE services to an accepted status for VR Services.~~

Counselor's Role:

- provide information, tools, and resources to encourage decision making skills,
- facilitate the decision making process,
- support decision implementation, and
- provide the consumer with information about the parameters, which may affect the range of available career goals or service options.

The mandatory components that the IPE must contain are based on 34 C.F.R. § 361.45 and 34 C.F.R. § 361.46, please see Procedures-Individualized Plan for Employment (IPE).

The services, service providers, and all activities selected by the individual must be necessary to meet the employment outcome goal.

The individual or representative must sign and date the IPE. The individual or representative must be given a copy of the IPE.

~~The counselor is the approving authority; therefore, the counselor's signature indicates approval of the individual's IPE.~~

~~The IPE for trial work/extended evaluation (status 06) is to be reviewed every 90 days. The counselor and the individual must complete a periodic review of the rehabilitation plan every 90 days to assess the individual's progress. The Amendment to the IPE will be completed to document the periodic review. (See Appendix E: IPE)~~

Annually, the counselor and the individual must review the rehabilitation plan to assess the individual's progress toward an employment outcome. The IPE Amendment is completed as appropriate to document the annual review in the ECF.

The IPE can be amended at any time utilizing informed choice. IPE Amendment does not take effect until agreed to and signed by the counselor and individual or representative.

PROCEDURES – INDIVIDUALIZED PLAN FOR EMPLOYMENT (IPE)

- The counselor will inform the individual of the **options for developing the IPE**.
- The counselor will inform the individual of the required components of the IPE if the individual chooses to develop the IPE:
 - The mandatory components that the IPE must contain:
 - A specific employment outcome consistent with informed choice,
 - criteria for evaluation of progress toward employment outcome,
 - specific rehabilitation services, (See Appendix E: IPE.)
 - projected timelines for initiation and duration of services,
 - schedule for periodic reviews and evaluations
 - entity to provide services and methods for procurement,
 - responsibilities of the individual,
 - need for post-employment services, and
 - need for supported employment services.

34 C.F.R. § 361.45 and 34 C.F.R. § 361.46
- The counselor will inform the individual that the IPE must be completed and assistance in completing the forms is available upon request.
- Complete IPE (See Forms Appendix E).
- The case management system will generate the status move after required data is keyed for Status 12.
- The counselor will document in the case note the counseling provided at IPE development.
- **Cost Estimate** - Cost estimates cannot be for more than one year.
- Annual Review must be completed.

INFORMED CHOICE – IPE DEVELOPMENT

ARS will assure that eligible individuals or their representatives are provided information and support services to assist them in exercising informed choice throughout the rehabilitation process. The counselor will inform each eligible individual through appropriate modes of communication about the availability of and opportunities to exercise informed choice, including the availability of support services for individuals with cognitive or other disabilities who require assistance in exercising informed choice in decisions related to the development of an Individualized Plan for Employment (IPE). Eligible individuals will be given information, or assistance in acquiring the information, to make an informed choice with respect to the selection of the employment outcome, specific vocational rehabilitation services needed to achieve the employment outcome, the vendors that can provide the services, employment setting and the settings in which the services will be provided, and the methods available for procuring the services. Counselor judgment and experience must be used to provide the appropriate information or assistance in acquiring the information to enable the individual to make a reasonable decision regarding the development of the IPE and program of services. A reasonable decision is one that is realistic considering the unique strengths, resources, priorities, concerns, abilities, capabilities, and interests of the individual and that must lead to an employment outcome.

To ensure that the availability and scope of informed choice is consistent, the information must include, at a minimum, information relating to the following:

- 1) Cost, accessibility, and duration of potential services.
- 2) To the extent available, consumer satisfaction with those services.
- 3) Qualifications of potential service providers.
- 4) Types of services offered by the potential providers.
- 5) The degree to which services are provided in integrated settings.
- 6) To the extent available, outcomes achieved by individuals working with service providers. 34 C.F.R. § 361.52

PROCEDURES – INFORMED CHOICE – IPE DEVELOPMENT

- The counselor will maintain a regional and statewide list of vendors that provide services that lead to an employment outcome.
- To the extent available, the counselor will provide, or assist the individual in acquiring, consumer satisfaction surveys and reports regarding the service providers.
- The counselor will provide, or assist the individual in acquiring, accreditation, certification, or other information relating to the qualifications of the providers.
- When appropriate, the counselor will make referrals to other consumers, local consumer groups, or disability advisory councils qualified to discuss the services or service providers.
- The counselor will document in the case note the specific action taken in the above procedures using the Informed Choice heading to assure that informed choice was provided.

V. ECONOMIC NEEDS/COMPARABLE BENEFITS

An individual's economic need is not used to determine eligibility for VR services.

An economic needs assessment is used only to determine if the individual can pay any costs of VR services and if so, how much. In all cases, no economic needs evaluation will be applied as a condition for furnishing the following VR services:

- 1) Assessment of rehabilitation needs, including rehabilitation technology, except for those services other than of a diagnostic nature which are provided under extended evaluation;
- 2) Counseling, guidance, and referral services, and
- 3) Placement.

In determining an individual's financial resources, the counselor will identify all resources available to the individual and/or spouse, prior to developing the IPE. If the individual is a dependent, the resources of the parents will be determined. If the individual is 23 years of age or under and unmarried, the parent(s) assets must be verified with a copy of the parent(s) income tax forms. If the parent(s) do not support the individual, the individual must provide documentation of non-support. If the client's family states the client will not be claimed on next year's income tax, the client will no longer be considered a dependent. The client will be required to verify their source(s) of income to cover their expenses.

EXCEPTION: SSDI and SSI recipients are exempt from financial need; however, the financial resources form should be completed to assess comparable benefits and gather information for federal reporting.

Provision of services conditioned on financial need entails:

- 1) Determination of the individual's financial ability or inability to obtain services, either through individual or other resources;
- 2) Determination of the extent ARS will provide these services to the individual lacking sufficient resources.

A need standard in the form of a Normal Living Requirement (NLR) has been established for different family groups and single individuals living alone. The NLR includes amounts for food, shelter, clothing, household maintenance, routine medical care, personal care, recreation, insurance, and personal taxes.

NORMAL LIVING REQUIREMENT

Number of Persons _____ Monthly

Amount	
1	\$3,200.00
2	\$3,600.00
3	
	\$4,000
.00 (\$400.00 for each additional family member)	

<u>Household Size</u>	<u>Monthly Income</u>
<u>Limit</u>	
1	\$3,200.00
2	\$3,950.00
3	\$4,700.00
(\$750.00 for each additional family member)	

~~Special Circumstances (conditions) of other expenditures/debts that impose unusual burdens on the client or family's income can be added to the normal living requirement. (Example: medication or medical payments for client or other family members, child support, education expenses, etc.)~~

Special circumstances include anything that has changed from one year to the next and anything that distinguishes the family from the typical family.
Examples of special circumstances include:

- Tuition expenses at an elementary or secondary school
- Medical or dental expenses not covered by insurance
- Unusually high child care or dependent care including elder care costs
- A parent or another sibling enrolled in a training program

NOTE: When using a special condition, proof of payments being made monthly must be provided to the counselor. These payments must have been made prior to applying for ARS services.

Ascertaining an individual's financial resources is an important step in determining ability or inability to pay for rehabilitation services. A resource is considered available only if it is at the individual's disposal when needed. Careful study of the individual's resources is necessary to determine availability.

The provision of certain services to the individual is dependent upon financial need, but the counselor should use discretion upon applying financial need. Stripping the individual of all resources may impair the individual's rehabilitation.

The comparable benefits provision provides VR agencies with an organized method for assessing an individual's eligibility for benefits under other programs. Any benefit available to individuals under any other program to meet, in whole or in part, the cost of any VR service will be utilized. This benefit will be considered only to the extent that it is available and timely.

A "comparable benefit" is not the same as "determination of economic need." In determination of economic need, the objective is to set the conditions for equitably determining the amount, if any, an individual is expected to participate in the cost of the rehabilitation. In the area of comparable benefits, the objective is to give full consideration to alternative funding sources prior to spending VR funds to purchase consumer services.

If the individual refuses to apply for services for which the individual may be eligible or if the individual refuses to accept services from another Agency as a comparable benefit when receipt of such services do not interfere with achieving the rehabilitation objective, ARS cannot provide the services using VR funds.

Federal VR funds cannot be used to pay training costs in institutions of higher education unless every effort has been made to secure financial assistance, in whole or in part, from other funding sources. In all training cases, the record of services must include evidence that applications were made and the individual will or will not receive assistance.

Evidence of approval of receipt of financial assistance may be documented through a financial aid award letter. This letter originates at the training institution and lists the type/amount received by semester (quarter). Federal law requires students to accept/reject awards by signing on this letter.

Repayable loans should not be considered as a comparable benefit or resource.

Note: Comparable benefits do not include awards and scholarships based on merit.

PROCEDURES - UTILIZING FINANCIAL NEED

- Exempt SSDI/SSI recipients from financial need assessment/requirements.
- The individual must apply for comparable benefits and documentation of benefits must be placed in the ECF, i.e., award letter/Student Financial Aid Grant.
- The RS-16 Financial Resources form must be completed by the time the IPE is developed.
- For those individuals or the parents of individuals under the age of 23 not exempt as recipients of SSI/SSDI, the counselor will verify income by requesting Income Tax returns, copies of earnings statements, Student Financial Aid grant summary or the individual may be required to request their earnings history from the Social Security Administration.
- Any available benefits will be utilized and must be considered in the provision of services.
- Other than diagnostic services, no authorizations will be issued until financial

need is verified.

- In all instances where the Student Financial Aid is utilized, the counselor will utilize the basic cost of education reported from the school that the individual will attend. The applicable Student Financial Aid categories are dependent, on campus, dependent off campus, and independent. The basic costs may include tuition, books, fees, room and board, supplies, and transportation.
- Financial need should be re-assessed and a RS-16 Financial Resource form completed at Annual Review or at any time the individual's financial situation changes.

~~THREE CONTACTS A YEAR~~ Minimum Annual Contacts

There must be a minimum of three contacts a year annually, one of which will include the annual review. The case note should reflect the nature of the contact, i.e., direct face-to-face contact, e-mail conversation, phone conversation with the client, or a letter from the client correspondence. If contact with the client is not possible, the counselor should send the client use a letter to document the counselor's attempts to contact the client leading to prior to initiating closure of the case due to loss of contact. **Counselors must** Be sure to document counseling after services have been initiated at least once a year. **To ensure reflection of substantiality of services, case notes must be updated and supplemented throughout the plan year.**

Maintenance covers that individual's basic living expenses, such as food, shelter, clothing, and other subsistence expenses that are necessary to support and derive the full benefit of other VR services being provided.
- 7) Transportation, including cost of travel and subsistence during travel (or per diem payments in lieu of subsistence) in connection with transporting individuals with disabilities and their attendants/escorts for the purpose of deriving the full benefit of other VR services being provided. PROVISION AND AUTHORIZATION OF SERVICES

Payment request will not be approved until documentation that the service has been received. Documentation may include medical reports, training progress reports, attendance forms, receipts and/or invoices. Payment will not be processed without an attached bill from the vendor.

ARS currently requires District Manager approval on all new counselors (Section XIII, Policy and Procedure Manual). District Manager and/or Administrative approval is also required for several specified purchases and services (Section VI, Policy and Procedure Manual).

The Authorization/Payment justification should ~~consist~~ **be reflected** in the case note explaining why the services were necessary.

Electronic authorization must be made for the provision of services or goods. **A verbal approval may be given in an emergency followed immediately by a written authorization.** An IPE must be completed before any services or goods, other than diagnostic or to support diagnostic assessment, can be provided. It is the counselor's responsibility to document case progress throughout provision of services.

NOTE: Comparable Benefits are to be utilized prior to service provision by ARS. A client must apply for comparable benefits prior to service provision. Comparable benefits may include but are not limited to: Hospital Charity funding, Medicaid, VA benefits, Housing, Pell Grant, etc. Comparable benefits should be explored throughout the VR process. A “comparable” benefit will be considered only to the extent that it is available and timely to meet the cost of the particular VR services.

SEGREGATION OF DUTIES

ARS require segregation of duties to assure effective internal control in regards to authorizing services. The implementation of the new Case Management System (CMS), System 7, enables staff to perform key functions required by their role. The authorization process is as follows:

- Support staff creates the authorization from the invoice.
- The counselor approves and dates the authorization.
- **Service provision to client will be verified by staff and client satisfaction documented in the ECF.**
- The support staff submits payment to accounts payable.

ACCOUNTS PAYABLE

- Verify proper invoice with authorization/payment.
- Verify dollar amounts, vendor and client name.
- Reject authorizations/payments that contain errors.
- Approve authorization for final payment.

ADDITIONAL PROVISIONS

- All authorizations must have a copy of the invoice attached.
- All new counselors' authorizations must have the Manager approval.
- Authorization for \$5,000.01 or more but less than \$10,000 (tax excluded) will require the approval of the District Manager.

CHIEF OF FIELD SERVICES

Authorization for \$10,000.01 or more but less than \$25,000 (tax excluded) will require the approval of the Chief of Field Services through the District Manager.

PROCEDURES - PROVISION AND AUTHORIZATION OF SERVICES

- **Before an authorization is issued the counselor must consider the following issues:**
 - Is this service allowable under ARS Policy?
 - What, if any, limitation exists to providing this service?
 - Are there any comparable benefits available to provide the service?
 - Has the counselor verified financial need?
 - What other required references need to be accessed (i.e., fee schedule vendor list)?
 - Does the counselor have sufficient funds in the allotment to procure/provide the service and if not, whom does the counselor contact?
 - What documentation is needed to procure/provide the service? (i.e., Licensed Medical Consultant (LMC), prior approval, case note.)
 - Document method of calculating cost of services (i.e.: estimates, quotes, recommendations, fee schedule, etc.) and explain why the current service is needed.
 - How is the paperwork routed?
 - Determine if the vendor is in the case management system vendor list.
- Complete a W-9 if needed.
- The case management system will generate the status move after required data is keyed.
- The authorization goes is routed to the vendor. It can be emailed, copied, faxed or mailed and the copy is automatically generated in the ECF. The individual may be provided a copy.
- Key required information into the case management system for ARS Purchase Authorization.
- When billing statement is received, verify the individual received the service. Document in the ECF.
- Key required information into the case management system for payment. Support staff will be responsible for making payments. Payment will not be processed without an attached bill from the vendor.

VOCATIONAL REHABILITATION COUNSELING AND GUIDANCE

The counselor will include on an IPE services of "vocational rehabilitation counseling, guidance, placement, and follow-up." The program will outline in the criteria for evaluation of progress toward the employment outcome the counseling process and anticipated results. Counseling and guidance is provided by the counselor throughout the rehabilitation process. This enhances the client-counselor relationship as well as the opportunity for successful employment outcomes. Documentation of counseling progress

will be placed in the record of services. Vocational rehabilitation counseling and guidance services must be provided and documented in all VR cases closed rehabilitated.

PROCEDURE - VOCATIONAL REHABILITATION COUNSELING AND GUIDANCE

- The counselor will document in the case note the specific progress the individual is making toward the employment outcome.
- ~~The individual's progress will be reviewed three times a year.~~
- **Counseling should be documented at a minimum once during the plan year.**
- **The Case note should be labeled Counseling and Guidance.**
- Counseling and guidance must be documented in each successful closure.

EMPLOYMENT SERVICES (JOB FINDING/REFERRAL)

~~A job finding service is provided when enough information has been given to permit the individual to arrange for a job interview with an employer.~~ **A job finding service is rendered when the individual is considered "job-ready" by the VR counselor.** A job-finding service is also rendered when ARS directly refers or arranges for the direct referral of the individual to a prospective employer.

PROCEDURES – EMPLOYMENT SERVICES (JOB FINDING/REFERRAL)

- The individual may be referred to either an ARS ~~Business Relations Representative (BRR)~~ **placement specialist** or other vendors for employment services in status 12 or 18. The ARS ~~BRR~~ **placement specialist** can assist the counselor at this stage in the planning process, but significant involvement of the ARS ~~BRR~~ **placement specialist** may occur when the individual has completed services and is ready for employment.
- The counselor and ARS ~~BRR~~ **placement specialist** will assist the individual, singly or in groups, in developing job-seeking skills which would include instructions on how to read the want ads, prepare job resumes, write cover letters and prepare for job interviews. **These services should be documented monthly in the ECF.**
- The counselor may refer the individual for services from other resources providing job-seeking skills, if appropriate.
- The counselor **and/or placement specialist** will document in the case note the specific progress the individual is making toward the employment outcome. With agreement from the counselor, the ~~Business Relations Representative (BRR)~~ **placement specialist** will have access to the ECF (via worker assignment) for the purpose of documenting specific progress the individual is making towards employment **on a monthly basis.**

See section VI-I for clarification of contact.

PLACEMENT SERVICES

Placement services are organized and identifiable attempts to establish or improve the linkage of an individual and a work situation. While employment placement is the VR program goal and usually occurs toward the end of the rehabilitation process, employment planning should be an ongoing process throughout the case services program. **Placement is provided when the individual is referred to and is hired by**

an employer. The State VR Agency, the State employment service, One-Stop Arkansas Workforce Centers, or any other job-finding source may provide this service. **A key feature of this service is that the individual became competitively employed as a result of the job referral.**

PROCEDURES – PLACEMENT SERVICES

- The counselor will assist the individual with employment planning throughout the rehabilitation program.
- The counselor and the ARS ~~Employment Services Representative~~ **placement specialist** will document in the case note the specific progress the individual is making toward the employment outcome.

FOLLOW-UP

The counselor and/or ~~BRR~~ **placement specialist** will provide follow-up services to each individual placed in employment to determine if all planned for services have been provided and the VR objective achieved. **Follow-up services will include contacts and reports from the individual, employer, and others that provide reports to help the counselor determine if the employment situation is suitable to the individual's needs.** The individual must be provided follow up services within a minimum of 90 days and the counselor will have assurance other ARS criteria have been met prior to case closure.

- The counselor ~~or the rehabilitation assistant~~ **placement specialist** will provide supportive services as necessary for maintaining employment.
- The counselor ~~or the rehabilitation assistant~~ and/or the ~~BRR~~ **placement specialist** will document in the case **ECF** the specific progress the individual is making toward the employment outcome.

RESTORATION (PHYSICAL/MENTAL) SERVICES

Restoration services mean those medical and medically related services that are necessary to correct or substantially modify within a **reasonable** period of time, a stable or slowly progressive physical or mental condition. These include surgery, therapy, treatment, and hospitalization.

Prosthetic appliances/devices provided to improve or maintain an individual's ability to work are coded as Rehabilitation Technology Devices.

If an individual has a physical or mental disability with resulting limitations constituting an impediment to employment which, in the opinion of competent medical personnel, can be removed by restoration services without injury to the individual, the individual is not eligible for any ARS services except counseling, guidance and placement if the **individual refuses to accept** the appropriate restoration services.

PHYSICAL RESTORATION SERVICES PURCHASED IN-STATE

ARS will pay for all physical restoration services that are properly authorized. Payment will be made according to the vendors' stated fee, up to but not to exceed, the maximum amount determined by the established ARS Fee Schedules. PHYSICAL RESTORATION SERVICES PURCHASED OUT-OF-STATE

If ARS purchases physical restoration services out-of-state (in this instance Texarkana, TX is considered in the State), the rate paid will not exceed fees paid by the local rehabilitation Agency. ARS will use physicians and facilities that are used by the local state Agency. If fee information is not available, the counselor will contact the nearest out-of-state VR office to determine fees paid for needed services.

PROCEDURES - PHYSICAL/MENTAL SERVICES – OUT-OF-STATE

Services will be purchased consistent with the ARS fee schedule. (See Appendix I.)

EXCEPTION: Insurance benefits must be used first in paying for surgical, medical services. The amount allowed by the ARS Fee Schedule will be authorized followed by the statement "Rehabilitation Services will pay only that part of the authorized amount not covered by the insurance policy up to the maximum amount allowed by the ARS Fee Schedule". SUPPORTED COUNSELING RELATED TO WEIGHT

Progress should be monitored monthly. After 3 months in a weight loss program, at the counselor's discretion and based on little or no success, the client's program needs to be modified.

TREATMENT FOR MORBID OBESITY (~~GASTRIC RESTRICTIVE, LAP BAND OR BYPASS SURGERY~~) (MORBID OBESITY SURGERY)

Individuals requesting assistance from ARS for a surgical procedure ~~gastric restrictive, lap band or bypass surgery~~ as a method of treatment for morbid obesity are to be informed the procedure is a major operation with the potential of both short- and long-term complications.

Any decision to use surgery as a treatment for morbid obesity requires assessing the risk-benefit by an experienced physician(s). Candidates for the procedure should be judged as having a low probability of success using non-surgical measures as demonstrated by failure in an established weight control program(s). Such programs might include in various combinations behavior modification, exercise, low- or very low-calorie diets, and drug therapy.

A diagnosis of morbid obesity alone does not indicate an individual is an appropriate candidate for this procedure. High-risk conditions such as significant diabetes mellitus, obstructive sleep apnea, obesity-related cardiomyopathy and joint disease would increase the likelihood an individual would be an appropriate candidate for ~~gastric restrictive, lap band or bypass surgery~~ morbid obesity surgery.

Individuals with a diagnosis of morbid obesity may be eligible for restoration services if all the following criteria are met:

- 1) Have a Body Mass Index (BMI) of at least 35 (BMI is an individual's weight in kilograms divided by his/her height in meters squared),
- 2) Have an associated high-risk co-morbid condition(s);
- 3) Have documentation the morbid obesity has been present for a minimum of 5 years;
- 4) Have documentation from a treating physician of failure by the individual in a structured weight loss program while under that physician's care for a minimum of 1 year; and this documentation must be within the last 2 years.
- 5) Counselor's impression that the individual is well motivated and understands the risks associated with the surgical procedure and the restricted eating habits which will follow.
- 6) If the individual has demonstrated success in a structured weight loss program in the past, the Counselor will be required to assess the appropriateness of the ~~specific morbid obesity surgical~~ ~~gastric restrictive, lap band or bypass~~ procedure. Re-enrollment in a structured weight loss program should be explored.

SUPPORTED COUNSELING RELATED TO WEIGHT

~~After 3 months in a weight loss program, at the counselor's discretion and based on little or no success, the client's program needs to be modified.~~

PROCEDURES – ~~GASTRIC BYPASS SURGERY~~ MORBID OBESITY

SURGERY

- Obtain a general medical assessment or current medical information that documents the individual's diagnosis of morbid obesity and any other high-risk co-morbid conditions.
- Obtain a Mental Health Assessment that indicates the individual does not have a mental health condition that might preclude this restoration service.
- Obtain documentation from a treating physician of the individual's failure in a structured weight loss program for at least 1 year (this documentation must be within the last 2 years.) and the presence of morbid obesity for at least 5 years.
- Documentation of co-morbid conditions by an appropriate physician with a statement of recommendation for weight loss surgery.
- Obtain medical reports that document the need for referral to a surgeon for an assessment to determine the appropriateness of the specific morbid obesity surgical procedure being requested. ~~gastric restrictive, lap band, or bypass surgery.~~
- Obtain an examination from a surgeon proficient in the specific morbid obesity surgical ~~gastric restrictive, lap band, and bypass~~ procedures that documents the individual is an appropriate candidate for this procedure.
- Assess the individual regarding motivation for the procedure and understanding of the associated risks.
- The Counselor will submit received reports and documentation for review and approval **recommendation** by the Medical Consultant.
- The Counselor will submit a memorandum **request** to the District Manager with the reports and all required documentation requesting approval for the procedure. As a part of the memorandum **request** the counselor will provide the District Manager the counseling issues to be addressed during the restoration and recovery process.
- If the District Manager agrees that all the required documentation is present and the individual meets ARS eligibility and Order of Selection requirements, the individual is an appropriate candidate for the procedure, and agrees with the identified counseling issues, the District Manager will ~~provide the Counselor a memorandum of approval~~ **note approval in the ECF**.
- If the District Manager does not agree the individual meets eligibility and Order of Selection criteria, is not an appropriate candidate for the requested **morbid obesity surgical** ~~gastric restrictive or bypass~~ procedure, or is of the opinion that the identified counseling issues are inadequate or inappropriate, a memorandum of denial will be sent to the counselor notifying the counselor of the decision **and noted in the ECF**.
- If the District Manager approves, the Counselor will proceed as with any other physical restoration case.
- During the recovery process the Counselor will be required to document a minimum of 3 counseling sessions prior to case closure.
- It is recommended that the case be placed in post-employment status so that necessary counseling and follow-up can take place to ensure optimum benefits from the procedure.
- Reports and recommendations will be obtained from the attending physician and attached to the ECF.

NOTE: If the referred case has serious medical problems that pose serious consequences due to delay of case processing, an administrative exception may be requested.

CONSULTATION

For diagnostic purposes, the attending physician may consult with another specialist. The counselor must have a recommendation for consultation and prior authorization is required, ~~in order to be eligible for reimbursement~~

POST-OPERATIVE REPORTS

It is the counselor's responsibility to obtain a post-operative report or letter prior to processing the final payment.

COCHLEAR IMPLANTS

- Complete psychological exam to determine emotional and mental stability of the individual.
- Documented evidence from the individual or employer that the procedure would remove any significant vocational impediment.
- Documented evidence from medical personnel in regard to the type and severity of the hearing loss.
- Documented counseling with medical personnel in regard to after effects and adjustment to the procedure.
- Documented post-operative aural rehabilitation plan.
- Refer required documentation to District Manager, Deputy Chief of Field Services and Chief of Field Services for approval.

Reports and recommendations will be obtained from the attending Physician, Audiologist, and other required healthcare team members and attached to the ECF. Follow general ARS guidelines for bill payment processes such as using HCPCS codes. ARS is the payer of last resort.

PPROCEDURES – COCHLEAR IMPLANTS

Medical clearance provided by ENT.

1. Evaluation conducted by either an ENT or licensed audiologist to assess the type and severity of client's hearing loss as measured by the PTA or SRT. PTA is calculated using only 0.5, 1, 2, and 3 kHz.
2. LMC reviews the client's case.
3. ENT recommendations, psych report recommendations, LMC recommendations, client's vocational goals, and client's financial details will be considered by the VRC while considering client's eligibility for services.
4. If client is cleared to proceed with cochlear implant surgery, the ARS Hearing Aid Order Form must be submitted by ENT or audiologist.

Document that counseling was conducted by either the ENT or licensed audiologist about realistic expectation, surgery, typical costs, and expected follow up care. Aural rehabilitation plan must be documented as well.

Surgery occurs (typically outpatient).

5. Itemized invoice sent to VRC.
6. For reimbursement, VRC will follow guidelines related to reimbursement based on HCPCS policies and all other reimbursement policies of ARS. ARS is the payer of last resort.
7. Follow up care provided by ENT and audiologist as needed.
8. Aural rehabilitation plan implemented.
9. VRC support continues – refer client for assistive technology assessment.

BONE ANCHORED AUDITORY IMPLANT (BAAI)

Individuals requesting assistance from ARS for Bone Anchored Auditory Implant (BAAI) as a method of treatment to provide a sense of sound to a person who is hard-of-hearing must meet the following:

- Documented evidence from the individual or employer that the procedure would

remove any significant vocational impediment.

- Documented evidence from medical personnel in regard to the type and severity of the hearing loss.
- Documented counseling from medical personal in regard to the surgery process, the after effects, and the adjustment to the procedure.
- Refer required documentation to District Manager, Deputy Chief of Field Services and Chief of Field Services for approval ONLY if needed for payment procedures.
- Reports and recommendations will be obtained from the attending Physician and Audiologist and attached to the ECF.
- Follow general ARS guidelines for bill payment processes such as using HCPCS codes.
- ARS is the payer of last resort.

Considerations for the BAAI/Baha Technology

- Minimally invasive surgery
- No occlusion of ear canal
- No risk to damage residual hearing during surgery process
- Able to test the product before undergoing surgery (real-time results) since the BAAI can be worn on a headband

How to Qualify (Candidacy Guidelines)

Individuals requesting assistance from ARS for Bone Anchored Auditory Implant (BAAI) as a method of treatment to must have a PTA or SRT of 41 dB or greater. PTA shall be calculated using only 0.5, 1, 2, and 3 kHz. Clients must also meet the requirements below based on whether they have conductive or mixed hearing loss OR single sided deafness. Please refer to the appropriate section below for additional guidelines:

Conductive

- Conductive hearing loss with an air-bone gap of more than 30 dB

Mixed

- Air-bone gap of more than 30-35 dB OR
- Mild to moderate sensorineural loss. “The BAAI sound processor can compensate for some of the sensorineural loss...[with] only modest amplification required – much less than is necessary with conventional hearing aids. The most powerful BAAI processor can compensate for a sensorineural element of up to 65 dB HL (measured at 0.5, 1, 2, and 3 kHz).”

Single-Sided Deafness (SSD)

- “Candidates with SSD and normal hearing in their good ear may benefit from a BAAI System. The BAAI sound processor picks up sound on the deaf side and sends it via bone conduction to the contralateral cochlea, overcoming the head shadow effect. This gives improved speech understanding and 360° sound awareness.”

BAAI vs CROS for SSD –

- BAAI does not occlude the ear canal
- CROS system requires hearing device on both ears. BAAI only requires hearing device on one side.

Comorbid Condition Considerations

“for some indications, such as chronic otitis media and allergies, implantable bone conduction may be [a great] solution regardless of the size of the air-bone gap”

- Skin allergies - may be aggravated by ear molds of some hearing aids
- Congenital malformations – facial anatomy may limit AC hearing aid placement
- Draining ears – ear canal remains open at all times with BAAI system
- Ear Canal Stenosis – ear canal is bypassed
- Previous ear surgery – especially if they struggle with feedback issues post-surgery with AC aid
- Radical cavity – at higher risk for ear canal to become occluded – BAAI bypasses canal
- Syndromic hearing losses – e.g. clients with Down, Goldenhar and Treacher Collins – for some clients and their caretakers, a BAAI may be a more optimal solution due to maintenance and other considerations

PPROCEDURES - BAAI

1. Medical clearance provided by ENT.
2. Evaluation conducted by either an ENT or licensed audiologist to assess the type and severity of client’s hearing loss. All clients must have a hearing loss of 41 dB or greater as measured by either their PTA or SRT for ARS to purchase hearing aids for them. PTA is calculated using only 0.5, 1, 2, and 3 kHz.
3. LMC reviews the client’s case.
4. ENT recommendations, LMC recommendations, client’s vocational goals, ARS hearing loss level requirements (measured in dB), and ARS financial requirements will be considered by the VRC while considering client’s eligibility for services.
5. If client is cleared to proceed with BAAI, the ARS Hearing Aid Order Form must be submitted by ENT or audiologist.
6. Document that counseling was conducted by either the ENT or licensed audiologist about realistic expectation, surgery, typical costs, and expected follow up care.
7. Surgery occurs (typically outpatient).
8. Itemized invoice sent to VRC.
9. For reimbursement, VRC will follow guidelines related to reimbursement based on HCPCS policies and all other reimbursement policies of ARS. ARS is the payer of last resort.
10. Follow up care provided by ENT and audiologist as needed.
11. VRC support continues.
12. Refer client for assistive technology assessment IF client still experiences vocational difficulties after BAAI implementation.

SURGICAL AND HOSPITAL INSURANCE

TRAINING

All training must be designed to achieve the specific employment outcome, which is chosen by the individual consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, career interest, and informed choice. The documentation should show that there is adequate labor market demand to support the employment outcome. If relocation would be required, the individual must agree to relocate to an area with sufficient labor market demand for the chosen employment outcome prior to the signature and initiation of the IPE. The individual should acknowledge that they are familiar with the entry-level wages that are common in the chosen vocation.

Training services are those services needed to prepare an eligible individual **without transferable and/or marketable skills** for work. These services are individualized and are jointly developed by the individual and counselor through the process of informed choice.

Vocational training includes the following broad categories:

- 1) On-the-job Training
- 2) Short-term Specialized Training
- 3) Vocational/Technical
- 4) Community College
- 5) College/University

An individual is eligible for training:

1. if the individual meets basic eligibility requirements;
2. if the individual is mentally, physically, and temperamentally capable of completing the training and performing the resulting job;

3. The individual meets the admissions criteria to enter the training program. If the training program is a college or university program, the individual must meet the admissions criteria to enter into a State of Arkansas public institution which confers the degree being sought.
4. if the individual has ~~no marketable or transferable skills~~ which, within the limitations of the disability, can be used ~~for satisfactory employment~~ to reach the employment goal specified in the IPE;
5. if there is adequate labor market demand for which the individual is to be trained
*Labor market demand can be found on O*NET, Department of Labor and local workforce centers.

*If there is no evidence of adequate labor market demand or demand is unknown, training will require justification and documentation to support potential competitive and integrated employment outcome and requires Manager's approval.

It is the policy of ARS to ~~provide~~ **perform assessments and require evaluations and/or testing to ensure** the "individual-appropriate" training services ~~needed~~ **feasible** to achieve employment. Individual-appropriate services reflect the unique strengths, priorities, concerns, abilities, capabilities, and career interests of each eligible individual. These ~~individual-appropriate services may be based upon a review~~ **assessments and evaluations should show that the individual is a good candidate for the training program. It should also address the individual's potential for success, including identifying and addressing the potential barriers.** To the extent needed, ~~of the following: the following~~ **should be addressed:**

- 1) An analysis of pertinent medical, psychiatric, psychological, neuro-psychological, and other pertinent vocational, education, cultural, social, recreational, and
- 2) Environmental factors, and related functional limitations, that affect the employment and rehabilitation needs of the individual;
- 3) An analysis of the individual's personality, career interests, interpersonal skills, intelligence and related functional capacities, educational achievements, work experience, vocational aptitudes, personal and social adjustments, and employment opportunities;
- 4) An appraisal of the individual's patterns of work behavior and services needed to acquire occupational skills and to develop work attitudes, work habits, work tolerance, and social and behavior patterns suitable for successful job performance; and
- 5) An assessment, through provision of rehabilitation technology services, of the individual's capacities to perform in a work environment, including in an integrated setting, to the maximum extent feasible and consistent with the individual's informed choice.

ARS recognizes that the transition from high school to post-secondary training is a crucial time and is a period of change and stress. Training options beyond the vocational-technical level must have documentation based on the assessment of rehabilitation needs that the individual can be successful in the selected training area.

~~An individual is eligible for training:~~

- ~~1. if the individual meets basic eligibility requirements;~~
- ~~2. if the individual is mentally, physically, and temperamentally capable of completing the training and performing the resulting job;~~
- ~~3. if the individual has no skill which, within the limitations of the disability, can be used for satisfactory employment;~~
- ~~4. if there is every indication employment can be found in the trade or occupation for which the individual is to be trained; and~~
- ~~5. after every effort has been made to utilize comparable benefits and other resources.~~

FINANCIAL AID

The role of ARS is not to act as the primary funding source for training programs. All clients pursuing training programs are required to explore, and when appropriate, apply for funding from sources other than ARS. Federal VR funds cannot be used to pay training costs in institutions of higher education unless every effort has been made to secure financial assistance, in whole or in part, from other funding sources. In all training cases, the record of services must include evidence that applications were made and the individual will or will not receive assistance. Evidence of approval of receipt of financial assistance may be documented through a financial aid award letter. This letter originates at the training institution and lists the type/amount received by semester (quarter). Federal law requires students to accept/reject awards by signing on this letter.

The counselor will provide general information regarding various alternative-financing sources; however, the individual is responsible for securing financial aid. Documentation must be presented to the counselor prior to the school's established payment deadline. This documentation can include: college award letter, Student Financial Aid grant response letter, on-line Student Financial Aid grant printouts, or copies of Student Financial Aid grant application forms.

If the student has defaulted on a Guaranteed Student Loan, the student will be denied a Pell Grant and other forms of financial aid. Before spending ARS funds for training, the consumer must arrange to repay the defaulted loan, and provide supporting documentation of progress throughout the plan year.

The counselor will utilize the basic cost of education reported from the school that the individual attends. The applicable Student Financial Aid categories are dependent, on campus, dependent off campus, and independent. The basic cost may include tuition books, fees, room and board (**maintenance**), supplies and transportation.

Please see the policy guidance on maintenance and transportation for information on the application of these separate policies to training cases. Maintenance may only be considered for those expenses incurred that are directly related to attending college and are in excess of normal living expenses. Expenses such as housing may be considered at a rate of 70% of the lowest double occupancy dorm room cost per term.

ARS will finance Arkansas state tuition costs as an Arkansas resident for all training programs found within the State of Arkansas. This includes programs that have the

same exit degree, diploma, or certificate awarded. The individual will be responsible for all fees in excess of the cost of the in-state fees.

ARS will only sponsor individuals at institutions that are fully accredited by the appropriate accrediting authority.

Every effort will be made to secure training nearest where the individual's primary residence is located. Individuals who choose to attend a school outside of the commuting distance (50-mile radius) will incur the additional costs associated with that choice.

The individual will indicate choice of school and course of study in accordance with informed choice by signing the IPE.

NOTE: ARS will not be bound to any agreement or contract the individual entered into prior to signing the IPE.

A threshold of \$5000 has been established per twelve-month period beginning with initiation date of the IPE for tuition, required textbooks, academic fees, maintenance, and transportation. **For an exception form refer to Appendix G.**

COLLEGES AND UNIVERSITIES

ARS will assist individuals in pursuing two and four-year College and university training programs in only those colleges and universities accredited by the appropriate accrediting agency and whose courses will be given full recognition by other accredited colleges and universities. It is the counselor's duty to determine if the selected institution is approved by the State Department of Education or by another qualified accrediting Agency of the state in which it is located.

ARS will only sponsor an individual to the bachelor's degree level unless sufficient justification is provided in writing that demonstrates that the individual is unable to reach the desired employment goal without additional training and education. This information should be obtained from an employer or other credentialed professional in the field for which the individual is seeking an advanced degree.

The individual will provide a yearly degree audit signed by an academic advisor or program supervisor. This degree audit will be used to ensure that the required course work is being taken for consideration of continued ARS funding. The yearly audit will also ensure that the classes are being taken that lead to the degree and employment goal listed on the IPE.

Preference will be given to institutions in Arkansas. If training is not available within the State, or if there are other circumstances, which the counselor feels justifies out-of-state training, such training will be permitted **on a case-by-case basis.**

If training is available within the State of Arkansas and the client attends an out-of-state institution, the maximum amount payable will be the same as that paid if the individual would be attending an institution within the State as a full-time student. **The individual must attend on a full-time basis.** The cost of tuition, fees, textbooks, ~~maintenance, and transportation~~ will not exceed the institution's established education costs.

The application of maintenance and/or transportation costs will be applied according to the maintenance and transportation policies. Maintenance may only be considered for those expenses incurred that are directly related to attending college and are in excess of normal living expenses. Expenses such as housing may be considered at a rate of 70% of the lowest double occupancy dorm room cost per term.

The cost of private school training will not exceed the cost of State of Arkansas supported institutions. For training at a private Arkansas institution, ARS may supplement the individual's resources and pay up to, but not more than, training fees at State supported institutions for a full-time student. If training is not available within the State, ARS may pay the fees charged by the particular out-of-state university or college for a full-time student.

A threshold of \$5000 has been established per twelve-month period beginning with initiation date of the IPE for tuition, required textbooks, academic fees, maintenance, and transportation. For an exception form refer to Appendix G.

Required Time Frames for Completion of Academic Training

ARS sponsorship of academic training is limited to the following time frames:

- An associate's degree must be completed within three years.
- A bachelor's degree must be completed within a total of six years (including time at a junior college or community college).
- A master's degree must be completed within three years (this does not include time to complete bachelor's degree before beginning the master's degree program).

When a consumer has spent time in a college or university before ARS sponsorship, prorate the time frames according to the remaining hours needed to complete the degree. This information can usually be found on the student's individualized degree plan from the college or university. Document the justification for the prorated and agreed upon time frame in the ECF. **For an exception form refer to Appendix G.**

ADVANCED DEGREE

It is ARS policy to assist individuals in obtaining an advanced degree only when this degree is a minimum requirement for the vocational objective. The decision to obtain an advanced degree must be determined at the time of initial plan development. ~~For example: A client whose vocational objective is teaching may not change the objective to superintendent or principal in order to receive further ARS financial assistance.~~

ARS may assist clients beyond the Bachelor level in occupations that require advanced training for entry level, such as medicine, dentistry, law, **science, technology, engineering and mathematics**, and this need must be determined at the time of plan development. ARS will sponsor advanced degrees beyond the bachelor's level with sufficient justification provided in writing that demonstrates that the individual is unable to reach the desired employment goal without additional training and education. This information should be obtained from an employer or other credentialed professional in the field for which the individual is seeking an advanced degree.

FULL-TIME STUDENT UNDERGRADUATE

A full-time student receiving financial support from ARS is one who completes 12 per semester hours or 6 semester hours for per summer term at the college level. **ARS will follow the same timeline for completion of an undergraduate program as established by Federal Student Aid. Individuals will have no more than 6 years or 12 semesters to complete an undergraduate degree.**

At the counselor's discretion, exceptions may be made when the record of services reveals that, because of the severity of the disability or for other obvious reasons such as schedule difficulties, the need for part-time work or upon the recommendation from the client's physician, school officials, etc., the client cannot be expected to carry 12 hours of course work. Documentation of the exception must be made in the ECF.

FULL-TIME STUDENT GRADUATE LEVEL

An individual taking 9 semester hours or 6 quarter hours is considered a full-time graduate student. Individuals seeking a master's level program must be enrolled on a full-time basis. The individual has no more than 3 years to complete the graduate level program.

FULL-TIME STUDENT DOCTORATE LEVEL

Doctorate programs differ in programming and requirements. A yearly audit of the coursework and progress towards the doctoral level program is required. An individual has 7 years to complete an approved and accredited doctorate program.

SUMMER COURSES

At the counselor's discretion, ARS will pay for summer courses for students classified as a junior or higher.

REMEDIAL COURSES

ARS will pay for a total of ~~9 (nine)~~ 6 semester hours of remedial courses to fulfill academic requirements within the first year of college. The counselor will review the above policy with the client and document in a case note using the "description": ARS Policy on Remedial Course.

SATISFACTORY PERFORMANCE – COLLEGE AND UNIVERSITIES

Any full-time college student who does not complete 12 hours of course work during the regular semester or 6 hours during summer semester with a "C" average (2.0) may be placed on probation for the following semester at the counselor's discretion. If the client is placed on probation and fails to make a "C" average (2.0), college training will be terminated. **More than one probationary period during the student's entire training program will require the Manager's approval.** Failure to do acceptable college course work will result in a re-evaluation of the client's program and the selection of a more realistic vocational objective.

GRADES – COLLEGES AND UNIVERSITIES

The counselor is responsible for obtaining grades from student to document satisfactory progress. This responsibility should be delegated to the student. The Grades (GPA) will be used as the measure of satisfactory progress and must be provided to the counselor in a timely manner in order to approve payment for tuition for the next semester. The Responsibilities of College Students Form must be signed by the individual and counselor and placed in the individual's record of services prior to the initial semester and each following fall semester.

Accredited universities/colleges are beginning to offer classes via Internet and other distance education options. These classes can provide college training to individuals with most significant disabilities whose accessibility or environmental needs made traditional campus-based training difficult.

This type of training, however, may be impractical for students who require the reinforcement and motivation of time-scheduled classes and social participation. Because of the many non-accredited correspondence courses offered by businesses or companies, the counselor should evaluate this option carefully.

PROCEDURE – COLLEGE AND UNIVERSITY TRAINING

- Documentation of the action to be taken will be made in the case note.
- The individual will provide the counselor with documentation of any financial aid awards and scholarships. This documentation can include: college award letter, Student Financial Aid grant response letter, on-line Student Financial Aid printouts, or copies of Student Financial Aid grant application forms. Attach documents to the ECF.
- The individual will provide a copy of an official degree plan at IPE to the counselor. Attach documents to the ECF.
- The individual will provide yearly a degree audit signed by an academic advisor or program supervisor, and will be used to ensure that the required course work is considered for ARS funding and that good progress is made toward the training outcome.
- The counselor will review the grade report each period.

COLLEGE TEXTBOOKS

ARS may purchase required textbooks for full-time students who are making satisfactory progress. Authorizations for textbooks must be submitted to the bookstore in a timely manner, usually prior to the beginning of classes. **Payments for textbooks must fall within the \$5000 threshold unless an exception is approved.** The request for payment from the bookstore must be accompanied by a list of books purchased, individual book price, and the individual's signature.

If training is available within the State and the individual attends an out-of-state school, the maximum amount payable will be the same as that paid if the individual would be attending an institution within the State as a full-time student. Satisfactory performance in a non-academic program will be documented by a progress report indicating satisfactory progress in the training program.

PROCEDURES – VOCATIONAL SCHOOL

- Documentation of the action to be taken will be made in the case note.

COSMETOLOGY/BARBER SCHOOL

ARS may purchase training for qualified individuals in cosmetology/barber schools capable of providing training necessary for the individual to attain the vocational objective. **Cosmetology/Barber Schools must have the ability to accept federal financial aid as a comparable benefit.** ARS requires a copy of the school's program costs and Student Financial Aid grant eligibility or ineligibility be placed in the individual's ECF by the time of plan development. Tuition will be authorized and paid at an hourly rate. Billing will be processed only with receipt of a monthly progress report verifying the number of hours the individual attended.

The District Manager's approval is required if extenuating circumstances occur such as changes or expenses beyond the agreed rate, or additional training time to meet the required 1500 hours. For an exception form refer to Appendix G.

Satisfactory performance in a non-academic program will be documented by a progress report.

Maintenance is a supportive vocational rehabilitation service in the form of cash payments which should be made first to a vendor, maintenance payments written directly to clients for basic living expenses such as food, shelter, clothing, or other incidental needs so a consumer may participate in a specific service. In all cases the most cost effective solution as well as comparable services must be applied.

Maintenance is a support which is provided, if necessary, so that the consumer can derive full benefit of vocational rehabilitation services, accomplish the vocational goal, and achieve a successful employment outcome. Progress towards the employment goal must be maintained in order to continue maintenance as a supportive service.

The counselor must first exhaust the assistance available through the Social Security Administration, consumer resources, and any other comparable services or benefits programs before funding maintenance support.

MAINTENANCE FOR TRAINING

To participate in vocational, prevocational, or college training, the consumer may need maintenance assistance for supplies, room and board in excess of normal living expenses. ARS will provide maintenance assistance in the event the client is moved outside of a 50-mile radius of his/her existing domicile to participate in an approved training program. Training programs nearest the client's primary residence will first be

considered for cost effectiveness. Maintenance is to cover the additional costs incurred in excess of normal living expenses. Maintenance assistance is temporary and is not meant to cover the cost of the client's primary living situation.

GUIDELINES

A consumer living in their own residence (house or apartment), will not receive maintenance for living expenses they would normally incur if they were not involved in a rehabilitation program.

Consumers are to provide the counselor with a copy of the most current rental or lease agreement in order for maintenance payments for the purpose of rent to be authorized.

Individuals who receive SSI or SSDI cash benefits are expected to use those funds for their normal living expenses, but not for payment of VR services. The Counselor must first utilize comparable services/similar benefits such as Social Security, community resources, and consumer resources before any ARS funds can be committed for rental assistance payments.

All maintenance payments will not exceed the cost of **subsistence**, provided in connection with VR services at any time from the date of initiation of services.

After job placement, maintenance may be paid at subsistence level for job retention.

Maintenance payments for rent, mortgage, and room and board will be paid based on Fair Market Rent documentation system by HUD. Maintenance will be made in accordance with the IPE with a maximum of 3 months of payment per plan year.

SUPPORTED EMPLOYMENT SERVICES (SES)

See Appendix C for **additional information** on the SE process.

Supported Employment means competitive integrated employment, including customized employment, or employment in an integrated work setting in which an individual with a most significant disability, including a youth with a most significant disability, is working on a short-term basis toward competitive integrated employment that is individualized and customized, consistent with the unique strengths, abilities, interests, and informed choice of the individual.

- A) For whom competitive integrated employment has not historically occurred, or for whom competitive integrated employment has been interrupted or intermittent as a result of a significant disability; and
- B) Who, because of the nature and severity of their disabilities, need intensive supported employment services and extended services after the transition from support provided by the designated State unit, in order to perform this work.

Supported Employment (SE) is a "place then train" model, which is a two-part process:

1. Place an individual with the most significant disabilities in a competitive job, and then:
2. Provide training and support directly related to the job.

Unlike the traditional VR model, which provides job readiness and other training activities to prepare an individual for employment, this model is more appropriate for an individual with the most significant disabilities. Problems transferring knowledge from an artificial training situation to a real job are eliminated, because the focus is on finding the best job match and providing training for that particular job.

ARS typically does not consider temporary employment or seasonal work as competitive integrated employment, but may be an exception by the manager.

ARS will provide supported employment services to any individual who is determined eligible for services who has a most significant disability and for whom competitive employment has not traditionally occurred or has been interrupted or intermittent as a result of their disability.

- 1) the ability to engage in a training program with supports leading to supported employment;

- 2) a need for on-going support services in order to perform competitive work; and
- 3) the ability to be employed in an integrated setting in which individuals are working toward competitive employment.

Supported Employment - Short Term Basis

(Manager approval required.)

For purposes of supported employment, an individual with a most significant disability, whose supported employment in an integrated setting does not satisfy the criteria of competitive integrated employment, as defined in 34 CFR 361.5(c)(9), is considered to be working on a short-term basis toward competitive integrated employment so long as the individual can reasonably anticipate achieving competitive integrated employment—

1. Within six months of achieving a supported employment outcome; or,
2. In limited circumstances, within a period not to exceed 12 months from the achievement of the supported employment outcome, if a longer period is necessary based on the needs of the individual, and the individual has demonstrated progress toward competitive earnings based on information contained in the service record.

Six-month short-term basis period, and the additional six months that may be available in limited circumstances, begins **after** an individual has completed up to 24 months of supported employment services (unless a longer period of time is necessary based upon the individual's needs) and the individual has achieved a supported employment outcome, meaning that the individual is stable in the supported employment placement for a minimum period of 90 days following the transition to extended services. At this point, the individual has achieved a supported employment outcome in accordance with the criteria set forth in §363.54.

Supported Employment involves full or part-time employment averaging at least 15 hours per week for each pay period. **If the individual's disability limits the hours, a justification memo is required for requesting manager approval. It may be less than 15 hours with District Manager's approval. For an exception form refer to Appendix G.**

Ongoing support services are provided at least twice monthly at the worksite ~~(except for ongoing behavioral health issues)~~ by the Supported Employment Vendor. Under special circumstances at the request of the individual and documented in the IPE, the vendor may provide off-site monitoring with twice monthly meetings until the ARS case is closed. ~~Ongoing support provided after ARS case closure throughout the term of employment~~ Extended Services is provided by a vendor after ARS case closure throughout the term of employment. If not available through another source, ARS will provide extended services for youth under the age of 25 for up to 4 or until the age of 25, after the youth has obtained competitive integrated employment.

Individuals employed through Supported Employment services must meet the following criteria:

1. Be engaged in employment paid at or above minimum wage;
2. Work performed must be compensated with the same benefits and wages as other workers in similar jobs receive. This includes sick leave, vacation time, health benefits, bonuses, training opportunities, and other benefits.
3. Need and be provided ongoing, support services in order to maintain employment, which may include natural supports provided by the employers; and
4. Be employed in an integrated setting.

After the ARS case is closed ~~and a letter is provided to the vendor~~, an individual eligible for waiver- funded services must seek Extended Services (ongoing long-term employment support i.e., ongoing job coaching) through the Department of Human Services - Developmental Disabilities Services (DDS) with the Provider-led Shared Savings Entity (PASSE) being the funding source.

Manager approval required: The ~~24~~48-month limitation on the provision of supported employment services may be amended to permit extension of this service on a case-by-case basis as determined by the counselor ~~and with a documented justification in the case note and on the IPE. Document justification for the additional service in the case note.~~

NOTE: Supported Employment Services shall be provided for a period of time not to exceed 24 months, unless under special circumstances the eligible individual and the rehabilitation counselor jointly agree to extend the time to achieve the employment outcome identified in the individualized plan for employment. The counselor will provide a justification memo in the ECF stating why the individual's disability requires an extended period of time approved by the manager.

When a job is lost ~~after the case is closed~~, the counselor should take a new referral. The counselor can reinstitute supported employment services for a former consumer ~~individual~~ in instances of job destabilization or potential upgrade.

All ARS requirements related to the provision of services will apply in the provision of supported employment services.

PROVISION, IMPACT AND SCOPE OF SERVICES TO FAMILY MEMBERS

~~Services may be provided to an individual's family when necessary for the individual to attain the vocational objective. These services must substantially contribute to the individual's rehabilitation. The necessity of service provision to an individual's family should be based on a study of the individual's needs. This includes problems faced by the family in support of the individual's rehabilitation. Substantial impact services are those that allow or increase the opportunity for an individual's use of VR services. Without these services, the individual would be unable to begin or continue the IPE, which may result in delayed employment or unachievable employment. The individual and their family member(s) must be jointly involved in deciding if services to a family member can contribute to the individual's rehabilitation program. In developing the IPE, it is important that both the individual and family members understand the basis for provision of family services, i.e., such services must be necessary to the individual's~~

adjustment or vocational rehabilitation.

~~While the counselor often sees family members during the preliminary or thorough diagnostic study, these interviews and any incidental advice provided during such sessions are not considered a service to a family member. Rather, such interviews and counseling are part of the process of determining the individual's eligibility for VR or the scope of services to be provided.~~

Services may include childcare (up to 3 months), training, transportation (up to 3 months), relocation of the family to an area where work is available for the individual (up to 3 months), and any other necessary support services for the individual. These services may include any VR services and may be

~~provided without age restriction of the family members.~~ **Services to family members must be included on the IPE.**

~~Educating the family on the importance of using personal resources, family support, and other available community resources is essential to the successful completion of the rehabilitation program. Appropriate and available resources should be fully utilized in the provision of services to an individual's family when necessary to the individual's adjustment or rehabilitation. Any contribution by family members to the cost of these services is regarded as participation by the individual.~~

Although these services are intended for the individual's benefit, the family member(s) will also benefit. A family member with a disability that might qualify the individual for VR services should be considered a prospective ARS consumer.

PROCEDURES – SERVICES TO FAMILY MEMBERS

- The counselor must document in the case note why services are needed, which family member needs services, what services are needed, how the services will contribute to the individual's adjustment or rehabilitation, and how services will be secured in accordance with informed choice.
- Refer to ARS Vendor List or secure W-9 from new vendor.
- The case management system will generate the status move after required data is keyed for appropriate Status.
- Required information **must be keyed** into the case management system for ARS Purchase~~d~~ Authorization.
- When billing statement is received, verify the individual received the service. Document in the ECF.
- Required information **must be keyed** into the case management system for payment. Support staff will be responsible for making payments. Payment will not be processed without an attached bill from the vendor.

TERMINATING SERVICES TO FAMILY MEMBERS

~~Services to family members can be an integral part of the individual's VR, Trial Work Experience or EE program, service termination should be considered when the service no longer substantially contributes to the individual's program or when the individual is rehabilitated.~~

~~When the individual has been placed in employment and the case is ready for closure, but services to the family members have not been completed and are still expected to substantially contribute to the individual's rehabilitation program, the~~

POST- EMPLOYMENT SERVICES

Post-employment services may be provided after the individual has been closed as Rehabilitated (Status 26) and needs services to maintain, regain or advance employment. Post-employment services may only be provided to individuals in Status 32. Cases that are closed in Status 26 can only be placed in Status 32.

These services are available to meet rehabilitation needs that do not require a complex and comprehensive provision of services and, thus, should be limited in scope and duration. If more comprehensive services are required, then a new rehabilitation effort should be considered. Post-employment services are to be provided under an amended individualized plan for employment; thus, a redetermination is not required.

NOTE: Procedures to develop a Status 32 closure are covered in the Closure Section VIII.

NOTE: Post-employment services will not exceed 18 months; however, an extension of time can be requested from the District Manager, Deputy Chief of Field Services, and Chief of Field Services.

PROCEDURES – POST- EMPLOYMENT

- Case must be in Status 32 to provide post-employment services.
- The counselor must maintain contact with the individual, employer, and vendors who may be involved in the provision of services.
- Document in the case note the justification for post-employment services and the individual's progress in maintaining employment.

If the individual's VR counselor deems assistive technology or rehabilitation engineering services appropriate, the counselor may refer the individual for evaluation and assessment by the Assistive Technology Program ("Access and Accommodations"). Access and Accommodations section. In order to refer to Access and Accommodations Access and Accommodations section, the counselor will follow the procedures for evaluation and assessment found in Appendix B (Special Programs-Access and Accommodations Access and Accommodations) and Appendix E (Forms-AT & Work Access and Accommodations).

All new or initial wearers and individuals who have had difficulty wearing a limb may be referred to the ~~ACTH Amputee Clinic~~ **Access and Accommodations** for evaluation. (See Appendix C.)

ARS will purchase prosthetic and orthotic devices from certified professionals in the area of expertise by the American Board of Certification on Orthotics and Prosthetics in accordance with informed choice. Artificial arms, legs, and components must be purchased through prosthetics certified by the American Board of Certification on Orthotics and Prosthetics. HEARING AID SERVICES

Hearing aid services may be considered as part of an individual's Employment Plan when the individual requires amplification to manage the required communication on the job. The technology involved with hearing aids changes rapidly, and it is important that counselor and client understand the employment related communication requirements, and the available options, when providing amplification. The Access and Accommodations Program can provide recommendations as to listening devices and expertise regarding medical evaluations and reports. To make a referral to Access and Accommodations, see Appendix B (Special Programs-Access and Accommodations) and Appendix E (Forms-Access and Accommodations).

To determine eligibility, the counselor will utilize medical reports issued within the past year ~~three (3) months~~ by a licensed otologist, otolaryngologist, or ENT. ~~or other medical specialist knowledgeable in diseases and conditions of the inner ear.~~ A report from the individual's primary-care physician may be utilized, in the counselor's discretion and with the approval of the district manager. In all events, the individual must have an audiological or hearing aid evaluation performed or approved by a licensed audiologist or hearing instrument specialist with national board certification. This evaluation must not be more than one-year-old at the time of the eligibility determination. A hearing instrument specialist must have 3 years of experience and must have passed the NBC-HIS National Certification (see <http://www.nbc-his.com>) in order to be an approved vendor.

In order for an individual to be eligible for hearing aid services, the audiological or hearing aid evaluation must document significant improvement (with the addition of hearing aids) in speech reception, speech recognition, and discrimination awareness as to environmental sounds. The evaluation must demonstrate unaided hearing loss of 41 decibels or greater ~~(unaided)~~ as measured by the Speech Reception Threshold (SRT) or Pure Tone Average (PTA) (measured at 0.5, 1, 2, and 3 kHz). Thus, hearing loss must be at least moderate on the following hearing-loss scale, listed in decibels:

Normal: 10 to 15
Slight: 16 to 25
Mild: 26 to 40
Moderate: 41 to 55
Moderately severe: 56 to 70
Severe: 71 to 90
Profound: 91+

If hearing aids are indicated, the evaluation must specify the suitable type of aid (analog or digital), provide the make and model, and state whether the individual would benefit from monaural or binaural aids. Hearing aid adjustments will be included as part of the ARS purchase, subject to informed choice and the individual's Employment Plan. The evaluation must also include information on warranties, service plans, accessories, and other recommended services, if any. All hearing aids should include a telecoil, unless the audiologist or hearing instrument specialist can provide justification for why the client preferred an aid without telecoil connectivity.

PROCEDURES – HEARING AID SERVICES

Preliminary and Diagnostic

- Documentation of the action to be taken will be made in the case note.
- Counselor will utilize medical reports issued within the past year by a licensed otologist, otolaryngologist, or ENT ~~other medical specialist knowledgeable in diseases and conditions of the inner ear.~~ A report from the individual's primary-care physician may be utilized with counselor discretion and supervisory approval.
- ~~• If current medical reports are not available, the counselor will refer the individual to an appropriate specialist or primary-care physician.~~ To the extent such diagnostic services are not covered by medical insurance available to the individual, ARS may purchase the services.
- Counselor will utilize audiological or hearing-aid evaluation issued within the past year ~~by~~ from a state licensed audiologist or nationally certified hearing instrument specialist. To the extent such evaluations are not covered by medical insurance available to the individual, ARS may purchase the evaluations.
- The ARS Hearing Aid Order form will be completed by the audiologist or hearing instrument specialist, in order to provide the client and counselor a written estimate of hearing aid cost, make, model, type, warranty, service plan, and related information.
- Counselor will meet with individual to discuss the medical reports and audiological/hearing-aid evaluation.

Comparable Benefits and Selection of Vendor

- If the reports and evaluation conclude that hearing aids are indicated for the individual's hearing loss, the counselor will discuss potential hearing-aid vendors and comparable benefits. If hearing aids are not indicated, hearing-aid services will not be provided (subject to further medical and audiological evaluation of the individual, as needed).
- Services are based on financial need and comparable benefits will be utilized. Counselor will verify whether the individual is covered by medical insurance that pays for hearing aids in whole or in part. ARS will authorize purchase of the hearing aids recommended by the audiologist/hearing instrument specialist only after the counselor has reviewed written documentation of the amount of coverage or lack of coverage. Any available

coverage will be used as the required comparable benefit. Social Services Block Grants to defray the cost of hearing aids must also be considered.

- For purposes of informed choice, the counselor will refer to ARS Approved Vendor List and discuss possible vendors with the individual. If the evaluation from the audiologist/hearing instrument specialist recommends a type or brand of hearing aid that cannot be purchased from an approved vendor, the counselor may consider securing a W-9 from a new vendor that can fill the order. Regardless of the vendor selected, ARS will issue payment based on the criteria below.

Payment for Hearing Aids

- Invoices for hearing aids must be itemized. Each line item must correspond to the recommendations for the individual in the audiology/hearing aid evaluation.
- Line items for devices not recommended for the individual in the audiology/hearing aid evaluation may be rejected if inconsistent with the individual's Employment Plan. Non-itemized or bundled invoices will be rejected and returned to the vendor.

VII. INDEPENDENT LIVING REHABILITATION SERVICES - DEFINITION AND INFORMATION

Independent Living Rehabilitation Services (ILRS) are any appropriate vocational rehabilitation services (as defined under Title I of the Rehabilitation Act) that will enhance the ability of an individual with a significant disability to live more independently and function within his/her family or community and, if appropriate, secure and maintain appropriate employment.

Services may be provided under this title to any individual whose ability to engage or continue in employment, or whose ability to function independently in the family or community is so limited by the severity of the disability that vocational or comprehensive rehabilitation services are required to significantly improve either the ability to ~~engage in employment~~ or to function independently in the family or community. Priority of services under this part shall be given to individuals not served by other provisions of the Rehabilitation Act.

The term "comprehensive services for independent living" means any appropriate vocational rehabilitation service (as defined under Title I of the Rehabilitation Act) and any other available service that will enhance the ability of an individual with disabilities to live independently and function within the family and community and, if appropriate, secure and maintain appropriate employment. ~~Such service may include any of the following: counseling services, including psychological, psychotherapeutic, and related services; housing incidental to the purpose of this section (including appropriate accommodations to and modification of any space to serve individuals with disabilities; appropriate job placement services; transportation; attendant care; physical rehabilitation; therapeutic treatment; needed prostheses and other appliances and devices; health maintenance; recreational services; services for children of preschool age including physical therapy, development of language and communication skills and child development services; and appropriate preventive services to decrease the needs of individuals assisted under the program for similar services in the future.~~

An individual's eligibility for ILRS services is based in part on the expectation that the individual will be present and able to participate in services. If/when an individual is in an institution at the time of referral or enters an institution after they have applied for services, ~~their presence in an institution may affect their eligibility~~

~~for services~~ **the counselor may conclude that the person will not be available to take part in a rehabilitation program and will affect the individual's ability to meet the reasonable expectation that ILRS may significantly assist to improve his/her ability to function independently in family or community. The projected length of stay in the institution is another concern of the counselor and will need to be taken into consideration. Examples of long term institutional stay would be: home placements, human development centers, prisons, nursing homes, and psychiatric hospitals**

~~A person's eligibility for ILRS services is based in part on the expectation that the individual will be present and able to participate in services. When a person is in an institution, the counselor may conclude that the person will not be available to take part in a rehabilitation program. The presence of an individual in an institution affects~~

~~that person's ability to meet the reasonable expectation that ILRS may significantly assist the individual to improve his/her ability to function independently in family or community or to engage or continue in employment and maintain independent functioning. One of the main concerns as a counselor is the projected length of the person's stay in the institution. For example, if a person is very ill and must enter a hospital for a lengthy stay, is it reasonable to expect they cannot benefit from services. Examples of institutions in which residents may spend a long period of time are group home placements, human development centers, prisons, nursing homes, and psychiatric hospitals.~~

ILRS CASE STATUS CLASSIFICATIONS

70 Referral/Applicant Status

Counselor will complete Demographic, Referral (status 00), Application, ILRS Unplanned Authorization, and Case Information Form

71 Closure from Referral/Applicant Status **Ineligibility Status**

72 ~~Active~~ **Eligibility Status/IWILP**

73 Closure from Active Status (Services Not Completed) **Complete RS-600C See Appendix E-49**

74 **IWILP Progress**/Closure from Active Status (Services ~~Completed~~ **Provided**)

ELIGIBILITY

Eligibility requirements will be applied without regard to sex, race, age, creed, color, national origin, or type of disability of the individual applying for services. No group of individuals will be excluded or found ineligible solely on the basis of type of disability. A person who meets basic eligibility requirements cannot be determined ineligible because of their age. Residence requirements are the same as for VR services. **Title XX program provides social services for low income families and individuals. Eligibility is determined by two factors: monthly income of the family and size of the family living on this income. Income requirements do not include: money borrowed, gifts, educational grants, food stamps, earnings of a child under 14. Clients must be eligible for Title XX to receive services except: Counseling and guidance, placement and follow-up, and initial diagnostic study.**

RESPONSIBILITY FOR DETERMINING ELIGIBILITY

ARS has the sole responsibility for determining the eligibility of individuals for ILR services. This responsibility remains within the Agency and will not be delegated to any other Agency or individual. The Commissioner has delegated the primary duty for this determination to the counselor. The counselor is required to establish documentary evidence to support the decision and must execute a Certificate of Eligibility/Ineligibility for ILR Services. In every case, the Certificate of Eligibility/Ineligibility for ILR Services must be completed prior to authorization of case service funds except for diagnosis.

BASIC ELIGIBILITY REQUIREMENTS FOR ILR SERVICES

The counselor is required to show the following conditions exist for each individual determined eligible for ILR services:

- 1) The individual has a significant physical or mental disability with resulting functional limitations in activities.
- 2) These significant limitations constitute a substantial impediment to function independently in family or community or to engage or continue in employment.
- 3) There is a reasonable expectation that ILR services may significantly assist the individual to improve his/her ability to function independently in family or community or to engage or continue in employment and maintain independent functioning.

The following paragraphs define the basic criteria:

Significant Physical or Mental Impairment means a physical or mental condition that seriously limits one or more functional capacities (mobility, communication, self-care, self-direction, interpersonal skills, work tolerance or work skills) in terms of ability to function independently in family or community or to engage or continue in employment.

Substantial Impediment to Function Independently means an individual's ability to live an independent life is significantly restricted, there is a loss of independence, or an individual needs special help to be independent and that services provided will reduce or correct the resulting functional limitations of the disability, overcome the obstacles to independence and/or will significantly assist the individual to improve his/her ability to function independently in family or community or to engage or continue in employment and maintain independent functioning. ~~Consideration should be given to such factors as medical diagnosis, age, education, appearance, personality, attitude, interest, resources, environment, expressed desires, work history, and work opportunities.~~

ECONOMIC NEED AND COMPARABLE BENEFITS

Services are based on financial need and comparable benefits will be utilized. Services are intended to be comprehensive and one-time services to enable individuals to live and function independently in the home, family, or community. ~~and/or to maintain employment.~~

Note: Hearing Aides and related services: Title XX SSBG must be considered as the priority funding source if available.

In all cases, comparable benefits must be considered. If assistive technology is needed, referral to the ~~Assistive Technology AT @ Work program~~ **Access and Accommodations** is required for consideration of comparable benefits. (Refer to Appendix B-20).

CERTIFICATION OF ELIGIBILITY/INELIGIBILITY ELIGIBILITY

The counselor is required to complete the ILRS Certificate of Eligibility/Ineligibility for services in the individuals ECF. The certificate shall contain the individual's name; eligibility date, and signature of the counselor. The counselor shall complete a case note. The certificate must be completed simultaneously with, an individual's acceptance for services. (See Forms Appendix E48)

INELIGIBILITY

When it has been determined that an individual is ineligible for ILR services, the counselor is required to initiate a Certificate of Eligibility/Ineligibility to close the ECF. Ineligibility certification will be made only after full participation with the individual or, as

appropriate, parent, guardian or representative after an opportunity for consultation. This certificate will be dated and signed by the counselor and the individual, their parent/guardian or their representative. In such cases, the counselor will notify the individual in writing of the action taken. When appropriate, referral will be made to other agencies and facilities. The individual may appeal the ineligibility determination.

ARS will provide the individual with information on the means by which an appeal can occur, including informal and formal due process procedures, such as administrative review, mediation and review by an impartial hearing officer. The counselor will also provide the individual with information regarding services available from the Client Assistance Program and how to contact the Client Assistance Program.

The basic reasons for ineligible determinations are:

- 1) The diagnostic evaluation fails to establish a significant disability.
- 2) There is no functional limitation to independent living.
- 3) There is no potential for independent living because the prognosis is unfavorable, services were refused or unavailable, the individual is uncooperative, institutionalized, dies, or cannot be located.
- 4) The counselor should be sure the individual understands the purpose of the program and the services that are available.

(See Forms Appendix E49)

ILRS INDIVIDUALIZED PLAN

The counselor must complete a plan for services.

The components that the ILRS plan must contain:

- 1) A specific Independent Living Services goal consistent with informed choice,
- 2) Criteria for evaluation of progress toward the ILRS goal,
- 3) Specific ILRS services,
- 4) Projected timelines for initiation and duration of services,
- 5) Entity to provide services and methods for procurement,
- 6) Responsibilities of the individual.

The services, service providers, and all activities selected by the individual must be necessary to meet the ILRS goal.

The individual or representative must sign and date the ILRS plan. The individual or representative must be given a copy of the ILRS individualized plan.

The counselor is the approving authority; therefore, the counselor's signature indicates approval of the ILRS individualized plan.

(Add Forms to Appendix E: IWILP, IWILP progress/closure report, ILS-3, DRS-4012/14, RS-4012, and initial service plan)

PROCEDURES – ILRS INDIVIDUALIZED PLAN

- The counselor will inform the individual of the options available for development of an Individualized Living Rehabilitation Services Plan.
- The counselor will inform the individual of the required components of the ILRS Plan.
- ~~(See Forms Appendix E)~~
- The case management system will generate the status move after required data

is keyed for status 72(ILS).

- Document the counseling provided at ILRS Plan development in the case note.

TERMINATION OF SERVICES UNDER AN ILRS INDIVIDUALIZED PLAN

When it has been determined that an individual cannot meet the projected goals, the counselor is required to initiate an Amendment to the ILRS Plan. The reasons for initiating an amendment are:

- 1) The individual does not follow through with the planned program or is uncooperative or
- 2) The individual dies, becomes institutionalized, leaves the state, or becomes too ill to continue the program.

The decision to close the case should be made only with the full participation of the individual, or, as appropriate, the parents, guardian, or other representative, unless the individual is no longer in the State, his/her whereabouts are unknown, **or deceased**. The individual or representative's participation in the decision shall be recorded in the ILRS Plan. The rationale will be recorded on an Amendment to the ILRS Plan certifying that the provision of ILR services has demonstrated that the individual is not capable of functioning more independently in family or community. ~~or engaging or continuing in employment.~~ The date of annual review will also be recorded on the Amendment.

RE-OPENING A CASE

A person with a significant disability may re-apply for ILR services at any time after 30 days of closure. In such a situation, the counselor must process the case in a manner similar to an individual applying for the first time. Every effort should be made to review and arrive at a decision on the basis of the present rather than previous conditions.

REVIEW OF INELIGIBILITY DECISION

~~When a case is closed as ineligible, because there is no reasonable expectation ILR services will significantly improve the individual's ability to function independently, an annual review will take place no later than twelve (12) months from the date of ineligibility determination. This review will be conducted so the individual, their parent, guardian or representative is given full opportunity for consultation in the reconsideration of the decision of ineligibility.~~

Review within 12 months and annually thereafter if requested by the individual or, if appropriate, by the individual's representative any ineligibility determination that is based on a finding that the individual is incapable of achieving an employment outcome. This review need not be conducted in situations in which the individual has refused it, the individual is no longer present in the State, the individual's whereabouts are unknown, or the individual's medical condition is rapidly progressive or terminal.

CASES CLOSED FROM STATUS 00/02 - CLOSED NOT REHABILITATED BEFORE/DURING EVALUATION (Status 08)

ARS will not close the case record of a referral or applicant prior to making an eligibility determination unless the applicant declines to participate, or is unavailable to complete an assessment for determining eligibility and priority for services. ARS will make a reasonable number of attempts to contact the applicant (at least one in writing) or the applicant's representative to encourage the applicant's participation. 34 C.F.R. § 361.44.

PROCEDURES – CLOSED NOT REHABILITATED BEFORE/DURING EVALUATION

- Complete Certificate of Eligibility/Ineligibility. (See Forms Appendix E)
- The case management system will generate the status move after required data is keyed for Status 08.

Note: An Annual Review is required on a case that has been closed as incapable of achieving an employment outcome due to the severity of disability. This review need not be conducted in situations, in which the individual has refused, no longer resides in the state, the individual's whereabouts are unknown, or the individual's medical condition is rapidly progressive or terminal. 34 C.F.R. § 361.43(e).

CLOSED NOT REHABILITATED DURING/ AFTER EVALUATION (Status 08)

An individual's record of services is closed from application or Trial Work Experience/Extended Evaluation when the VR eligibility conditions are not met or intervening reasons prevent eligibility determination. The ineligibility determination must be made based on clear and convincing evidence that the individual cannot benefit from services in terms of an employment outcome due to severity of disability. The counselor must include a formal certification statement indicating ineligibility for VR services in the individual's record of services.

A Certificate of Eligibility/Ineligibility will be dated and signed by the counselor. Ineligibility determination will be made only after full participation and an opportunity for consultation with the individual or, if appropriate, the individual's representative. In such cases, the counselor will notify the applicant in writing of the action taken, or by other appropriate modes of communication consistent with the informed choice of the individual, including the reasons for the ineligibility determination. When appropriate, referral will be made to other agencies and programs that are part of the One-Stop service delivery system under the Workforce Investment Act.

The individual may appeal the ineligibility determination. The counselor will provide the individual with information on the means by which an appeal can occur, including informal and formal due process procedures, such as administrative review, mediation and review by an impartial hearing officer. POST-EMPLOYMENT – (STATUS 32)

Status 32 is used when the need for post-employment services has been identified. Post-employment services may be provided after the individual has been closed as Rehabilitated (26) and needs services to maintain employment. The case must be in active status for post-employment (32) before any services may be provided. Cases can only be placed in Status 32 after being closed in Status 26.

The counselor and individual must agree on the services planned to maintain the individual in employment. The purpose of this status is to avoid the necessity of reopening a case in order to provide a minor service that can be provided quickly, expeditiously, at a minimum cost and with little counselor effort.

For example, these may include minor repair to prosthesis or a small amount of retraining in the use of prosthesis, weekly or biweekly counseling and guidance or a

spinal cord injured individual who suffers from an acute kidney infection and needs immediate medical treatment.

If the counselor is aware of the need for Post-Employment services at the time of the 26 Closure, all planned and anticipated services must be documented in the ECF. If a need for post-employment services is determined several weeks after the 26 Closure, an IPE amendment must be completed.

Post-employment services are expected to be a minor, one-time service and not provided in excess of 18 months. 34 C.F.R. §361.5(b)(42).

PROCEDURES – POST-EMPLOYMENT (STATUS 32)

- The counselor must document in the case notes the need for Post-Employment.
- If Post-Employment services are to be identified after the 26 Closure, and documented in the ECF. (See Forms Appendix E) Reopen the case directly into Status 32 by keying in the Social Security Number.
- The VR Case and Closure/Amendment Information Form will be generated in the case file and a copy will be given to the individual.
- A case note entry must document progress.

CLOSED FROM POST-EMPLOYMENT (STATUS 34)

Decisions to terminate post-employment services should be made in consultation with the individual and documented in the amended IPE. The counselor will work with the individual to achieve a satisfactory level where post-employment support is no longer necessary. It also requires the counselor's professional judgment as to the individual's employment stability.

In making these decisions, the following factors should be considered:

- 1) satisfactory resolution of the problem requiring post-employment services;
- 2) the individual's attainment of sufficient independence to function without continuing post-employment services, or a counselor's professional judgment to discontinue services;
- 3) employment appears secure as determined by suitable work performance, job satisfaction, and acceptance in the employment setting with respect to employee benefits, and opportunities for job development and advancement;
- 4) employment continues at a suitable level in relation to the individual's potential and the locality and labor market, or potential can be realized by the individual's initiative.

- Pay or cancel any outstanding encumbrances.
- The counselor must document in the case notes the reason for closure and result of post-employment services.
- The case management system will generate the status move after required data is keyed for Status 34.

PROCEDURES – CLOSED FROM POST-EMPLOYMENT TO BE REOPENED (STATUS 36)

- The counselor must document in the case notes the reason for closure.

RSA designed the VR Caseload Status System to aid the tracking of individuals as they progress through the service system. Because RSA uses a closed-case reporting system, only those status codes specifying the point in the VR process where the counselor closed an individual's case would apply (closure codes 08, 26, 28, 30 and 38).

STATUS 00 – REFERRAL

Status 00 represents an individual who has been referred to VR with minimum information provided to the counselor. The individual has not made a request for services, but the counselor must place the individual in Status 00 if sufficient demographic information is available. Sufficient demographic information is name, SSN, address, and referral source.

STATUS 02 – APPLICANT

Status 02 represents an individual's entrance into the VR process. When an individual signs a document requesting VR services, the counselor must place the individual into Status 02. At that point, the individual is considered an applicant after completing an Agency application form. However, the counselor may place an individual into Status 02 if the individual requests services with a signed letter and minimum basic referral information.

The counselor must place every case in Status 02 before authorizing diagnostic service(s). While the individual is in Status 02, the counselor investigates and secures sufficient information to determine eligibility for VR services or a decision to use Trial Work Experience or ~~Extended Evaluation services~~. An individual can only remain in

Status 02 for 60 days unless the counselor and applicant agree to a specific extension of time. If needed, under the Heading of 60-Day Extension in the case note record the dates of the Extension and the specific reasons for the need for an extension of time to determine eligibility .

Example: 60-Day Extension This client will be placed in status 02 for an additional 30 days April 1-30 due to the fact that more testing and medical records re needed in order to determine eligibility.

STATUS 04 – SERVICE DELAYED/ORDER OF SELECTION

If under, the Order of Selection the counselor moves an applicant into Status 04 when the Preliminary Assessment justifies writing a Certificate of Eligibility/Ineligibility. However, the individual cannot receive services because the individual does not meet the Order of Selection priorities. Status 04 identifies the individuals who are on a waiting list for services until such time as the Agency has sufficient funds available to provide services. Placement of the individual's name on the waiting list for services indicates there will be a delay in the initiation of services for which the individual is otherwise entitled to receive. An individual leaving this status will be moved to Status 12 to signify that services will be provided without further delay or will be closed status 38 at end of fiscal year.

STATUS 06 – TRIAL WORK EXPERIENCE/~~EXTENDED EVALUATION~~

When the individual's eligibility for VR services cannot be readily certified, the counselor moves the individual into Status 06. The counselor may provide services to the individual to determine there is clear and convincing evidence that the individual can benefit from the provision of vocational rehabilitation services in terms of an employment outcome or there is clear and convincing evidence that the individual is incapable of benefiting from vocational rehabilitation services due to the severity of disability.

The case management system will only allow 18 months in Status 06.

STATUS 08 – CLOSED FROM EVALUATION

Status 08 identifies all individuals not accepted for VR services whether closed from referral Status (00) applicant Status (02) or Trial Work Experience or ~~Extended Evaluation Status (06)~~.

STATUS 10 – CERTIFICATION OF ELIGIBILITY/INELIGIBILITY

The counselor moves an applicant into Status 10 when the Preliminary Assessment justifies writing a Certificate of Eligibility/Ineligibility.

STATUS 12 – INDIVIDUALIZED PLAN FOR EMPLOYMENT

After the counselor completes the comprehensive assessment and the counselor and individual or representative agree on an IPE, the individual is moved into Status 12.

STATUS 18–RECEIVING SERVICE STATUS

Status 18 is used when the individual begins receiving services.

COUNSELING AND GUIDANCE

The counselor moves an individual in status 18 after completing an IPE, which outlines counseling and guidance services are necessary to prepare the individual for employment.

The service is necessary to prepare the individual for employment, or a breakdown has occurred in the progress of the case after other services have been initiated and the counselor has determined that substantial counseling and guidance are essential to successful rehabilitation.

PHYSICAL AND/OR MENTAL RESTORATION

The counselor moves an individual into Status 18 when the individual receives physical and/or mental restoration services as the primary service. Restoration services include medical, surgical, psychiatric, or therapeutic treatment, the fitting of prosthetic appliances, hospitalization, convalescent care or nursing services.

TRAINING

The counselor moves an individual into Status 18 when training services are needed to prepare an eligible individual for work. These services are individualized and are jointly developed by the individual and counselor through the process of informed choice.

Vocational training includes the following broad categories:

- 1) On-the-job Training
- 2) Short-term Specialized Training
- 3) Vocational/Technical
- 4) Community College
- 5) College/University

STATUS 20 – READY FOR EMPLOYMENT

Status 20 is used when VR services have prepared the individual for gainful employment and the individual is ready to begin placement activities or the individual has been placed but has not yet begun employment.

STATUS 22 – EMPLOYED

Status 22 is used when the individual begins employment. To ensure adequacy of employment in accordance with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interest, and informed choice, the individual must remain employed in Status 22 for a minimum of 90 days before the counselor can close the individual's case as achieving an employment outcome. (Status 26)

STATUS 24 – SERVICES INTERRUPTED

Status 24 is used when VR services are interrupted while in Status 18, 20, or 22. The individual will remain in Status 24 until the individual is able to return to one of the above-mentioned statuses or the individual's case is closed in Status 28.

STATUS 26 – CLOSED REHABILITATED

Status 26 is used when the individual has achieved a suitable employment outcome described in the individual's IPE and has been maintained for a minimum of 90 days in Status 22. An individual will not be closed in Status 26 more than once in any Federal fiscal year.

STATUS 28 – CLOSED NOT REHABILITATED AFTER IPE INITIATED

Status 28 is used to close an individual's case from Statuses 18 through 24 when it has been determined the individual does not meet the criteria for Status 26 closure.

STATUS 30 – CLOSED NOT REHABILITATED BEFORE IPE INITIATED

Status 30 is used to close a case from either Status 10 or 12.

STATUS 32 – POST-EMPLOYMENT SERVICE

Status 32 is used when the need for post-employment services has been identified and planned to maintain the individual in employment. The purpose of this status is to avoid the necessity of reopening a case in order to provide a relatively minor service.

Post-employment services are expected to be of a one-time nature and not provided in excess of 18 months. Cases in Status 32 cannot be transferred.

STATUS 34 – CLOSED FROM POST-EMPLOYMENT

Status 34 is used to close an individual's case when the individual maintains employment through the completion of planned services provided in Status 32.

STATUS 36 – CLOSED FROM POST-EMPLOYMENT TO BE REOPENED

Status 36 is used to close an individual's case from post-employment when the counselor determines the need to reopen the individual's case to provide necessary VR services. The case will be reopened in Status 02.

STATUS 38 –CLOSED FROM SERVICE DELAYED/ORDER OF SELECTION

Status 38 is used to identify individuals eligible for VR who will not advance to the Statuses (12 to 24) and whose names are being removed from the Service Delayed/Order of Selection list (Status 04).

STATUS 39 – CLOSED FROM POST-EMPLOYMENT/OTHER REASONS

Status 39 is used to close an individual for any other reason for termination from post-employment services.

XI. RELEASE AND CONFIDENTIALITY OF INFORMATION

GENERAL DUTY TO SAFEGUARDING INDIVIDUAL'S RECORD AND INFORMATIONCONFIDENTIALITY

ARS employees are responsible for complying with the legal requirement to protecting the confidentiality nature of information in a client or applicant's record of services, individual ECF, including all individual's identifying information contained in reports, lists, and other paper or electronic documents. Likewise, ARS employees are responsible, and for prohibiting preventing unauthorized access to client records.

All ARS employees must personnel are to maintain a professional respect for the confidential nature of the data on individuals. and such records, and Refrain from indiscreet and/or casual conversations that might reveal to unauthorized persons information concerning individuals receiving services from ARS.

In accordance with federal and state regulation, the state will safeguard the confidentiality of all personal information. 34 C.F.R. § 361.38

RECORDS TREATED AS CONFIDENTIAL

This section applies to "personal information," as that term is used in 34 C.F.R. § 361.38 and related regulations. Personal information includes photographs; lists of names; medical, psychological, and diagnostic data; and any other notes, reports, or documentation maintained by ARS in a client's record of services. For purposes of this section, client includes both eligible individuals and applicants.

Subject to the more specific guidelines below, ARS will release or disclose confidential personal information

RELEASING INDIVIDUAL'S INFORMATION

Individual's information is released in only in four situations:

- 1) when authorized by the individual client, so long as such disclosure would not be harmful to the client;
- 2) in response to a valid subpoena; court judicial or administrative order; or other legal process, warrant or other demand in connection with an active law-enforcement investigation, or demand by an agency authorized to investigate fraud or abuse (unless expressly prohibited by federal or state law);
- 3) for purposes of audit, evaluation, or research, so long as the personal information so disclosed would be used for purposes directly connected to the administration of VR services or would significantly improve the quality of life for ARS clients; or when directly connected with the individual's rehabilitation, or
- 4) when necessary in order to protect the client or others if the client poses a threat to his or her safety or to the safety of others.

in certain emergency and investigative circumstances which poses an immediate threat to the safety of the individual or others.

RELEASE TO THE INDIVIDUAL—CLIENT OR THE CLIENT'S A REPRESENTATIVE

~~When information is released to the individual or the individual's representative, personal information in the file obtained from another Agency or organization can be released only by, or under the conditions established by the other (external) Agency or organization. ARS must refer the individual to the source to obtain the information.~~

~~The counselor must make appropriate Agency information in the individual's ECF accessible and or release to the individual, or representative, in a timely manner, when requested in writing by the individual or authorized representative.~~

~~A relative of the individual may not receive records without written authorization by the individual:~~

- ~~1) if the individual is a minor, the parent may be considered the authorized representative;~~
- ~~2) if a court-appointed representative or legal guardian has been appointed by the court, information must be released to the representative or guardian.~~

If requested in writing by a client or a client's representative, ARS will generally make all personal information in that client's record of services directly accessible to the client or the client's representative. Medical, psychological, or other information that ARS determines may be harmful to the client must be provided to a third party of the client's choosing, unless the client has a court-appointed representative, in which case ARS will release the potentially harmful information only to the court-appointed representative. If ARS obtains personal information from another agency or organization, release of that information will be governed by conditions for release that the other agency or organization has established.

HARMFUL INFORMATION

Medical, psychological, or other information the counselor believes may be harmful to the individual must not be released directly to the individual. Such information must be released through a representative designated in writing by the individual, who may include, among others, an advocate, a family member, or qualified medical or mental health professional.

RELEASE TO A COURT OR ADMINISTRATIVE BODY

ARS may release the individual's information in response to an order, subpoena, or summons issued by a court or other judicial body under state or federal rules of civil or criminal procedure. The document may be signed by the judge, magistrate, administrative law judge or hearings officer, clerk of court, or by any official who is authorized by law to issue subpoenas.

RELEASE FOR A PURPOSE DIRECTLY CONNECTED WITH THE ADMINISTRATION OF THE INDIVIDUAL'S VR PROGRAM

Provisions of the individual's IPE determine the scope of the individual's rehabilitation.

Releasing the individual's information for a purpose directly connected with the individual's rehabilitation usually poses no problem. This release does not legally require express or written consent from the individual.

When it is difficult to ascertain whether the purpose of the release is "directly connected with the individual's rehabilitation program," obtain a written authorization from the individual to provide information to an organization or individual.

RELEASE FOR RESEARCH OR EVALUATION

Written authorization must be obtained from the individual to release information to the organization or person engaged in audit, evaluation, or research for a purpose that could significantly improve the quality of life for persons with a disability.

RELEASE FOR PURPOSES OF AUDIT, EVALUATION, OR RESEARCH

ARS may release personal information to an organization, agency, or individual engaged in audit, evaluation, or research, but only for purposes directly connected with administration of ARS's vocational rehabilitation program, or in order to significantly improve quality of life for ARS clients. Before release of personal information under this section, the organization, agency, or individual must:

- Sign a written confidentiality agreement;

- Assure ARS that the information will be used only for the purposes for which it is provided;
- Assure ARS that the information will be released only to persons officially connected with the audit, evaluation, or research;
- Assure ARS that the information will not be released to the involved client;
- Assure ARS that the information will be managed in a manner to safeguard confidentiality; and
- Assure ARS that the final product will not reveal any personal identifying information without the informed written consent of the involved individual or the individual's representative.

RELEASE TO OTHER PROGRAMS OR AUTHORITIES

If requested in writing by the client or the client's representative, and supported by a written agreement between ARS and the third party agency, ARS may release personal information to another agency or organization. Information released to a third party agency must be used for that agency's program purposes and necessary for those purposes, and may only be released to the extent the information could have been disclosed to the client or the client's representative. Medical or psychological information that ARS determines may be harmful to the client may be released if the other agency or organization provides assurances that the information will be used only for the purpose for which it is being provided, and will not be further released to the individual. However, ARS must release personal information if required by federal law or regulations. ARS may also release personal information to a third party agency in order to protect the client or others, if the client poses a threat to his or her safety or to the safety of others.

XII. REFUNDS/CONTRIBUTIONS

CURRENT YEAR REFUNDS

The vendor should make the refund check payable to the Arkansas Rehabilitation Services. The check should carry the name of the individual. The refund and memorandum giving full information about the refund will be sent to the Chief of Field Services. A cancellation for the refunded amount will be keyed in the case management system. The amount will automatically be added into the counselor's allotment.

PRIOR YEAR REFUNDS

The vendor should make the check payable to Arkansas Rehabilitation Services. The check should carry the name of the individual. All refunds will be sent to the Chief of Field Services or his/her designee. The refund and a memorandum giving full information about the refund will be sent to the Chief of Field Services or his/her designee. All prior year refunds are placed into the Arkansas Kidney Disease Commission allotment as required by state law. Prior year refunds do not require cancellations.

INDIVIDUAL'S CONTRIBUTION

Individual contributions are to be paid to the vendor. If an individual contributes to ARS toward the cost of any services or goods, an ARS authorization will be written for the remaining amount. The contribution amount will be recorded in the IPE.

AGENCY VENDOR WARRANT (CHECK) PICKUP POLICIES AND PROCEDURES

1. The coding of agency vendor warrants for hard copy pickup is a "by exception only" procedure that requires the Commissioner's approval via the Chief Fiscal Officer. The vast majority of warrants are processed and mailed out through the state's Treasury department to the address listed on the vendor's W-9 form. Warrant pickups should be limited to situations that require hand delivery such as program stipend or scholarships presented at awards ceremonies, or other similar situations. Again, ultimate approval of each case rests with the Commissioner of the agency.
2. A justification memo from the **Senior Manager** requesting to the Commissioner is required. The memo should explain fully the requirement and sufficient justification to support approval. All memos should be routed to the Chief Fiscal Officer for review prior to submission to the Commissioner.

XIII. PRIOR APPROVAL

PRIOR APPROVAL POLICY

Prior approval is defined as "the rehabilitation program and other record of services materials are reviewed and approved by a District Manager or his/her designee before the services planned for are initiated." The District Manager or his/her designee will review all cases requiring prior approval.

~~The State Office~~, a District Manager, or a counselor may request prior approval on a particular case, on types of cases, or on all cases.

PRIOR APPROVAL - NEW COUNSELORS

A District Manager's or his/her designee prior approval is required on all cases during a new counselor's 12-month probationary period. Approval will be indicated on all:

- 1) Authorizations for diagnostic services exceeding \$200.00
- 2) Authorizations for other services
- 3) Certificate of Eligibility
- 4) Order of Selection
- 5) IPE and any Amendments
- 6) 08 closures from Status 02 and Status 06
- 7) 26 and 32 closures
- 8) 28 closures
- 9) 30 closures
- 10) 38 closures

~~PRIOR APPROVAL - STATE OFFICE~~

~~The State Office, a District Manager, or a counselor may request prior approval on a particular case, on types of cases, or on all cases. The District Manager, after a detailed study of the case, will prepare a memorandum justifying the recommendation for an administrative review and approval. This, with the record of services, will be submitted to the Chief of Field Services or his/her designee.~~

XIV. DUE PROCESS

Due Process begins once an applicant/client makes a request verbally or in writing for review of a determination affecting the provision of vocational rehabilitation services. Due Process will normally progress in the following sequence:

STEP	PROCEDURES
1	Applicant/client will discuss the issue(s) with the counselor. A written determination will be issued to the client and ask for a decision in writing. The counselor will advise the applicant/client of the Client Assistance Program (CAP.)
2	If dissatisfied with the determination, the applicant/client can ask for administrative review from a District Manager.
3	Mediation is available after administrative review, but participation is voluntary on the part of the applicant/client and ARS.
4	If dissatisfied with the decision on administrative review (or if mediation was unsuccessful), the applicant/client can ask for an impartial hearing.
5	The applicant/client may file a civil action if dissatisfied with the result of the impartial hearing.

Unless the parties agree to an extension of time, any impartial hearing must be held within 60 calendar days of the date that the client/applicant requests review of the determination in question.

IMPACT ON PROVISION OF SERVICES

ARS shall not institute a suspension, reduction, or termination of services being provided to the applicant/client (including evaluation and assessment services and IPE development) pending a resolution through administrative review, mediation, or impartial hearing. However, services may be suspended, reduced or terminated if those services were obtained through misrepresentation, fraud, collusion, or criminal conduct on the part of the individual, or the individual's representative. Services may also be suspended, reduced, or terminated pending a resolution if the applicant/client, or their representative, so requests.

NOTIFICATION OF RIGHTS

The applicant/client will be notified of **their** rights at each of the due-process steps.

In addition to the procedural safeguards discussed elsewhere in this section, the applicant/client is entitled to the following rights during Due Process:

1. The right to be represented by an attorney; the Client Assistance Program; a parent or guardian, friend, relative; or any other representative of the client/applicant's choice. However, ARS will not reimburse attorneys' fees or the fees of any other representative.

2. The right to present evidence and witnesses, and to cross-examine all witnesses and other relevant sources of information and evidence.
3. The right to object to the introduction of evidence, witnesses, and other sources of information.
4. The right, at any stage of Due Process, to reasonable accommodations such as an interpreter or reader, if notice of the accommodation is given to ARS at least three (3) business days prior to the administrative review, mediation, or impartial hearing. ARS reserves the right to propose an alternative, reasonable accommodation.
5. The right, following an impartial hearing, to a written report of the grounds for the decision. The hearing officer will provide this report to all parties within thirty (30) days of the hearing's conclusion.

STEP 1 – DETERMINATION OF COUNSELOR

Whenever a determination is made by ARS that affects the provision of vocational rehabilitation services, the applicant/client can request a review of that determination. *See generally* 34 C.F.R. § 361.57; Ark. Code Ann. § 20-79-215. The applicant/client can make this request verbally or in writing, but must do so within thirty (30) days of the determination to initiate Due Process. It is the responsibility of ARS staff to immediately notify the appropriate District Manager if staff have a reasonable belief that an applicant/client seeks review of a determination. If a verbal request is received, ARS staff will ensure the correct form is completed, which may require assisting the applicant or client with the form. However it is completed, the form ("Request for Administrative Review") must include both the date of the determination in question, and the date of the request for review.

The counselor will advise the applicant/client of the Client Assistance Program. All forms documenting a request for review will immediately be given to the District Manager. If the issue cannot be resolved between the client/applicant and the counselor, the District Manager will follow the procedures in Step 2.

STEP 2 –~~ADMINISTRATIVE REVIEW~~ ADMINISTRATIVE REVIEW

The District Manager/ACTI Director will hold an Administrative Review within ten (10) **calendar** days of the applicant/client's request for review of the counselor's determination. Subject to the ten-day limitation, the Administrative Review will be scheduled at a date, time and place convenient to the applicant/client, during business hours at the local ARS field office. (~~usually during business hours at the local ARS office~~) If possible, the date and time will be agreed upon by the applicant/client and the **ARS** supervisory staff member conducting the review. The supervisory staff conducting the review must have ~~and conducted by a supervisory staff member who has~~ no previous knowledge of the details of the determination in question; must conduct the administrative review in an unbiased way; and must have a broad working knowledge of ARS policies and procedures and the State Plan for VR services. If the applicant/client fails to appear for

the Administrative Review or is more than 30 minutes late, the matter may be dismissed at the discretion of the supervisory staff. An Administrative Review may be rescheduled if the applicant/client notifies ARS staff that they are no longer available. Rescheduling an Administrative Review in this manner does not extend the sixty (60) day time-period for completion of an Impartial Hearing, unless the parties agree otherwise.

The applicant/client will receive a written decision from the supervisory staff member within five (5) business days following completion of the Administrative Review.

STEP 3 - MEDIATION (OPTIONAL)

Mediation is available to the applicant/client before an impartial hearing is requested. Mediation is not used to deny or delay the right of an individual to a hearing, or to deny any other right afforded by law or ARS Policy.

Mediation is a voluntary process that allows the parties to resolve disputes regarding the provision of vocational rehabilitation services. Mediation is informal, non-adversarial, and the parties may present whatever evidence they wish in support of their position. in a neutral setting. The mediation process relies on the good faith-efforts of the participants to reach their own agreement as to how the dispute should be resolved.

Although mediation does not involve fact-finding or the strict weighing of evidence, mediation participants should be prepared to describe the factual background behind the dispute and to discuss their desired outcome. Discussions that occur during the mediation process are confidential, and may not be used as evidence in any subsequent hearing or civil proceedings. The parties will be required to sign a confidentiality statement prior to commencement of the mediation.

MEDIATION PROCEDURES

ARS will notify applicants, clients, or their representatives of the opportunity for mediation when:

1. An individual applies for vocational rehabilitation services.
2. Order of Selection is utilized.
3. An individualized plan for employment is developed.
4. The individual is determined ineligible for services, or when services are reduced, suspended or terminated.

Notification of the option to mediate will be in writing.

Mediation is voluntary for both parties. At any time during the mediation process, either party or the mediator may elect to terminate the mediation. If mediation is terminated, either party may continue to an impartial hearing. However, terminating a mediation does not extend the sixty (60) day time-period for completion of an Impartial Hearing, unless the parties agree otherwise.

REQUEST FOR MEDIATION

~~The form “Request for Mediation” is completed. The supervisory staff member who conducted the Administrative Review will provide the consumer applicant/client with the~~
~~handout an “Information on Mediation”~~ ~~handout when the staff member renders the~~
~~written, administrative decision. If interested in mediation, the applicant/client will~~
~~complete and submit the “Request for Mediation” form to the District Manager. The District~~
~~Manager will submit the Request for Mediation~~ ~~Provide the consumer with the~~ ~~handout~~
~~“Consumer Information on Mediation”. The form on Request for Mediation is to be~~
~~submitted from the District Manager to the Chief of Field Services or designated deputy.~~
The Chief of Field Services or designated deputy will review the relevant documentation and determine, within five (5) business days of receiving the Request for Mediation, whether ARS consents to mediation. If ARS does not consent to mediation, a certified letter will be sent to the applicant/client informing them of their right to request an impartial hearing.

If ARS consents to mediation, the agency’s Program Planning Development & Evaluation (PPD&E) Section will coordinate the mediation session and inform the applicant/client of their Due Process rights. The PPD&E Section is responsible for all Mediation forms after a request is received. As expeditiously as possible (and keeping in mind the 60-day deadline to complete any impartial hearing) PPD&E staff will communicate with the applicant/client, ARS staff, and mediator to establish the date, place, time, and participants for the mediation. The PPD&E staff completes the “Mediation Scheduling” and “Agreement to Mediate” forms.

MEDIATION WITHDRAWAL

An applicant/client may withdraw from the mediation process at any time by completing the “Cancellation of an Appeal” form.

SELECTION AND ROLE OF MEDIATOR

The mediation will be conducted by a qualified and impartial mediator, as defined in 34 C.F.R. § 361.5(b)(43). The mediator will be selected from a list of qualified and impartial mediators maintained by the State of Arkansas. Selection will be by agreement between ARS and the applicant/client, or their representative; on a random basis; or by a procedure established by the State of Arkansas for assigning qualified, impartial mediators. ~~A pool of mediators is established and agreed upon by the Commissioner and the Rehabilitation Council.~~

PPD&E staff will present no more than five names of mediators and their qualifications to the applicant/client. The applicant/client, or their representative, may choose the mediator from those names. If the applicant or client does not have a preference, the mediator will be randomly selected from the entire list of qualified and impartial mediators.

In mediation, decision-making authority rests with the parties agreeing to mediate. The role of the mediator includes but is not limited to: assisting the parties to identifying issues, facilitating communication, focusing the parties on their interests, maximizing the exploration of alternatives, and helping the parties reach voluntary agreements. The mediator may offer options for the parties to consider as to settlement terms, but will not impose settlement terms on the parties.

MEDIATION DAY - REACHING AN AGREEMENT

The mediator will introduce him or herself and the parties involved; discuss the mediator's neutrality in the process; and confirm the confidentiality of the proceedings. Generally, the mediation will then consist of:

1. **Opening statements – Both parties will be afforded the opportunity to explaining their positions on why this session is being held.**
2. **The mediator will provide an opportunity for witnesses and/or evidence to be presented.**
3. **At any time during the process, the mediator may ask questions for clarification or to obtain more information. The mediator may allow the parties to ask clarifying questions of each other.**
4. **The mediator will provide a summary or feedback to the parties.**
5. **The mediator will facilitate the parties' communication to develop options or compromises for a settlement agreement, which may require the mediator to hold private caucuses with the separate parties.**
6. **The mediator will produce a written formal agreement with the assistance of the parties.**

All parties must have a clear understanding of what each will do in carrying out the agreement. The mediator will compose the agreement and ask the parties to sign a "Final Mediation Agreement Form" before leaving the mediation. The agreement will be implemented as soon as possible, and copies will be provided to all parties. Although information exchanged at the mediation is confidential, ARS staff may enter the mediation agreement and supporting documents in the applicant/client's case file, which is itself subject to confidentiality protections. After the agreement is reached, PPD&E will send the "ARS Mediation Feedback Survey" form to the applicant/client, their representative, ARS staff involved, and the mediator. ~~The written mediation agreement will be attached to the ECF.~~ The parties' signed Final Mediation Agreement Form ends the Due Process steps and resolves the determination under review.

NO AGREEMENT REACHED

If mediation does not result in a final agreement between the parties, the applicant or client may request an Impartial Hearing by submitting a "Request for an Impartial Hearing" form within five (5) calendar days of the completion of the mediation

STEP 4 - IMPARTIAL HEARING

Each applicant/client has the right to a review, through an impartial hearing, of determinations made by ARS personnel that affect the provision of vocational

rehabilitation services to applicants/clients. The Impartial Hearing will be completed no later than sixty (60) calendar days from the date of initial request for review, unless the parties agree to an extension of time.

The Impartial Hearing will be conducted by an Impartial Hearing Officer (IHO). The PPD&E Section will maintain a list of qualified impartial hearing officers, who are knowledgeable in laws and regulations relating to the provision of vocational rehabilitation services. The individuals on this list will be identified jointly by the ARS Commissioner and the State Rehabilitation Council. The individuals will not be employees of a public agency or members of the State Rehabilitation Council. The IHO will be selected on a random basis from the list of qualified impartial hearing officers..

IMPARTIAL HEARING PROCEDURE

An applicant/client or their representative may request the impartial hearing by submitting a "Request for Impartial Hearing" form. The form must be submitted to the PPD&E Section no later than five calendar (5) days after the administrative review decision is issued or the mediation is completed. **The applicant/client may seek an extension of time to submit the Request for Impartial Hearing, by notifying ARS of the reason for the extension within five (5) calendar days of the administrative review decision/completion of mediation. The ARS Commissioner will determine whether to grant the request.**

When the ARS Commissioner receives a request for an impartial hearing, the PPD&E Section will gather information from the applicant/client's ECF.

The ECF will contain a memorandum summarizing the basis for the administrative review decision. It will also contain a statement of issues and a summary of all facts supporting the administrative review decision. The memorandum will be sent to the applicant/client, to the appropriate ARS Staff member, and to the PPD&E Section.

The counselor shall notify applicants/clients in writing that they or their representatives have the right to review the client's ECF at the local ARS field office.

IMPARTIAL HEARING WITHDRAWAL

An applicant/client may withdraw from the Hearing Process at any time by completing a "Cancellation of an Appeal" **Form**.

REQUEST FOR WITNESSES

The applicant/client and/or their representative will be advised via certified mail, return receipt requested, that he/she has ten (10) days from the date of signature on the certified return receipt to request witnesses from ARS, or to notify ARS of the witnesses the applicant/client will call. The request or notice must be given in writing. Also within ten (10) days of the signature on the certified return receipt, ARS must notify the applicant/client, in writing, of any witnesses ARS will call at the hearing.

SCHEDULING THE HEARING

The PPD&E Section will coordinate with the applicant/client, ARS staff and the Impartial Hearing Officer to schedule of the hearing. PPD&E shall issue a letter advising the applicant/client of the time, date, place of hearing, and the name of the IHO who will conduct the hearing.

The hearing will normally be held in the local ARS field office. It may be held in another location if requested by either party and approved by the Commissioner.

RESCHEDULING AND NON-ATTENDANCE

A request for rescheduling by either ARS staff or the applicant/client prior to the date of the hearing must submitted to the ARS Commissioner, who will determine if good cause exists to grant such a request. A hearing may also be rescheduled (and the 60-day deadline for completing the hearing extended) by mutual agreement. If the applicant/client fails to appear for the hearing, and does not provide notice prior to the date of the hearing, the matter may be dismissed at the discretion of the IHO. If an emergency arises, the applicant/client must justify in writing his/her reasons for non-appearance. The IHO will review the emergency justification and decide whether to dismiss the matter or reschedule the hearing.

ARS RESPONSIBILITIES

The appropriate ARS staff will present the agency's case. This staff usually includes the counselor, the District Manager, and legal counsel representing the agency. ARS may request representation by the Arkansas Attorney General's Office. ARS may offer witnesses and documentary evidence. The applicant/client and their representative will be given an opportunity to object and cross-examine as needed, subject to the rulings of the IHO. ARS likewise will have the opportunity, subject to the rulings of the IHO, to object and cross-examine.

CONFIDENTIALITY REQUIREMENTS

In light of laws protecting the disclosure of information related to vocational rehabilitation applicants/clients, the Impartial Hearing will be closed. See 34 C.F.R. § 361.38; Ark. Code Ann. § 20-79-216. To ensure the confidentiality of the hearing, before taking testimony or evidence the IHO will inquire if there is anyone present with whom the applicant/client is not familiar. Should the applicant/client answer in the affirmative, the person in question will identify him or herself and state the reason for attending the hearing.

Should the applicant/client object to the person's attendance at the hearing, the IHO will decide whether the person may remain. A ruling that the person may remain at the hearing will not prejudice a later objection, by either party, as to the relevance of the person's testimony.

CONDUCT OF THE HEARING

The hearing will be conducted by the IHO. The IHO's responsibility is to maintain a professional atmosphere and to ensure the proceedings are conducted in a fair and impartial manner. The IHO will explain hearing procedures and swear in witnesses. The IHO shall allow both parties the opportunity to be heard and to present their evidence and testimony. The applicant/client may have an attorney or representative present testimony on their behalf. The applicant/client may have an interpreter or personal-care attendant present, subject to the three-business-day notice requirement discussed in the "Notification of Rights" section, above.

The IHO will make an opening statement at the outset of the hearing. The opening statement will include an introduction of the IHO; assurances of impartiality and confidentiality; a brief description of the IHO's role and authority with respect to the hearing; and a summary of the determination under review. The IHO can pose questions at any time during the proceedings. Questioning of all parties will be confined to the issue(s) involved. The IHO is to ensure only relevant information is permitted at the hearing. Arkansas Rules of Evidence will serve as general guidance as to the admissibility of evidence. The IHO shall not fraternize with either party prior to or during the hearing. The IHO is restricted from communicating with either party privately. The IHO may need to explain that all facts are to be heard by both parties to assure impartiality. The IHO should provide for reasonable recesses in lengthy hearings.

PARTIES' OPENING STATEMENTS

Both parties will state their names, whom they represent, and their addresses. The applicant/client's opening statement will be a summary of his/her reasons for requesting a hearing and the issues related to the underlying determination. The ARS opening statement will be a summary of the applicant/client's rehabilitation case and the reasons for the determination under review.

EXAMPLES OF QUESTIONS THAT MIGHT BE DIRECTED TO ARS

1. If records, reports, and files were requested, were they made available?
2. Are copies available for the record?
3. Are all appropriate personnel in attendance?
4. Was applicant/client informed in writing that he/she has the right:
 - a. to bring counsel, or a representative;
 - b. to provide witnesses;
 - c. to examine all ARS records upon which the Agency based its decisions;
 - d. to request certain ARS personnel be present at the hearing and of their right to cross examine the Agency witnesses; and
 - e. The role of the IHO includes:
 - f. hearing both sides;
 - g. limiting evidence presented at the hearing to relevant information;
 - h. making a decision based on evidence presented; and
 - i. engage in fact finding.

EXAMPLES OF QUESTIONS THAT MIGHT BE DIRECTED TO THE APPLICANT/CLIENT

1. Have you had an opportunity to examine your VR Record of Services, reports and files regarding your rehabilitation status?
2. Have you had an opportunity for an informal administrative review by the District Manager?
3. Have you had an opportunity to call witnesses?

Self-Employment/Small Business Program

The ARS Self-Employment/Small Business Program is designed to assist clients to achieve an employment outcome through self-employment or small business operation.

Purpose

The role of ARS is to provide technical assistance and other consultation services to review market analysis, assist in developing business plans and otherwise provide resources that are authorized to be provided through the statewide workforce centers and their partners. ARS will assist the client in making informed decisions, to reduce or eliminate barriers created by disability(ies), disabilities with training in self-employment/small business development and operations and to identify possible funding sources that may assist the business. **The role of ARS is not to act as the primary funding source for self-employment or small business endeavors.** ARS may participate in partially funding small business start-up fees or assistance for retention of an existing business as approved by ARS.

ARS values self-employment as a viable vocational outcome. Self-employment is available within the repertoire of vocational options and may be considered by clients and their VR counselors as they work toward the development of an appropriate vocational goal. There may be a need for VR services prior to a commitment from ARS on a self-employment plan. If appropriate, ARS can assist the client by providing services, such as training needed for certain skills, or business knowledge before the decision is made by the client and their counselor to pursue the development of a business plan. Through initial exploration of personal and business feasibility assessment, the client and their counselor will be equipped to make an informed decision about self-employment as a vocational goal.

Individuals that are successful in becoming self-employed or operating a small business demonstrate a wide array of skills and abilities including, but not limited to, business organization, financial management, business marketing and/or other talents, as well as, knowledge and expertise regarding the goods or services being produced or provided. Such individuals are well aware of the potential risks involved when being self-employed or operating a small business and attempt to minimize such risks to the greatest extent possible.

The Self-Employment/Small Business Consultant

The counselor will refer the client to the Consultant in those situations where self-employment or small business operation is being considered by the client and their counselor as a possible employment outcome. This referral will occur prior to the approved development of the vocational goal or an amendment of the IPE to include self-employment as a service. The Consultant will be responsible for completing a report as it relates to being self-employed or operating a small business and an evaluation of the feasibility of the business endeavor.

The role of the Consultant includes but is not limited to providing assistance to the client as follows:

1. Recommendation of training and technical assistance from appropriate organizations consisting of subjects such as exploring entrepreneurship, small business development, business plan development, small business management, accounting for business, and business financing.
2. Referral of the client to an appropriate resource as it relates to the development of a business plan defining the concept of the business and the business market and competition analysis.
3. Assist in identifying resources for the capitalization of the business.
4. The Consultant will develop a report upon completion of these activities. The report will summarize the findings and provide recommendations as it relates to the operation of a new or existing business **prior to the VR counselor developing an approved IPE.**
5. **The Small Business Consultant only approves the plan. He/she does not approve funding assistance amounts or allotments for small business. The VR Counselor will review proposed funding assistance in the plan and approve amount ARS can assistance with along with client participation and/or comparable benefits.**

TICKET TO WORK

Clients between 18 and 64 who receive Supplemental Security Income (SSI) or Social Security Disability Income (SSDI) as a disabled adult ~~are~~**may be** eligible for the Ticket **to Work Program**. A minor child of a disabled worker or a disabled adult child is not eligible for **the Program** ~~a Ticket~~.

1. Verification of Ticket Assignability from SSA.

- a. Counselors should verify Ticket assignability **with client while present, by having client call the SSA Beneficiary Helpline at 1-866-968-7842. The SSA representative can tell the client if they have a ticket, if it is assignable, or if the ticket is assigned to another agency through SSA's Interactive Voice Response (IVR) System by calling 1-866-949-3687.**

~~Counselors must provide the Agency DUNS, Agency PIN, and the client's SSN.~~
If the Ticket is assigned to another agency, then the counselor should ask the client if he/she will assign the ticket to ARS.

- b. ~~The IVR System provides the following information:~~

- i. ~~Ticket is assignable — ticket will be assigned to ARS when the IPE is completed.~~ **If the ticket is assigned to another VR agency, the client will need to call the counselor he/she worked with at the other VR agency and ask that the case be closed and the ticket unassigned.**
- ii. ~~Ticket is not in the database — ticket is not in the SSA database and client should contact the beneficiary helpline.~~ **If the ticket is assigned to an Employment Network (EN), then the counselor can complete the Ticket Unassignment form, have the client sign and date it, and then fax it to the number listed on the form.**
- iii. ~~Ticket is not assignable — ticket may have been terminated and client should contact the beneficiary helpline for more information.~~
- iv. ~~Ticket is assigned — ticket is assigned to another VR agency or an Employment Network. Client can be encouraged to contact MAXIMUS to have ticket unassigned so it is eligible for assignment to ARS. Counselors can complete the Ticket Un-assignment form and fax to Maximus. If client refuses to un-assign the Ticket, the counselor should request a copy of the client's Individual Work Plan (IWP) from their EN to check for duplication of services~~
- v. ~~Ticket is in "In-use SVR" — ticket is assigned to another VR agency and is receiving Cost Reimbursement. Contact the ARS Ticket Coordinator for assistance.~~

2. The Ticket becomes active with ARS when the IPE is completed and the case enters status 12.

- a. Each month a list of SSI/SSDI clients who enter status 12 is forwarded to ~~Maximus~~**SSA** by the Central Office.

- b. The client then enters an “In-use SVR” status and receives Social Security Continuing Medical Disability Review protection as long as the Ticket is assigned to ARS and the client is meeting the IPE goals.
- c. The Ticket also provides other work incentives and benefits such as maintaining health insurance (Medicare and Medicaid) when benefit checks stop due to wages and expedited reinstatement of benefits. Counselors should refer clients to Project AWIN for benefits counseling. Contact Project AWIN at ~~1-866-283-7900 or email at wipa@arsources.org~~ **1-866-284-7521**.
- d. Ticket assignment allows ARS to collect reimbursement for services when the client works nine (9) months with wages over Substantial Gainful Activity (SGA). ARS is reimbursed for both actual expenses and administrative, counseling, and placement and tracking costs as long as comparable services and benefits were considered and the costs have not been paid by or will be paid by another source.
- e. Each month a list of closed SSI/SSDI cases are forwarded to ~~Maximus~~ **SSA** by Central Office.
- f. Ticket protection from Continuing Medical Disability Review is terminated after 90 days if the client’s ticket is not reassigned.

3. When ARS closes a client’s case, the client is offered a Referral to **Project AWIN for benefits counseling and clients are informed about a private Employment Networks (ENs).**

- a. Ticket protection is extended if the client assigns his/her Ticket within 90 days of case closure **to an Employment Network**.
- b. ENs can provide follow-along services to the client to support employment outcomes, which can help the client reach and maintain wages over the SGA level.
- c. ARS has entered into Partnership Plus agreements with a number of ENs operating in the state of Arkansas. **Those ENs are listed in the Ticket to Work Case Closure brochure.**
- d. ~~The Partnership Plus agreement outlines how ARS and the EN will coordinate services for Ticket clients.~~

4. Ticket clients are subject to Timely Progress Review (TPR) every 12 months whether their tickets are assigned to VR or to an EN.

- a. TPRs are SSA’s way of verifying Ticket clients are making progress toward self-sufficiency. ~~SSA contracts with MAXIMUS to conduct the TPRs.~~
- b. TPRs are generally conducted every 12 months in the month the Ticket was first assigned. For example, if a client assigns his/her Ticket for the first time in June, the TPRs will be scheduled in June each year thereafter. It is important to note, SSA does not always conduct a TPR at the first 12-month point. Many clients do not receive a TPR until their Tickets have been assigned for 36 months. However, SSA will always be looking at the client’s last 12-month period and the milestones he/she should have completed during that last 12-month period.

- c. SSA requires that certain milestones be met in order to successfully pass a TPR. These milestones are based upon how long the Ticket has been assigned, and will change each 12-month period a Ticket is in use. Therefore, if SSA doesn't conduct a TPR until month 36, the client must have completed the required milestones for months 25 through 36. A breakdown of these requirements can be found at www.yourtickettowork.com <https://yourtickettowork.ssa.gov/>.
- d. ~~MAXIMUS~~ SSA sends the client a TPR form, which must be completed and returned to ~~MAXIMUS~~SSA. If the client brings the TPR to the field office, the counselor can complete information and return the form to ~~MAXIMUS~~SSA.
- e. If the TPR form is not completed and returned to ~~MAXIMUS~~SSA, PPD&E will be contacted.
- f. If Ticket clients do not meet the TPR milestones for any reason including failure to respond, they will be subject to a Continuing Disability Review.

Glossary of Terms

~~IWP~~ Individual Work Plan developed for beneficiaries by an Employment Network

Employment Networks (ENs) - Employment Networks are private or public organizations, approved by SSA, that provide employment services to beneficiaries with disabilities. ENs can provide job retention services and other types of post-employment services and supports to help clients keep their jobs and increase their earnings.

Project AWIN – Project AWIN is the Work Incentives Planning and Assistance (WIPA) Program for the state of Arkansas. Project AWIN is designed to help Ticket to Work clients understand Social Security work incentive rules and how to access work incentives available under the Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) program. Benefits counselors can meet with clients individually to discuss how returning to work will affect their benefits as well as recommend work incentives that can maximize their income and healthcare options as they return to work.

Ticket to Work Program – The purpose of the Ticket to Work Program is to expand the employment opportunities for most individuals receiving ~~Social Security Disability (SSDI)~~ or ~~Supplemental Security Income (SSI)~~ benefits and reduce their dependency on SSA benefits.

Ticket Assignment – SSDI/SSI beneficiaries eligible for a Ticket have the choice of placing their Ticket In-Use with ARS or assigning their Ticket to an Employment Network (EN). The beneficiary may decide to come directly to ARS for services or may be referred to ARS by another agency or EN. When the beneficiary signs the IPE, the beneficiary has placed his/her ticket "In-use SVR." A beneficiary cannot use both ARS and an EN at the same time.

~~Ticket Reassignment~~—Beneficiaries may choose initially to assign their Tickets to either ARS or an EN and then decide later to change the assignment.

REHABILITATION INITIAL DIAGNOSIS AND ASSESSMENT FOR CLIENTS (RIDAC)

Rehabilitation Initial Diagnosis and Assessment for Clients (RIDAC) is a support unit for the Field Program. Its goal is to provide diagnostic services to counselors working with individuals during the initial stages of case development and planning. Services are provided at the RIDAC Office, local field offices, or a setting arranged by the counselors and/or District Managers. ~~Services include general medical examinations, mental health assessments, psychological and vocational evaluations, educational assessments, ability assessments, conditions, case consultation, and technical assistance.~~ **Services include general medical examinations and consultations, mental health assessments, psychoeducational and vocational evaluations, and case consultation.** To expedite the evaluation process, the counselor should make every effort to secure existing information. To the extent that existing data does not describe the current functioning of the individual, is insufficient, or inappropriate to make an eligibility determination, additional assessment may be requested. 34 C.F.R. § 361.42

To insure competent, consistent professional quality, RIDAC diagnostic evaluation services are completed by individuals who are Arkansas licensed physicians, psychologists, or psychological examiners. If RIDAC were to expand evaluation service, employed individuals will be licensed to perform the type of service provided by the appropriate Arkansas Licensing Board.

PROCEDURES – RIDAC REFERRAL

- Complete the RIDAC Service Authorization. It is very important the referring counselor indicate any assessment problems or questions to be addressed. In addition, necessary accommodations related to mobility, vision, hearing, etc. should be identified. During the course of the evaluation RIDAC staff will address identified problems or questions. If other evaluation concerns are discovered, they will be evaluated to determine if the identified concern could have an impact on the success of the rehabilitation program. If a general medical examination is requested, complete the top portion of the general medical form and attach it to the RIDAC Service Authorization.
- ~~When individuals have not reached the age of majority or have been determined incompetent, an informed consent for the RIDAC assessment is signed by the appropriate parent/guardian, with a copy attached to the RIDAC Service Authorization Form. Referring rehabilitation counselors are to insure that all individuals referred to RIDAC assessment consent to the evaluation process.~~
- **When individuals have not reached the age of majority, an informed consent for the RIDAC assessment is signed by the appropriate parent / legal guardian with a copy attached to the RIDAC Service Authorization Form. Referring rehabilitation counselors are to insure that all individuals referred to the RIDAC assessment consent to the evaluation process.**

- When individuals are over the age of majority but have been determined incompetent by the courts, an informed consent for the RIDAC assessment is signed by the appropriate parent / legal guardian with a copy attached to the RIDAC Service Authorization Form. Additionally, the guardianship paperwork from the court should be attached to the RIDAC Service Authorization Form. Referring rehabilitation counselors are to insure that all individuals referred to RIDAC assessment consent to the evaluation process.
- When existing medical, psychological, employment, history, or disability information is available, a consultation with the appropriate RIDAC staff can be obtained to review the existing data. The RIDAC staff person will complete a written report or consultation form.
- Contact the individual responsible for scheduling in the local office to obtain an appointment. Once the appointment has been obtained, the RIDAC Service Authorization and, if appropriate, the general medical form should be given to the individual responsible for scheduling RIDAC appointments in the local office. When available, existing psychological testing records, mental health reports, medical records, etc., shall be made available for review by the RIDAC evaluation team.
- The referring counselor is responsible for notifying the individual of the RIDAC appointment and providing directions to the evaluation site as well as other pertinent information. If the individual fails to report as scheduled, the RIDAC Service Authorization will be returned to the referring counselor documenting the individual's failure to report. To reschedule, follow procedures as outlined above.

The RIDAC program has a goal of returning evaluations completed within 10 work days or less from the time the individual is seen. However, when specialized evaluations are completed that require individualized evaluation, for instance neuropsychological limitations, the report time will likely be extended. RIDAC assessment forms will be maintained for a period of three months. Original evaluation reports shall be forwarded to the client file maintained by the referring field counselor. However, electronic records of the report will be transferred to the secured RIDAC folder and later transferred for permanence to be maintained in a secured location.

Learning & Evaluation Center

The Learning and Evaluation Center (LEC) provides direct service to ARS clients through individual psychological/neuropsychological evaluations, after referral from the Counselor and also generally after a RIDAC screening evaluation. LEC evaluations generally require one to two days, are conducted by licensed psychology professionals, followed by a detailed written report and individual feedback session involving the counselor, the consumer, and other family members if indicated. All evaluations are conducted in Little Rock with feedback sessions typically conducted at an ARS office near the consumer's home.

The purpose of the evaluation is to assist in the diagnosis of disabilities that may be affecting the consumer's educational progress, to identify strengths that may be used to mitigate disabilities, and to suggest accommodations when those may be helpful. Evaluations may also be focused on identifying strengths and weaknesses in areas more related to abilities to perform in the workplace, when a RIDAC screening evaluation has not been able to answer those questions. Neuropsychological evaluations for consumers who may have suffered from some form of traumatic brain injury are conducted to help determine the consumer's recovery process and readiness for job training, job placement, or further education.

The LEC regularly works in collaboration with the ~~AT@Work~~ **Access and Accommodations** program regarding the need of assistive technology accommodations for clients with physical, sensory, or learning disabilities.

CLIENT ASSISTANCE PROGRAM

The Client Assistance Program (CAP) is operated by an agency designated by the Governor and is independent of any agency that provides treatment, services, or rehabilitation to individuals under the Rehabilitation Act.

The purpose of the Client Assistance Program is to:

- 1) Provide an information and referral service to rehabilitation clients and applicants.
- 2) Assist clients and applicants in relationships with projects, programs, and facilities providing VR services.
- 3) Assist, upon request from the client or applicant, in pursuing legal, administrative, and other remedies available to ensure the protection of their rights under the Rehabilitation Act.

CAP can advise the ARS of identified problems, problem areas in the delivery of VR services to persons with disabilities and suggest methods and means of improving the delivery of services.

Assistive Technology @at Work Instructions (AT@Work)

REFERRAL AND ASSESSMENT PROCESS

PROGRAM DESCRIPTION

The AT @ Work program (Assistive Technology at Work) is designed to assist the ARS consumer and the referring Counselor in selecting and obtaining the appropriate assistive technology. The program is a collaborative effort involving Little Rock based staff as well as ACTI therapy staff. Services offered include evaluation/assessment, assistive technology device training, device modification/adaptation, and technical assistance as it relates to work, school, home, and transportation. ARS Counselors are required to determine the need for assistive technology at the time of application, plan development, and placement.

The Assistive Technology at Work (AT@Work) program is designed to assist Arkansas Rehabilitation Services's (ARS) clients and referring Vocational Rehabilitation Counselors in selecting and obtaining the appropriate assistive technology to facilitate the achievement of their established vocational goals and attain successful, competitively integrated employment.

Services through the AT@Work program include assistive technology and accommodation evaluation and assessment, assistive technology device selection and procurement, training, and technical assistance. These services are primarily directed as it relates to education, school, training programs, and vocational and technical education programs.

AT@Work is a statewide program that is staffed by Occupational Therapists, Access and Accommodations Specialist, and Administrative Assistant. AT@Work can also recruit the assistance of the Physical Therapist and Speech Language Pathologist stationed at the Arkansas Career Training Institute (ACTI) in Hot Springs if these services are in the best interest of the ARS client and referring counselor.

REFERRAL AND ASSESSMENT PROCESS

The following process is recommended in those situations when the Counselor identifies the potential need for assistive technology:

- 1) Counselor determines need for an assistive technology assessment or consultation.
- 2) Counselor completes the AT@Work Referral Form in full and forwards to the AT @ Work Program Manager via e-mail or fax.
- 3) Program Manager receives Referral Form, reviews and assigns to the appropriate AT@Work evaluator. ~~(If referral requests a wheelchair or orthotic/prosthetic assessment referral is forwarded to the physical therapy department at ACTI. The physical therapist will contact the referring Counselor to discuss the need for the consumer referred to visit the ACTI.)~~
- 4) Evaluator reviews the referral. Prior to scheduling the assessment, the Evaluator contacts the referring Counselor to ascertain the Counselor's perception of the individual's specific needs and requests other information.
- 5) Evaluator and Counselor will discuss the availability of IL or VR funds and determine the need to proceed with the evaluation.
- 6) Evaluator and Counselor will determine responsibility of scheduling the assessment in a timely manner based on the availability of the consumer, Counselor and evaluator.
- 7) Evaluator will complete a functional assessment addressing the referred individual's specific need of assistive technology based on the Counselor's request.
- 8) Evaluator will complete a report summarizing findings with recommendations for any needed technology prioritized.
- 9) Evaluator and Counselor will determine responsibility for procurement of recommended and agreed upon assistive technology. The Evaluator will provide vendor information, along with the quoted cost of the technology.
- 10) Evaluator will determine training needs regarding recommended technology prior to purchase.

11) Evaluator and Counselor will jointly agree as to responsibility for follow-up services including final approval of modifications/adaptations.

12) The Counselor will be responsible for processing payment of authorized and purchased technology.

Stay-at-Work/Return-to-Work (SAW/RTW)

Program Description

SAW/RTW is designed to provide support to employers and employees when an employee experiences an injury or illness that results in disability, inhibiting the employee from remaining at work or returning to work as soon as it is safe and medically feasible. Program staff has the expertise to assist in the areas of: Vocational counseling to assist an employee in the process of adjusting to a disability and the importance of remaining positive as it relates to stay and work/return to work efforts; Specialized vocational assessments that help identify and employee's vocational strengths and weaknesses as it relates to successful job performance; Job site assessment to determine how an employee's presenting disability interferes with task performance with identification of potential modifications to the work environment; Job analysis to identify the specific functions of a job and the mental and/or physical requirements needed for successful job performance; Individualized employee training regarding the correct use of any new technology or equipment introduced to assist in work performance; Staff can also provide general ergonomic assessments and training targeted toward employees in jobs that may present the likelihood of occurrence of injury or illness that leads to disability.

Development of a stay at work/return to work plan that, if required, addresses the need for accommodation in the workplace; with employer assistance, an investigation to determine potential assignments for transitional employment.

Referral and Assessment Process

- 1) Initial contact/referral with Access and Accommodations (A&A) is made through accessar@arkansas.gov.
- 2) Counselor will assign A&A to the client in the case management system so they have access and are able to review all necessary documents.
- 3) The client will be assigned to the appropriate A&A evaluator, and the evaluator will confirm the receipt of the referral with the counselor, and gain further information if necessary.
- 4) The A&A evaluator will contact the employee to gather additional data and schedule an on-site assessment. This will then be coordinated with the counselor, employer contact, and the employee.
- 5) The A&A evaluator will conduct the on-site assessment and communicate the

- results of the on-site assessment with the employer contact.
- 6) The A&A evaluator will generate an official report and provide the report to the employer contact as well as the counselor. This is then discussed between the employer contact, the counselor, and the employee. (Evaluator and A&A staff are available upon request or if necessary) (Closing data added to the A&A database by the evaluator)
 - 7) If accommodations are acquired and installed. (Evaluator and A&A staff are available upon request or if necessary)
 - 8) A&A staff will provide follow-up training if necessary or upon counselor request.

INCREASING CAPABILITIES ACCESS NETWORK

Increasing Capabilities Access Network (ICAN) is Arkansas's statewide assistive technology program. ICAN is federally mandated to provide training, device loans, demonstrations and donations in the area of assistive technology to persons with disabilities – all ages, all disabilities, **their** family members, caregivers, therapists, educators, employers, professionals and other interested parties. ~~Assistive technology (AT) is any kind of device or tool that helps people learn, work, communicate and live more independently. AT can be very simple and inexpensive, like a modified knife and fork, or it can be very sophisticated and costly, like a computerized speech device.~~

SERVICES

Loan: A wide range of AT devices are available for loan to try-out before buying, use while another is being repaired or borrow for use in a temporary time of need. Wheelchairs, standers and walkers require a doctor's or therapist prescription. ICAN requires a Speech and language therapist or an occupational therapist to check out any AAC (Augmentative and Alternative Communication device) over \$3000. ICAN requires State ID to receive the equipment.

Donation: Used AT in good condition can be donated to ICAN. These donations are repaired (ICAN can only do minor repairs) and sterilized then made available at no cost to individuals and agencies. Equipment, such as wheelchairs, standers and walkers require a doctor's prescription.

Demonstration: If you are considering what type of device might work best for you, one of your clients, family member or friend ICAN offers AT device demonstrations to assist in making an informed decision.

Equipment Exchange: The public can list and find used devices for sale, trade or donation through our website.

Training Opportunities/Exhibits: ICAN works with therapist, vendors and professionals to develop AT trainings and/or exhibits in areas such as workplace accessibility, computer access, low vision, hearing impairment, switch access and learning software.

ICAN is a statewide resource for information in all areas of assistive technology, such as funding resources, accessibility at work, school and/or home, and much more. Visitors to our technology center can see numerous devices in simulated office, school and home situations as well as hands-on experiences.

Assistive Technology at Work (AT @ Work)

Counselors are required to determine a consumer's need for assistive technology (AT) at time of application, plan development, and placement. The AT @ Work program is designed to assist the counselor when determining if AT would be beneficial for a consumer including the selection and acquisition of the appropriate equipment. Services offered include evaluation/assessment, AT device training, device modification/adaptation, and technical assistance.

To make a referral a consumer for AT @ Work services, the counselor is to complete the AT @ Work Referral Form in full and forward to the program's Administrative Specialist.

The counselor is responsible for the purchase of agreed upon AT equipment as identified in the AT @ Work evaluator's report. The counselor will inform the AT @ Work staff person when equipment is ordered and received. The counselor will contact AT @ Work when installation and/or training is required.

TELECOMMUNICATIONS ACCESS PROGRAM (TAP)

The Telecommunications Access Program (TAP) was established by Act 501 in 1995 and amended by Act 530 of 2001. It is a statewide equipment distribution loan program for Arkansans with disabilities or impairments to receive equipment necessary to be able to communicate on the telephone. Any individual who has a disability that impairs their ability to effectively access the telecommunication network may apply for the program. Eligibility is based on Arkansas residency, personal telecommunication service, certification of disability by an approved certifier, and income eligibility. Approved individuals may be eligible for up to two adaptive equipment systems to provide access to telecommunication service.

Interested individuals must complete the TAP application form and submit any additional information the program deems necessary to determine an applicant's eligibility. This information is also used to determine the adaptive equipment which best meets each eligible individual's needs. Individuals determined eligible must sign an agreement to follow TAP rules.

All information is maintained confidential and TAP follows the ARS appeals process. Additional information and application forms may be obtained from TAP, by calling (501) 686-9693 ~~V/TTY~~ or 1-800-981-4463 ~~V/TTY~~.

ARKANSAS TRANSITION PROGRAM

TRANSITION SERVICES

~~The term transition services means a coordinated set of activities for a student, designed within an outcome-oriented process, promoting movement from school to post-school activities, including post-secondary education, vocational training, integrated employment (including supported employment), continuing and adult education, adults services, independent living, or community participation. The coordinated set of activities shall be based upon the individual student's needs, taking into account the student's preferences and interest, and shall include instruction, community experiences, the development of employment and other post-school adult living objectives, and, when appropriate, acquisition of daily living skills and functional vocational evaluation. 34 CFR §361.22(a)(2) provides that, if the student is determined eligible for VR services, the student's IPE should be developed as early as possible during the transition process but no later than when the student exits the school setting.~~

PROCEDURES FOR TRANSITION SERVICES

Age 14 or before:

~~Arkansas Rehabilitation Services will provide informational services and brochures regarding ARS services to any student, parent or guardian, special education teacher or other school official.~~

Age 16 or before:

~~The counselor will meet with the special education teachers on a yearly basis to discuss potential referrals for ARS services. A meeting will be scheduled to discuss students in the 11th grade to determine recommendations for referral to ARS before the end of the junior year.~~

Before Graduation:

~~The counselor will receive referrals from the special education teacher no later than October of the senior year. All referrals will be accepted using the Arkansas Transition Referral Form 410. In addition to the referral form, the teacher will submit copies of school records, psychological evaluations and the ARS Informed Consent signed by the parent or guardian (if the referral is under the age of 18). The school will submit any additional information that is pertinent and useful in assisting the counselor to determine eligibility and assist the student and the counselor in identifying, selecting and pursuing appropriate career objectives.~~

~~The counselor will complete an application at the earliest date possible upon receipt of the transition referral form and supporting documents. The counselor must determine eligibility for services and ensure the development and approval of the Individualized Plan for Employment (IPE) by the time the student leaves the school setting. 34 CFR §361.22 and 361.45~~

~~The counselor will follow established procedures for referral, application, eligibility determination and IPE development consistent with informed choice.~~

~~RESPONSE LETTERS FOR TRANSITION REFERRALS~~

- ~~1) ARS Transition Information Packet~~
- ~~2) Rehabilitation Services~~

~~In order to have a reasonably predictable statewide response to Transition Referrals and to make the process as easy as possible, it is suggested that each office adopt the following format for use as cover letters for the **ARS Transition Information Packet** (Template Sample Letter 1) and for **Rehabilitation Services** (Template Sample Letter 2).~~

~~The complete packet should include:~~

- ~~1) A cover letter (Sample Letter 1)~~

Order of Selection Information for Transition Services

CATEGORIES:

- 1) Individuals with the Most Significant Disabilities
- 2) Individuals with Significant Disabilities
- 3) Individuals with Non-Significant Disabilities

WHAT IS ORDER OF SELECTION? If ARS is unable to provide rehabilitation services to all eligible individuals, the agency will operate under an order of selection. Individuals with the most significant disabilities have first priority when it comes to services that require the expenditure of money.

WHAT ARE SOME OF THESE SERVICES? Counseling, guidance, career exploration, physical restoration, college or vocational training, supported employment, job placement, and follow up services.

WHAT IS A SIGNIFICANT DISABILITY? One that seriously limits a person's ability to move, communicate, take care of themselves or relate well with other people and must impact the individual's employability.

WHY HAVE THIS POLICY? When ARS doesn't have enough money to serve all eligible people with disabilities who apply, the law says we have to give first priority to people with the most significant disabilities.

WHO DECIDES IF I'M SIGNIFICANTLY DISABLED? The Counselor makes this decision.

WILL I AUTOMATICALLY QUALIFY FOR PAID-FOR SERVICES IF MY DISABILITY IS LISTED UNDER THE DEFINITION OF SIGNIFICANTLY DISABLED? No. Significance of disability is only one factor used to determine eligibility for paid-for services. All applicants must be evaluated and must meet several criteria before eligibility is determined.

WHAT IF I DON'T HAVE A SIGNIFICANT DISABILITY, YET STILL WANT PAID-FOR SERVICES? Contact your local ARS office, talk to a counselor and complete all paperwork. This way eligibility will already be determined if money does become available.

WHAT IF I DISAGREE WITH THE DECISION? You may appeal the decision.

ARKANSAS KIDNEY DISEASE COMMISSION

HISTORY AND LEGISLATIVE AUTHORITY

The Arkansas Kidney Disease Commission (AKDC) was established by the General Assembly of the State of Arkansas through Act 450 of 1971 to establish a program for the care and treatment of persons with chronic renal disease. The legislation charged the AKDC to “provide financial assistance for persons suffering from chronic renal disease who require life-saving care and treatment to the extent as determined by the Commission.” The ten-member, Governor appointed, AKDC Board provides general over-site to the program with the ARS Commissioner serving on the Board as Secretary/Chief Disbursing Officer.

SERVICES AND PROGRAMS

Services available to individuals determined eligible for the AKDC are dependent on treatment status as well as eligibility for benefits related to other programs such as Medicare, Medicaid, Veterans, or private health insurance. The program has an annual limit of funding provided per client with that limit subject to change based on the availability of funds. The AKDC may provide financial assistance to eligible individuals for payment of prescription drugs, pre-transplant dental services, ~~transportation services~~, and in certain instances, medical services. In addition, the AKDC is dedicated to providing support to educational activities related to preventative measures and healthy living with End Stage Renal Disease (ESRD).

PRESCRIPTION DRUGS

The AKDC may pay for a limited number of ESRD related and post-kidney transplant prescriptions. With certain medications prior-approval is required. There are patient co-payments for all allowable medications. Clients are required to utilize available drug benefits before requesting the AKDC to provide prescription coverage as the program is identified as a payer of last resort.

DENTAL SERVICES

The AKDC may assist with payment of infectious free dental care for program clients awaiting kidney transplantation. Payments for services rendered will require prior approval of such treatments and follow the established AKDC dental fee schedule. As the AKDC is a payer of last resort, clients with dental coverage are required to utilize the benefit. The program can assist with co-payment.

MEDICAL SERVICES

The AKDC may assist in paying for some ESRD related medical treatment costs during the Medicare three-month waiting period or when other coverage does not exist. Documentation of lack of coverage and prior approval is required. The availability of this service is dependent on funding.

TRANSPORTATION SERVICES

~~The AKDC may assist with some transportation costs specifically associated with ESRD treatment. The intent of this service is to provide assistance with travel to/from dialysis treatments. Requests for other ESRD related treatment, including doctor's office visits, will be reviewed on a case-by-case basis. The availability of this service is dependent on funding and requires prior approval. Reimbursement for the service will be based on a mileage per diem rate established by the AKDC board.~~

PATIENT EDUCATION

The AKDC is dedicated to educating program clients and the public at large in improving health behavior of patients with ESRD as well as preventative education to sustain healthy kidneys. The purpose of this service is to maintain and hopefully improve the health of program clients and also if not prevent then slow down the loss of kidney function. This is met through conveying the importance of patient compliance when taking medication, nutritional needs, life-style changes, as well as, resources that are provided for the success of preventing ESRD or at least surviving the disease should it occur.

SUPPORTED HOUSING OFFICE

The Supported Housing Office (SHO) augments ARS' mission of providing opportunities for Arkansans with disabilities to lead productive and independent lives by focusing on a wide range of affordable housing issues. Supported Housing is defined as 'normal' housing such as an apartment, a single-family or multi-family home available for rent or purchase, coupled with individualized support services to maximize independent living.

The SHO assists Arkansans with disabilities to navigate the maze of local, state, and federal affordable housing programs, to identify solutions for the issue at hand. Common housing problems run the gamut from requests for shelters for homeless persons with disabilities, to sources of rental assistance, information on home repair and modification programs, foreclosure issues, and home-ownership opportunities. In addition, the Office provides targeted research, predevelopment consultations, and technical assistance on universal design and affordable housing development to the non-profit and the private sectors.

The SHO also staffs the Arkansas Governor's Task Force on Supported Housing (GTFSH) which is charged with increasing the supply of affordable, universal design housing for persons with disabilities as mandated by the U.S. Supreme Court in the Olmstead Decision. The centerpiece of the GTFSH Plan is the Arkansas Universal Design Project (AUDP) which produced single and multi-family universal design housing standards that are currently being implemented by Arkansas Development Finance Authority (ADFA), the State Housing Agency. Currently ADFA is leader in the production of single and multi-family universal design housing throughout the State. More information on the AUDP Standards and related research is available on-line at www.studioaid.org.

Arkansans experiencing housing problems are encouraged to contact Jeanette Davies via e-mail at jeanette.davies@arkansas.gov or by phone at 501.701.6378.

Self-Employment/Small Business Program

The ARS Self-Employment/Small Business Program is designed to assist clients to achieve an employment outcome through self-employment or small business operation.

Purpose

The role of ARS is to provide technical assistance and other consultation services to review market analysis, assist in developing business plans and otherwise provide resources that are authorized to be provided through the statewide workforce centers and their partners. ARS will assist the client in making informed decisions, to reduce or eliminate barriers created by disability(ies), with training in self-employment/small business development and operations and to identify possible funding sources that may assist the business. **The role of ARS is not to act as the primary funding source for self-employment or small business endeavors.** ARS may participate in partially funding small business start-up or retention of an existing business as approved by ARS.

ARS values self-employment as a viable vocational outcome. Self-employment is available within the repertoire of vocational options and may be considered by clients and their counselors as they work toward the development of an appropriate vocational goal. There may be a need for VR services prior to a commitment from ARS on a self-employment plan. If appropriate, ARS can assist the client by providing services, such as training needed for certain skills, or business knowledge before the decision is made by the client and their counselor to pursue the development of a business plan. Through initial exploration of personal and business feasibility assessment, the client and their counselor will be equipped to make an informed decision about self-employment as a vocational goal.

Individuals that are successful in becoming self-employed or operating a small business demonstrate a wide array of skills and abilities including, but not limited to, business organization, financial management, business marketing and/or other talents, as well as, knowledge and expertise regarding the goods or services being produced or provided. Such individuals are well aware of the potential risks involved when being self-employed or operating a small business and attempt to minimize such risks to the greatest extent possible.

The Self-Employment/Small Business Consultant

The counselor will refer the client to the Consultant in those situations where self-employment or small business operation is being considered by the client and their counselor as an employment outcome. This referral will occur prior to the development of the vocational goal or an amendment of the IPE to include self-employment as a service. The Consultant will be responsible for completing a Report as it relates to being self-employed or operating a small business and an evaluation of the feasibility of the business endeavor.

The role of the Consultant includes but is not limited to providing assistance to the client as follows:

1. Recommendation of training and technical assistance from appropriate organizations consisting of subjects such as exploring entrepreneurship, small business development, business plan development, small business management, accounting for business, and business financing.
2. Referral of the client to an appropriate resource as it relates to the development of a business plan defining the concept of the business and the business market and competition analysis.
3. Assist in identifying resources for the capitalization of the business.
4. The Consultant will develop a Report upon completion of these activities. The report will summarize the findings and provide recommendations as it relates to the operation of a new or existing business.

Definitions

1. Self-employment — refers to an employment outcome in which a client works in a business that s/he owns, operates, and manages with the intention of being profitable and becoming self-sufficient.
2. Form of Organization — refers to the way the client legally organizes the business.
 - a. Sole Proprietorship — one person who owns the business alone, but may have employees. S/he will have unlimited liability for all debts of the business, and the income or loss from the business will be reported on his or her personal income tax return along with all other income and expense s/he normally reports (although it will be on a separate schedule)
 - b. Corporation — requires a legal filing with the Internal Revenue Service for corporate status. Corporate organization provides limited liability for the investors. Shareholders in a corporation are obligated for the debts of the corporation; creditors can look only to the corporation's assets for payment. The corporation files its own tax return and pays taxes on its income.
 - Clients who legally organize their businesses as a corporation, and are employed by their corporation may be eligible while in the start-up phase of operations.
 - c. General and Limited Partnerships — two or more individuals, one of which is a client of ARS with the controlling share.
 - d. Limited Liability Company — limited liability for all of its members (business partners), with the ARS client as the controlling member.

- ~~Determining the concept of the business.~~
- ~~Participating in the assessment process.~~
- ~~Assisting in the identification of existing and potential barriers created by the disability.~~
- ~~Exploring the feasibility of the business venture by conducting research and gathering information, in collaboration with the technical assistance provider, including:~~

1. ~~The counselor determines that the individual is eligible for VR services and meets the Order of Selection, if the agency is under an Order of Selection.~~
2. ~~Development of a vocational goal is under consideration by the client and their counselor.~~
3. ~~When self-employment or small business operation is a viable possibility for vocational goal, the client is referred to the Self-Employment/Small Business Consultant (Consultant).~~
4. ~~The Consultant assists the client to complete the process of assessment and approval.~~
5. ~~Assessment of client's readiness for considering self-employment includes:~~

- a. ~~Evaluation of the client's interests, skills, aptitudes and personal qualities as they relate to self-employment or small business operation. This may include:

 - i. ~~use of data gathering instruments, and~~

- c. ~~Examination of the client's financial goals related to self-employment should include consideration of issues such as terminating government benefits, supplementing family income versus primary source of support, and earning sufficient funds to maintain competitive employment standards.~~
- d. ~~The client's expectations relative to the financial support s/he anticipates/expects from ARS should be discussed at the onset. It is important that the client understands that **ARS will not be the sole source of start-up capitalization** and that any funding allocated to an existing business or to the start up of a business will be consistent with ARS policy related to financial participation.~~

6. ~~Assess the client's disability as it relates to the vocational goal:~~

~~Ensure the viability of self-employment as it relates to the client's disability. The counselor will have the appropriate documentation to determine the client's disability. Additional consultation with medical and/or psychological service providers that have been treating the client may be required. If clear information is not available reflecting the client's ability to handle the physical, mental/emotional, and cognitive aspects of the business venture, additional assessments, such as an assessment of physical limitations, an assessment of cognitive skills and abilities, mental status evaluations, and work site analysis, should be acquired as appropriate.~~

7. ~~Assess the Feasibility of the Business:~~

- a. ~~Clients may be referred to outside resources for assistance in examining the concept, market and financial feasibility of the business. Examples of resources may include: the Arkansas Small Business Development Centers, and other local/regional microenterprise organizations and community economic development programs. If the business idea is deemed feasible, the information developed at this stage will provide some of the basic data that will be used in completing the Business Plan to be written later.~~

- b. ~~Testing the feasibility of the business idea must be formalized through a written business plan or feasibility Assessment documenting the following:~~
- ~~Concept Feasibility: Clear description of the business idea; client's background related to the business concept including education, training, direct experience and transferable skill sets; a summary statement identifying issues of concern regarding the feasibility of the concept; and a recommendation as to whether the business concept is feasible.~~

 - ~~Financial Feasibility: Capitalization requirements (start up funding may not exceed 6 months) consistent with the client's business concept; identification of resources for startup funding and ongoing capitalization. Twelve months of projected sales/expenses may be included, when appropriate. A monthly update will be required upon authorization.~~

8. ~~Individual Training and Technical Assistance:~~

- a. ~~All clients may be expected to attend training, and participate in technical assistance services related to self-employment or business operation as recommended by the Consultant. This includes options such as training and technical assistance from: the Arkansas Small Business and Technology Development Centers, local/regional microenterprise development service providers, or community economic development programs consisting of subjects such as exploring entrepreneurship, small business development, business plan development, small business management, accounting for business, and business financing.~~
- b. ~~Clients may require business specific skill training to eliminate skill gaps or prepare for the operation of the business. This could include coursework such as accounting/bookkeeping, using computers in business, human resources in business, etc. Skill building courses should be noted in the IPE as necessary.~~
- c. ~~Upon approval of the Consultant a client may substitute training or technical assistance previously completed for this requirement if sufficient documentation is provided.~~

9. ~~Business Plan Development:~~

~~The Business Plan is viewed as an essential element in any business venture and will be the document used by ARS, banks, micro lenders and other funding organizations to determine whether or not to participate in capitalizing the business venture.~~

~~a. A business plan approved by the Consultant is required.~~

~~b. A comprehensive Business Plan will be required for all clients as they request financial assistance for a business venture. The content for a comprehensive Business Plan is defined in the Client Business Plan Checklist (see Attachment 1). Clients should use the Client Business Plan Check List as a guide for preparing the business plan to ensure that all the critical areas are addressed.~~

~~c. The client will prepare the Business Plan with the Consultant and appropriate external technical assistance from a service provider experienced in business plan development.~~

~~d. Benefits counseling may be provided with a focus on the projected impact of revenues and expenses as noted in the Business Plan.~~

~~10. Explore and Apply for Resources Available From Other Sources:~~

~~All clients pursuing self-employment are **required to explore, and when appropriate, apply for funding from sources other than ARS.** These may include microloans, commercial and consumer loans, loans from family, forgivable loans, equity grants, and work incentives for Social Security recipients including Plans to Achieve Self Support (PASS) and personal property (inventory and equipment) essential to the operation of the business (PESS).~~

~~11. Review of Business Plans for Funding Consideration:~~

~~The client's goal toward self sufficiency and the level of the agency's financial participation in the start-up capitalization of the business will determine the level of review and approval required.~~

~~a. The Consultant will review the plan for completeness.~~

~~b. When the client's vocational goal is self-employment and his/her request does not exceed \$2,500, the counselor, **with the recommendation of the Consultant**, can approve the Business Plan for financial assistance.~~

~~c. When the request for financial assistance exceeds \$10,000, Business Plan review and approval by the Self-Employment Panel (Panel) is required. The Self-Employment Panel will make recommendation to Commissioner for final decision.~~

~~d. In cases where feasibility of the plan is in question as it relates to the funding request, ARS may have the Business Plan reviewed by an outside resource with expertise in small business, micro enterprise development and/or business finance.~~

Note: The recommendation of the outside resource will contribute to, but not define, the agency's final determination as to business feasibility.

- ~~1. Total startup costs.~~
- ~~2. Feasibility of the Business Plan in all aspects.~~
- ~~3. Potential for other financial resources, and~~
- ~~4. Availability of agency funds.~~

~~e. Process for Review by Self-Employment Panel:~~

 - ~~• The Self-Employment Panel will provide an opportunity for the client, or a designated representative, to present information about the Business Plan.~~

 - ~~• The review Panel will provide a written response with recommendations to the client within ten (10) working days of their review.~~
- ~~12. The decision of the Panel is forwarded to the appropriate approval parties i.e. Counselor, District Manager, Chief of Field Services, and/or Commissioner—please see Financial Participation Requirements.~~
- ~~13. If the client does not agree with the decision regarding the proposed Business Plan, the ARS appeal process is available to the client.~~
- ~~14. If approved the counselor completes the IPE or Amendment with the client with the vocational goal of self-employment or small business operation with the appropriate services.~~
- ~~15. The case is followed by the counselor and Consultant through post start-up and business stabilization.~~
- ~~16. The case is closed by the counselor with the agreement of the Client and with the recommendation of the Consultant. The business has been operating for a period of time long enough to adequately assess the stability of the business. **A minimum of six months and a maximum of one year are recommended.**~~

Individual Plan for Employment

4. Cooperate with and assist political subdivisions of the state and private providers in the development of local programs for people with disabilities including, but not limited to, coordination and community planning, information services, counseling, services, discrimination of information and volunteer activities.
5. Stimulate community interest in the problems of people with disabilities and promote public awareness of resources available for such people.
6. Refer people seeking advice, assistance and available services in connection with particular problems of people with disabilities to the appropriate departments and agencies of the State and Federal governments or to agencies providing services by contract with such governmental entities as well as other private providers.
7. Consult and cooperate with universities, colleges, and educational institutions in the private programs for people with disabilities.
8. Make or cause to be made such studies of needs of people with disabilities as may be appropriate.
9. Serve as a clearinghouse for information relating to the needs of people with disabilities.
10. Sponsor conferences relating to problems of, and services for, people with disabilities.

11. Assist state and local governments in eliminating obstacles to dignity and achievement which people with disabilities may face as a result of a government and society unaware of or insensitive to their needs.
12. Examine Federal, State, and local programs for people with disabilities, and provide assistance where greater coordination between Federal, State, and local programs are needed.
13. Cooperate with Arkansas General Assembly and the President Committee on Employment of the People with Disabilities.

AGCPD provided scholarships

The AGCPD scholarship program is an activity the commission has elected to undertake. The AGCPD provides educational scholarships specifically for people with disabilities. The amount and number of the scholarships provided are approved by the commission members. These scholarships are funded by private donation, and through fines associated with accessible parking law. Scholarship applications are made available at the beginning of December each year, are due by the end of February, and are awarded every summer. These scholarships are a one-time award and are awarded per the recommendation of the scholarship sub-committee.

Arkansas Assistive Technology Alternative Financing Program (AFP)

The Arkansas Assistive Technology Alternative Financing Program (AFP) provides Arkansans with disabilities access to extended-term, below market interest rate loans for the purchase of assistive technology. The AFP is a loan program (not a grant program) provided in partnership by Arkansas Rehabilitation Services (ARS) and the Governor appointed Technology Equipment Revolving Loan Fund (RLF) Committee. The AFP is funded by a one-time federal grant through the US Department of Education's National Institute on Disability and Rehabilitation Research.

To be eligible for the AFP an individual must be an Arkansas resident with a disability and in need of assistive technology. For program purposes, a disability is defined as a physical or mental impairment that substantially limits one or more major life activities. Assistive technology is devices or services that assist people with disabilities to live more independently and productively and to improve quality of life at work, in school, at home, or in recreation or leisure activities.

ARS is the lead agency for the AFP and has the primary responsibilities of policy/procedure and program guidelines development and implementation; marketing; and the initial application review process. ARS has assumed all responsibilities related to review of applications, developing closing documents, closing for loans approved, and servicing loans made. The Governor appointed RLF Committee had and continues the responsibilities of providing program oversight and approving/denying all applications for loans.

ARKANSAS CAREER TRAINING INSTITUTE (ACTI)

MISSION

To assist individuals with disabilities to become employed through the provision of comprehensive rehabilitation services.

SELECTION OF CLIENTS

Residents of Arkansas who make inquiry to ACTI will be referred to a Field Counselor. The Field Counselor will give these referred cases first priority for investigation, as well as all others referred for ACTI services by other sources. This investigation must be sufficient to determine whether the referred case is eligible or ineligible for services.

ACTI will provide services to individuals with disabilities whom it is believed can benefit from ACTI Services directed towards rehabilitation goals.

ADMISSION GUIDELINES

Applications for admission to ACTI will be reviewed in accordance with these guidelines. The responsibility for the administration of these guidelines rests with the ACTI Admissions Coordinator in consultation with various other staff representing the service delivery units of the facility.

Each of these areas must have reasonable assurance that enrollment will result in employment:

- 1) **Epilepsy** - Persons with seizures who are candidates for vocational programs must be stabilized on medication and possess a level of seizure control consistent with participation in a six hour per day learning environment. Persons interested in vocational programs such as Auto Technology, Auto Collision, Construction Technology, Outdoor Power Equipment Technology and Welding that require the use of dangerous equipment must be seizure free for one year.

The psychiatric and psychological services available are designed to support and maintain those individuals who enter an ACTI program. For admission, individuals must meet the following criteria:

ARKANSAS CAREER TRAINING INSTITUTE DRUG POLICY

Students enrolling at Arkansas Career Training Institute (ACTI) must sign the Arkansas Rehabilitation Services Substance Free Policy with their Field Counselor. All students enrolled at Arkansas Career Training Institute will be tested for prohibited substances during the first week of enrollment. If a student tests positive for drugs, the student will be suspended for 45 calendar days. The student will be required to provide ACTI with a clean drug screen and sign a behavioral agreement prior to their return. The student will be retested within 30 days of their return to ACTI. If the student tests positive for drugs at that time, the student will be discharged from ACTI.

Readmission is subject to the criteria outlined in the ACTI Alcoholism, Drug Dependence, Abuse, or Addiction policy. The student must demonstrate 1) successful participation in a primary treatment program and/or 2) the individual has not engaged in alcohol or drug abuse for a period of six months and has a good, medically documented prognosis and 3) participate in NA/AA programs as recommended by ARS/ACTI staff and 4) submit to drug screens (ARS Policy Procedure Manual, Appendix C.)

ADMISSION PROCEDURES FOR ARKANSAS REHABILITATION SERVICES CLIENTS

To schedule a client for admission to ACTI, the Field Counselor will provide the Admissions Coordinator the following information.

impressions and opinions of the individual's abilities, personality, background, social and behavior assets and limitations, giving particular attention to describing the rehabilitation problem. The Field Counselor will identify any specific problem areas, including the need for special diet and medication with copies of the physician's prescriptions. If incidental expenses, clothing, transportation, and/or meals other than the noon meal for non-residents are to be provided, this must be planned for and recorded in the Services Section of IPE and specified on RS-344 Request for ACTI Services.

PROSTHETIC/ORTHOTICS AT ACTI

All new or initial wearers and individuals who have had difficulty wearing a limb may attend the ACTI Amputee Clinic for evaluation. ACTI Admissions Coordinator will schedule the individual for admission to the Amputee Clinic. The individual's Field Counselor will submit the same materials, including recommendations from a physician that the residual limb is

ready for fitting; the signed Application for Services; and the completed Request for ACTI Services.

When possible, the vocational objective or tentative objective should be indicated since this type of information is extremely helpful to the clinic team in their total evaluation. Although the amputees' initial evaluation normally lasts five days, the length of time for ACTI services may vary from case to case. The Admissions Coordinator will advise the prosthetist and the counselor when the individual must report to the ACTI. The Field Counselor will notify the individual. The individual should expect to return home when the initial evaluation is completed.

The appropriate prosthetist is required to attend the Clinic for the initial prescription or evaluation of the prosthesis. All replacement prostheses recommended through this clinic will be evaluated as outlined below. The prosthetists may be required to attend other clinics to help resolve prosthetic problems.

The appropriate ACTI Counselor will immediately notify the Field Counselor of the evaluation results. If the Clinic recommends prosthesis, the Field Counselor may provide the limb in accordance with the recommendations. Actual construction of the new prosthesis (upper or lower extremity) should not begin before verbal or written authorization is received from the Field Counselor.

The details of measurement and fitting will be arranged by agreement between the Field Counselor, the individual, and the vendor. If the individual cannot travel to the limb company for the measurement and/or initial fitting, the prosthetists should contact the Field Counselor. A copy of the IPE will be submitted to the Admissions Coordinator prior to the individual's returning to ACTI for the final fitting.

A prosthesis should be made and returned to ACTI for initial evaluation within two (2) weeks of initial measurement. The prosthesis will not be delivered to the individual's home unless it is a replacement prosthesis recommended outside the ACTI Amputee Clinic.

The Field Counselor will notify the ACTI Counselor when the individual is ready to return to ACTI for the first fitting of the prosthesis.

The final fitting will be performed at the ACTI Amputee Clinic. The individual will remain at ACTI for training in the use of the limb. The prosthetist will notify the Field Counselor in writing with a copy of the notification to the individual and the Admissions Committee at least one week prior to the time the individual will be ready for final fitting. The individual will re-enter ACTI the day prior to the scheduled date.

CASE PROCESSING

Prior to the individual's entry into ACTI in Status 12 or above, the results of the diagnostic study and a supporting IPE are to be provided. Even when this study is completed, the individual may be sent to ACTI for additional diagnostic/evaluation services. Request for evaluation at ACTI will be addressed regardless of rehabilitation status.

Each ~~consumer~~ individual is assigned to an ACTI Counselor upon arrival. The ACTI

Counselor becomes the extension of the Field Counselor in the case management and case processing while the individual remains at ACTI. All communication regarding a student's program is communicated through the ACTI Counselor. The ACTI Counselor is ACTI's liaison with the Field Counselor and service provider. The ACTI Counselor and Field Counselor will negotiate authorizations for necessary services provided outside ACTI. The ACTI Counselor who prepares the authorization and any additional documents such as Amendments to the IPE will be responsible for proper disposition of copies. The ACTI Counselor may authorize any services essential for the completion of the VR program.

All Statements of Account and related documents will be attached to the authorization in the case management system and payment entered for checks to be issued after the ACTI Counselor has verified that services have been rendered. The ACTI Counselor will be responsible for following up to verify that payment has been completed.

CLOTHING PRIOR TO ENROLLMENT

It is essential each individual arrive at ACTI with a 5-day supply of clothes that would be considered appropriate on the job to maintain a clean and neat appearance. A suggested list of minimum clothing has been established and such clothing is to be purchased or otherwise provided prior to arriving at ACTI. In planning with the individual, seasonal changes and the type of training must be considered. Students should have at least two pairs of shoes to wear in the training areas.

CLOTHING AFTER ENROLLMENT

Requests for personal clothing after enrollment will be directed to the Field Counselor. The Field Counselor, after investigating the family resources, will determine what clothing ARS will provide and advise the ACTI Counselor. The ACTI Counselor will write the necessary Amendments and authorizations to provide the clothing. Designation of funds and preparation of authorization will be determined by the Field Counselor and ACTI Counselor.

TRANSPORTATION TO ACTI

When ARS provides transportation, planning should include the need for a round-trip. The Field Counselor should remind clients of the date to report to ACTI approximately two weeks prior to the scheduled reporting date. Recommended time to arrive at ACTI is on Sunday between 10AM and 3PM, unless otherwise specified in the admissions letter. This allows the student an opportunity to begin the orientation program on a timely basis. Students must be at ACTI in this time frame as orientation begins in the afternoon. Parents, guardians, or other family members should plan to stay for the 5:30 PM Orientation class. If any changes are necessary, ACTI should be notified. The Field Counselor should instruct the client to report to the Reception Office at ACTI immediately upon arrival.

TRANSPORTATION WHILE ENROLLED

The ACTI Counselor will write the amendment for transportation provided by an outside vendor if needed. Authorizations will not be written when such transportation is provided with ACTI vehicles and personnel. ACTI Counselor will authorize transportation only when the individual has no resources and only at times when ACTI is initiating individual's leaving such as Christmas closing, time of discharge, or when client has an extreme emergency situation that necessitates leaving. The ACTI Counselor will not provide transportation for home visits or other non-emergency conditions.

INCREASED PER DIEM COSTS

Authorizations and Amendments will not be written to provide for increased per diem costs due to the client's receiving short stay hospital or evaluation services. The ACTI Counselor will inform the Field Counselor of such changes in the original planning.

MEDICAL TREATMENT OUTSIDE OF ACTI

The ACTI Counselor, upon recommendation by the ACTI physician, will authorize emergency medical treatment and non-emergency medical diagnosis. If the ACTI Counselor has current information that indicates medical services are necessary and recommended by a physician outside ACTI, the Field Counselor must be notified by telephone followed or email followed by a case note in the case management system explaining the situation. The ACTI Counselor and the Field Counselor will confer and a determination will be made based on the circumstances, of which the Field Counselor will be responsible for payment and completing the need IPE Amendment and authorization.

Exception: When there is evidence either from the individual or the ACTI Counselor, the family or individual can purchase or make a substantial contribution to the purchase of the necessary prosthesis, appliance, etc., and/or treatment. The ACTI Counselor will submit the recommendation to the Field Counselor. The Field Counselor, after further investigation, may write the amendments and authorizations to the vendor, or request the ACTI Counselor complete them.

In the event outside medical treatment is needed due to actions purposely or deliberately caused by the student (example: breaking a window in anger) the student may be responsible for all medical expenses resulting from the injury.

INCIDENTAL EXPENSES

This service will not be authorized unless the ACTI and Field Counselor agree the service is needed. It is to be used for minor emergency needs only.

~~UTILIZING ABILITIES UNLIMITED~~

~~Effective July 1, 2006, ACTI no longer refers students directly to Abilities Unlimited in Hot Springs. All authorizations to Abilities Unlimited for students enrolled in the ACTI must be issued by the Field Counselor.~~

FINANCIAL PARTICIPATION

The Field Counselor, in accordance with ARS Policy and Procedure Manual, will determine financial participation. Refer to Appendix I. Fees for the ACTI Fees and Training Hours.

LEAVE POLICY FOR ACTI STUDENTS

Students enrolled in ACTI are expected to remain until services outlined in the IPE are completed or otherwise terminated. However, leave may be granted to students when the ACTI Counselor and/or Field Counselor deem it necessary. Leave may be granted to a student due to illness, personal or family problems, positive drug screen, suspension or the need to return home to plan with the Field Counselor.

If a student does not return at the end of his/her designated leave, contact will be made with the Field Counselor by the ACTI Counselor and a decision will be made to either extend the leave up to an additional 30 days or discharge the student.

Students on leave will be discharged at the end of 30 days unless an extension of leave time has been requested and agreed upon by the Field and ACTI Counselor, and approved by ACTI Counseling Supervisor. After a student has been discharged, an application must be submitted to the Admissions Coordinator before consideration for re-enrollment.

NON-RESIDENTS AT ACTI

ACTI is a residential facility. Exceptions may be for non-resident enrollment under certain conditions and upon specific request by the Field Counselor. These conditions are:

- 1) Students residing in Garland County and immediate area may be admitted for services as a non-resident student of the Field Counselor.
- 2) ACTI has no family facility or living quarters for students with family or dependents. In the event two students become married to each other; they will be required to become non-residents as soon as arrangements can be made.

Non-residents are authorized to eat a noon meal in the ACTI's cafeteria on Monday through Friday as part of the usual ACTI services. After analyzing the individual's financial needs, the Field Counselor may request the individual be provided additional meals per day on maintenance services. The request for additional meals per day must be specified and authorized in the IPE and requested on the RS-344. These guidelines should be reviewed with and understood by students prior to admission.

Non-resident students will be provided normal/routine health care services from 7: 00 a.m. to 3 p.m. Monday through Friday. Non-resident students will be required to arrange for their own emergency care other than these specified hours, unless special arrangements are made on an individual basis with appropriate ACTI staff.

Such programs shall be used to provide services that promote integration and competitive employment.” The authority is used to provide financial support to community rehabilitation programs to establish or develop service programs, or improve them and to increase their effectiveness in providing VR services to applicants or eligible individuals.~~

~~In serving groups of individuals with disabilities, ARS is authorized to establish, develop, or improve a public or private CRP, pursuant to section 103(b)(2)(A) of the Rehabilitation Act and 34 CFR 361.49(a)(1). ARS is permitted under the VR program to alter or remodel a CRP and install fixed or movable equipment, as necessary, to establish, develop, or improve the facility for a CRP (34 CFR 361.5(b)(18)(ii) and (v)).~~

Community Rehabilitation Program

~~Section 7(5) of the Rehabilitation Act of 1973, as amended and 34 CFR 361.5(b)(9) defines CRP as a program that provides directly or facilitates the provision of one or more VR services to individuals with disabilities to enable those individuals to maximize their opportunities for employment, including career advancement.~~

Vocational Rehabilitation Services

~~Vocational rehabilitation (VR) services are those services provided to an individual pursuant to an Individualized Plan for Employment in accordance with 34 CFR 361.48 or to groups of individuals with disabilities in accordance with 34 CFR 361.49 (section 103 of the Rehabilitation Act of 1973, as amended and 34 CFR 361.5(b)(58)). Section 111(a)(1) of the Rehabilitation Act of 1973, as amended and 34 CFR 361.3 require that VR funds be used solely for the provision of VR services or for the administration of the VR program.~~

Establishment Activities

~~The need for establishment, development or improvement of a CRP must be determined through the ARS Comprehensive Statewide Needs Assessment (CSNA).~~

~~Plans to establish, develop and improve CRPs through establishment activities must be included in the ARS State Plan in the following attachments, if applicable:~~

- ~~• CSNA (Attachment 4.11(a))~~
- ~~• State Goals and Priorities (Attachment 4.11(c)(1))~~
- ~~• State’s Strategies (Attachment 4.11(d))~~

- ~~• Arrangements and Cooperative Agreements for the Provision of Supported Employment Services (Attachment 4.8(b)(4))~~
- ~~• Evaluation and Report of Progress (as the project moves forward) (Attachment 4.11(e)(2))~~

Comprehensive Statewide Needs Assessment

ARS and the State Rehabilitation Council conduct the Comprehensive Statewide Needs Assessment (CSNA) every three (3) years, or update the CSNA as needed. ARS and the rehabilitation council conduct the CSNA for the purpose of describing the rehabilitation service needs of individuals with disabilities residing within the state. The CSNA must include an assessment of the need to establish, develop, or improve community rehabilitation programs (CRPs) within the state (34 CFR 361.29(a)(1)(ii)). Any update to the CSNA is required to be reported to the Rehabilitation Services Administration (34 CFR 361.29 (ii)(2)).

The CSNA particularly focuses on the vocational rehabilitation services needs of:

- Individuals with the most significant disabilities, including their need for supported employment services;
- Individuals with disabilities who are minorities;
- Individuals with disabilities who have been unserved or underserved by the vocational rehabilitation program; and
- Individuals with disabilities served through other components of the statewide workforce investment system.

Expenditures

Other expenditures are permitted if related to establishment, development, or improvement of a CRP that are necessary to: Make the program functional or increase its effectiveness in providing VR services to applicants or eligible individuals, but are not ongoing operating expenses of the program. 34 CFR 361.5(b)(17)(iii).

The acquisition of an existing building and, if necessary, the land in connection with the acquisition is permitted, if the building has been completed in all aspects for a least one (1) year prior to the date of the acquisition and the Federal share of the cost of acquisition is not more than \$300,000. 34 CFR 361.5(b)(18)(i).

The remodeling or alteration of an existing building is permitted, provided the estimated cost of remodeling or alteration does not exceed the appraised value of the existing building. 34 CFR 361.5(b)(18)(i)

The expansion of an existing building is permitted provided that:

- The existing building is complete in all respects;
- The total size in square footage of the expanded building, notwithstanding the number of expansions, is not greater than twice the size of the existing building;
- The expansion is joined structurally to the existing building and does not constitute a separate building; and
- The costs of the expansion do not exceed the appraised value of the existing building. 34 CFR 361.5(b)(18)(iii)

Other expenditures allowed:

- Architect's fees, site survey, and soil investigation, if necessary in connection with the acquisition, remodeling, alteration, or expansion of an existing building; and
- The acquisition of fixed or movable equipment, including the cost of installation of the equipment, if necessary to establish, develop, or improve a community rehabilitation program. 34 CFR 361.5(b)(18)(iv) and (v)

Financial Impact

- ~~The non-federal share of an establishment project is 21.3 percent. 34 CFR 361.60(a)(1)~~
- ~~The match may be made, in whole or in part, by the state VR agency or contributions by private entities (private organizations, agencies, individuals). 34 CFR 361.60(b)(3)(i)~~
- ~~Contributions from private entities used to meet the non-federal share of an establishment project must be deposited in the account of the state agency in accordance with state law. 34 CFR 361.60(b)(3)~~

Allowable Costs

- ~~The federal share of the cost of acquiring a building that is to be used for community rehabilitation program purposes cannot exceed \$300,000.~~
- ~~Acquisition includes land and is subject to the \$300,000 Federal Fund Participation limitation.~~
- ~~Remodeling or alteration costs of an existing building provided that the estimated cost does not exceed the appraised value of the building.~~
- ~~The expansion of an existing building, provided that the existing building is complete in all respects; and the total square footage of the expanded building is not greater than twice the size of the existing building.~~
- ~~The expansion of an existing building, provided that the expansion is joined structurally to the existing building; and the costs of expansion do not exceed appraised value of the existing building.~~
- ~~Architect's fees, site survey, soil investigation. (If necessary in conjunction with the acquisition, remodeling, alteration, or expansion of an existing building)~~
- ~~Fixed or moveable equipment, including the cost of installation of the equipment. (If necessary to establish, develop, or improve a community rehabilitation program) 34 CFR 361.5(b)(18)(i) - (iii)~~

Staffing

- ~~Federal financial participation is limited to a total of 48 months.~~
- ~~The total percentage of costs in which the federal government will participate is reduced each year during the 4-year period.~~
- ~~Staffing limit is imposed to preserve the amount of funds available to ARS for providing services to eligible individuals, while preserving ARS's authority to expend VR funds to support necessary development or expansion of community rehabilitation facilities.~~
- ~~If necessary to establish, develop or improve a CRP to serve applicants or eligible individuals, funding for staffing is permitted for a period of four (4) years, with financial participation available at the applicable matching rate for the following levels of staffing costs. 34 CFR 361.5(b)(17)(ii)~~

Staffing Costs

Year 1	100%
Year 2	75%
Year 3	-60%
Year 4	-45%

State Purchasing Requirements

~~ARS must comply with all State of Arkansas purchasing requirements including solicitation of bids, if applicable, in the provision of establishment activities.~~

Affect of Costs on Maintenance of Effort

~~Non-Federal expenditures incurred for the establishment, development, or improvement of a facility for a CRP are exempt from the calculation of the State's maintenance of effort requirement pursuant to 34 CFR 361.62(b).~~

~~Pursuant to section 111(a)(2)(B) of the Rehabilitation Act and 34 CFR 361.62, a State must ensure that non-Federal expenditures under the VR State plan for any given fiscal year must equal or exceed the non-Federal expenditures from two years prior to that year. For example, non-Federal expenditures incurred in FY 2013 would have to equal or exceed the agency's non-Federal expenditures incurred in FY 2011. Costs classified as administrative costs count towards the maintenance of effort requirement; however, costs classified as the establishment, development, or improvement of a facility for a CRP do not count towards the maintenance of effort requirement.~~

Required Pre-Planning Activities

- ~~• The need for the establishment activities must be identified in the approved Comprehensive Statewide Needs Assessment jointly developed and agreed to by ARS and the State Rehabilitation Council and approved by the ARS Commissioner. 34 CFR 361.29(a)(1) 34 CFR 361.13~~
- ~~• The development of goals and strategies related to the establishment activities must be included and discussed in the ARS State Plan. 34 CFR 361.29(c)(1) and (d)(3)~~
- ~~• The establishment, development, or improvement of a public or other nonprofit community rehabilitation program that is used to provide vocational rehabilitation services must promote integration and competitive employment. 34 CFR 361.49~~
- ~~• ARS must ensure that it satisfies all pre-planning requirements before engaging in these activities.~~
- ~~• ARS also must ensure that it monitors all establishment expenditures to ensure compliance with Federal requirements pursuant to 34 CFR 80.40(a).~~
- ~~• ARS will only consider requests to use establishment activities to develop a CRP if the needs for particular VR services are identified in the Comprehensive Statewide Needs Assessment (CSNA) and unavailable through other programs including the Arkansas Career Training Institute (ACTI). If the need for a VR service is identified, ARS will first determine if ACTI programs can be adapted to provide the service. If a VR need is identified in the CSNA and unavailable through other programs or ACTI or ACTI programs cannot be adapted to provide the services, then ARS will advertise for Request for Proposals. Unsolicited proposals will not be considered for establishment activities to provide the establishment, development, or improvement of a public or other nonprofit community rehabilitation program.~~

~~Arkansas Rehabilitation Services (ARS) Community Program Development Section (CPDS) and Community Rehabilitation Program (CRP) Review Process and Resolution Protocol~~

~~CRP Review Procedures and Resolution Protocol~~

~~This resolution protocol is established to allow for communication by either ARS staff or CRP staff, who may have an issue causing a barrier to services in assisting individuals with disabilities to receive vocationally oriented services toward quality, competitive employment outcomes in integrated settings.~~

~~STEP ONE:~~ ~~ARS field staff or the CRP staff discusses the issue(s) with the ARS counselor liaison. The ARS counselor liaison will contact the CPDS Rehabilitation Program Specialist for technical assistance.~~

~~STEP TWO:~~ ~~The ARS counselor liaison will discuss the issue with the ARS District Manager. The ARS District Manager contacts the CPDS Manager for technical assistance or if a resolution cannot be reached.~~

~~STEP THREE:~~ ~~The CPDS Manager will communicate with both parties to seek a resolution, which may require a meeting to develop a corrective action plan with time frames.~~

~~STEP FOUR:~~ ~~If the issue cannot be resolved by the above steps, the ARS-CPDS with approval in writing (official memo) from the ARS Chief of Field Services can recommend to the ARS Commissioner the termination of the CRP's certification.~~

~~STEP FIVE:~~ ~~ARS Commissioner will review documents provided by memo requesting this review from the ARS Chief of Field Services and the CPDS Manager documenting the process taken to seek a resolution. The final decision determined by the ARS Commissioner will be provided to the CRP within thirty (30) days from the date the ARS Chief of Field Services provides a memo requesting this review.~~

~~STEP SIX:~~ ~~If dissatisfied with the ARS final decision, the CRP has the right to a hearing as set out in the Arkansas Administrative Procedure Act, §25-15-208 to 213 Administrative Adjudication.~~

CRP DEFINITIONS

Community Rehabilitation Program (CRP) – A program that provides one or more of VR services to individuals with disabilities and to enable those individuals to maximize their opportunities for employment, including career advancement.

TYPES OF CRP'S

CRP Facility (Sheltered) Based – a work-oriented habilitation or rehabilitation program with a controlled working environment and individual vocational goals, which utilizes planned goal-directed work experience and related services for assisting an individual with a disability to progress toward independent living and a productive vocational status.

CRP Community Based – a non-sheltered program providing services in the community by situational assessment trainings, on the job training, and other available local resources, including but not limited to community programs, public places like the public library, and local employers;

CRP SERVICES

Assessment – an investigative goal-directed process identifying and measuring the clients individual's work related behaviors, including but not limited to, job readiness, transferable skills, social skills and vocational interest, in order to determine the need for placement or additional rehabilitation services.

Work Adjustment – a system of goal-directed services or groups of services directed toward enhancement of the individual's job seeking and job-keeping skills that facilitate movement toward a satisfactory vocational placement.

Facility Based (Sheltered) Extended Services – a continued goal directed service to increase the skills, abilities, job keeping skills, and opportunities for employment for individuals that facilitate movement toward a satisfactory vocational placement, which may be provided in the community.

Competitive Employment – refers to work in the competitive labor market that is performed full or part time in an integrated* setting, and for which an individual is compensated at or above the minimum wage. Work performed must be compensated with the same benefits and wages as other workers in similar jobs receive. This includes sick leave, vacation time, health benefits, bonuses, training opportunities, and other benefits. *Integrated Setting" definition on page 27.

Sheltered Employment (cannot be a 26 closure) – refers to the long-term employment of an individual with a disability within a Facility Based (sheltered) CRP. This individual is considered to be an employee of the CRP and **cannot be closed vocationally as a Status 26 closure**, unless the majority of their employment time is in an integrated setting where individuals with disabilities do not congregate for services, for example the CRP campus/property. Sheltered employees in CRP's are typically paid at less than minimum wage depending on their productivity, and in accordance with special Department of Labor, Wage and Hour Division guidelines.

~~SUPPORTED EMPLOYMENT SERVICES (SES) AND DEFINITIONS~~

~~Supported Employment~~ means competitive work in integrated work settings for individuals with the most significant disabilities (i.e. intellectual or developmental disabilities, learning disabilities, traumatic brain injury, and behavioral health issues) for whom competitive employment has not traditionally occurred, and who, because of the nature and severity of their disability, need ongoing support services in order to perform their job.

Individuals employed through Supported Employment services must:

- ~~1. Be engaged in employment paid at or above minimum wage;~~
- ~~2. Work performed must be compensated with the same benefits and wages as other workers in similar jobs receive. This includes sick leave, vacation time, health benefits, bonuses, training opportunities, and other benefits.~~
- ~~3. Need and be provided ongoing, support services in order to maintain employment, which may include natural supports provided by the employers; and~~
- ~~4. Be employed in an integrated setting.~~

~~NOTE: Supported Employment Services shall be provided for a period of time not to exceed 18 months, unless under special circumstances the eligible individual and the rehabilitation counselor jointly agree to extend the time to achieve the employment outcome identified in the individualized plan for employment. The counselor will provide a justification memo stating why the individual's disability requires an extended period of time to the District Managers for approval.~~

~~Transitional Employment~~ means competitive employment in an integrated work setting for individuals with a significant disability due to mental illness who may need support services (but not necessarily job skill training services) provided either at the work site or away from the work site to perform the work. The job placement may not necessarily be permanent employment for the individual.

~~Transitional Employment Services~~ consist of a series of temporary sequential job placements until job permanency is achieved. The job could be temporary or seasonal and the on-going "job skill training" requirement of "at least twice monthly" is waived unless the individual needs these services.

~~TYPES OF SUPPORTED EMPLOYMENT PLACEMENT~~

~~Individual Model~~—A person with a disability is placed in a job in a community business which best suits his/her abilities and preferences. Training is provided on the job site in job skills and work related behaviors, including social skills, by a job coach. As the employee gains skills and confidence, the job coach gradually spends less time at the worksite. Support is never completely removed. The private or public agency furnishing the job coach is always available to the employer for retraining for new assignments, assisting in dealing with challenging behaviors, supplying periodic consultations with co-workers and employer, giving orientation and training for co-workers. (Self-employment is encouraged and supported within this model.)

Enclaves Model - Enclaves typically consist of a small group of individuals with disabilities (generally 5-8) working together as a team under the supervision of a provider employee in a community business or industry. There is a contractual relationship between the business and the provider, and the provider pays the workers with disabilities either by a piece rate, a straight subminimum wage, or by pay commensurate with production. Another variation of the enclave approach is called the "dispersed enclave." This model is used in service industries (e.g., universities, restaurants, and hotels). Each person works on a separate job, and the group is dispersed throughout the company.

Mobile Job Crews Model - Job crews (up to 6) are provider sponsored groups of individuals with disabilities who travel together to perform work. The crew works as a distinct unit and operates as a self-contained business that generates employment for their crew members by selling a service. The crew works at several locations within the community, under the supervision of a job coach/Supported Employment vendor Supervisor. The type of work usually includes janitorial or grounds keeping. Individuals with disabilities work with others who do not have disabilities in a variety of settings, such as offices and apartment buildings.

Small Business/Entrepreneur Model - Establishes a small business, which employs both individuals with significant disabilities, but not more than the number of employees without disabilities. The small business operates like any business, generating work and paying employees from revenues received. The small business is located within the community.

SUPPORTED EMPLOYMENT SERVICES PROCEDURES AND MILESTONES

Providers are required to obtain funding to provide this support to keep the individual stabilized in employment on a long term basis or assist the individual to be stabilized with supports, if needed. The Provider is required to contact the individual and employer, at a minimum, at least once a month for the first year and then at a minimum of quarterly for the length of the job.

JOB PLACEMENT SERVICES – VR ONLY PROCEDURES

This is a standalone service. See Vendor requirement form at the end of this section. A job-finding service is provided by a vendor, when the employment seeking individual is job ready. These services may be provided by a Community Rehabilitation Program, a public or private vendor. Vendors are approved through the Community Program Development Section application process.

Job Placement Services are available through External Employment Vendors. The counselor has made the determination the individual is job ready and only needs placement services. Typically, the individual has work skills from previous job experiences, or the individual completed a training program and needs assistance with job seeking and placement in competitive integrated employment.

Before referral to an External Employment Vendor, the counselor is required to refer a job ready clients to the Business Engagement Representative in their District, if available. If the Business Engagement Representative determines the internal job placement services are not available at this time. The counselor refers the individual to an External Employment Vendor. **Note:** The client has the right to informed choice and may choose a vendor over the Business Engagement Representative. Informed choice is mandated by federal law, even if the Vendor refers an individual to ARS for services.

The Vendor is required to meet with the individual at a minimum twice monthly leading to closure, unless an exception has been granted through memo justified by ARS.

JOB REFERRAL—VR ONLY: The Vendor receives a referral from ARS. Prior to the ARS counselors' referral, a determination has been made the individual is job ready and has been provided informed choice of Vendors. **Note:** Informed choice is mandated by federal law, even if the Vendor refers an individual to ARS for services.

- The counselor makes a referral to the vendor chosen by the individual by sending the Job Placement Services Referral Form and RS-315.
- The vendor acceptance to serve the individual begins when Referral Form is signed by the individual and returned to the counselor. If the Vendors does not accept the referral, the counselor will assist the individual to select another vendor.
- The Vendor is required to provide a completed Job Placement Services Activities Log (JP-1a) during the job seeking phase.

~~JOB REFERRAL—VR ONLY PROCESS:~~

INTEGRATED SETTING by United States Department of Education, Office of Special Education and Rehabilitative Services, Rehabilitation Services Administration issued a 2005 Technical Assistance Circular with the following comments:

- ~~“... the term "integrated setting," as referenced throughout the statute, is intended to mean a work setting in a typical labor market site where people with disabilities engage in typical daily work patterns with co-workers who do not have disabilities; and where workers with disabilities are not congregated.~~

- ~~We want to point out that entities that are set up specifically for the purpose of providing employment to individuals with disabilities will likely not satisfy the definition of "integrated setting." The high percentage of individuals with disabilities employed with these entities most likely would result in little to no opportunities for interaction between individuals with disabilities and non-disabled individuals. These entities, therefore, would be considered sheltered or non-integrated employment sites."~~

Moved from above: CRP ESTABLISHMENT POLICY

Establishment Defined

Establishment, development, or improvement of a public or nonprofit community rehabilitation program means:

The establishment of a facility for a public or non-profit community rehabilitation program (as defined in 34 CFR 361.5(b)(18) to provide vocational rehabilitation (VR) services to applicants or eligible individuals. 34 CFR 361.5(~~cb~~)(167)(i).

Establishment Authority

Section 103(b)(2)(A) of the Rehabilitation Act of 1973, as amended and 34 CFR 361.49(a)(1) authorize the use of VR funds to support "The establishment, development, or improvement of a public or other nonprofit community rehabilitation program that is used to provide vocational rehabilitation services that promote integration into the community and prepare individuals with disabilities for competitive integrated employment, including supported employment and customized employment, and under special circumstances, the construction of a facility for a public or nonprofit community rehabilitation program." ~~The establishment, development, or improvement of community rehabilitation programs (CRP), including, under special circumstances, the construction of a facility. Such programs shall be used to provide services that promote integration and competitive employment."~~ The authority is used to provide financial support to community rehabilitation programs to establish or develop service programs, or improve them and to increase their effectiveness in providing VR services to applicants or eligible individuals.

In serving groups of individuals with disabilities, ARS is authorized to establish, develop, or improve a public or private CRP, pursuant to section 103(b)(2)(A) of the Rehabilitation Act and 34 CFR 361.49(a)(1). ARS is permitted under the VR program to alter or remodel a CRP and install fixed or movable equipment, as necessary, to establish, develop, or improve the facility for a CRP (34 CFR 361.5(~~cb~~)(108)(~~iv~~) and (~~vi~~)).

Community Rehabilitation Program

Section 7(5) of the Rehabilitation Act of 1973, as amended and 34 CFR 361.5(~~cb~~)(79) defines CRP as a program that provides directly or facilitates the provision of one or more VR services to individuals with disabilities to enable those individuals to maximize their opportunities for employment, including career advancement.

Vocational Rehabilitation Services

Vocational rehabilitation (VR) services are those services provided to an individual pursuant to an Individualized Plan for Employment in accordance with 34 CFR 361.48 or to groups of individuals with disabilities in accordance with 34 CFR 361.49 (section 103 of the Rehabilitation Act of 1973, as amended and 34 CFR 361.5(~~cb~~)(578)). Section 111(a)(1) of

the Rehabilitation Act of 1973, as amended and 34 CFR 361.3 require that VR funds be used solely for the provision of VR services or for the administration of the VR program.

Establishment Activities

The need for establishment, development or improvement of a CRP must be determined through the ARS Comprehensive Statewide Needs Assessment (CSNA).

Plans to establish, develop and improve CRPs through establishment activities must be included in the ARS State Plan in the following attachments, if applicable:

- CSNA (Attachment 4.11(a))
- State Goals and Priorities (Attachment 4.11(c)(1))
- State's Strategies (Attachment 4.11(d))
- Cooperative Agreements with Private Nonprofit Organizations (Attachment 4.8(b)(3))
- Arrangements and Cooperative Agreements for the Provision of Supported Employment Services (Attachment 4.8(b)(4))
- Evaluation and Report of Progress (as the project moves forward) (Attachment 4.11(e)(2))

Comprehensive Statewide Needs Assessment

ARS and the State Rehabilitation Council conduct the Comprehensive Statewide Needs Assessment (CSNA) every three (3) years, or update the CSNA as needed. ARS and the rehabilitation council conduct the CSNA for the purpose of describing the rehabilitation service needs of individuals with disabilities residing within the state. The CSNA must include an assessment of the need to establish, develop, or improve community rehabilitation programs (CRPs) within the state (34 CFR 361.29(a)(1)(ii)). Any update to the CSNA is required to be reported to the Rehabilitation Services Administration (34 CFR 361.29 (a)(ii)(2)).

The CSNA particularly focuses on the vocational rehabilitation services needs of:

- Individuals with the most significant disabilities, including their need for supported employment services;
- Individuals with disabilities who are minorities;
- Individuals with disabilities who have been unserved or underserved by the vocational rehabilitation program; and
- Individuals with disabilities served through other components of the statewide workforce investment system.

Expenditures

Other expenditures are permitted if related to establishment, development, or improvement of a CRP that are necessary to: Make the program functional or increase its effectiveness in providing VR services to applicants or eligible individuals, but are not ongoing operating expenses of the program. 34 CFR 361.5(c)(17)(iii).

The acquisition of an existing building and, if necessary, the land in connection with the acquisition is permitted, if the building has been completed in all aspects for a least one (1) year prior to the date of the acquisition and the Federal share of the cost of acquisition is not more than \$300,000. 34 CFR 361.5(c)(17)(i).

The remodeling or alteration of an existing building is permitted, provided the estimated cost of remodeling or alteration does not exceed the appraised value of the existing building. 34 CFR 361.5(c)(17)(i)

The expansion of an existing building is permitted provided that:

- The existing building is complete in all respects;
- The total size in square footage of the expanded building, notwithstanding the number of expansions, is not greater than twice the size of the existing building;
- The expansion is joined structurally to the existing building and does not constitute a separate building; and
- The costs of the expansion do not exceed the appraised value of the existing building. 34 CFR 361.5(c)(17)(iii)

Other expenditures allowed:

- Architect's fees, site survey, and soil investigation, if necessary in connection with the acquisition, remodeling, alteration, or expansion of an existing building; and
- The acquisition of fixed or movable equipment, including the cost of installation of the equipment, if necessary to establish, develop, or improve a community rehabilitation program. 34 CFR 361.5(c)(10)(iv) and (vi)

Financial Impact

- The non-federal share of an establishment project is 21.3 percent. 34 CFR 361.60(a)(1) and (b)(1); 2 CFR 200.306(b).
- The match may be made, in whole or in part, by the state VR agency or contributions by private entities (private organizations, agencies, individuals). 34 CFR 361.60(b)(3)(i)

- Acquisition includes land and is subject to the \$300,000 Federal Fund Participation limitation.
- Remodeling or alteration costs of an existing building provided that the estimated cost does not exceed the appraised value of the building.
- The expansion of an existing building, provided that the existing building is complete in all respects; and the total square footage of the expanded building is not greater than twice the size of the existing building.
- The expansion of an existing building, provided that the expansion is joined structurally to the existing building; and the costs of expansion do not exceed appraised value of the existing building.
- Architect's fees, site survey, soil investigation. (If necessary in conjunction with the acquisition, remodeling, alteration, or expansion of an existing building)
- Fixed or moveable equipment, including the cost of installation of the equipment. (If necessary to establish, develop, or improve a community rehabilitation program) 34 CFR 361.5(c)(17)(i) - (viii)

Staffing

- Federal financial participation is limited to a total of 48 months.
- The total percentage of costs in which the federal government will participate is reduced each year during the 4-year period.
- Staffing limit is imposed to preserve the amount of funds available to ARS for providing services to eligible individuals, while preserving ARS's authority to expend VR funds to support necessary development or expansion of community rehabilitation facilities.
- If necessary to establish, develop or improve a CRP to serve applicants or eligible individuals, funding for staffing is permitted for a period of four (4) years, with financial participation available at the applicable matching rate for the following levels of staffing costs. 34 CFR 361.5(~~c~~)(1~~6~~7)(ii)

Staffing Costs

Year 1	100%
Year 2	75%
Year 3	60%
Year 4	45%

State Purchasing Requirements

ARS must comply with all State of Arkansas purchasing requirements including solicitation of bids, if applicable, in the provision of establishment activities.

Affect of Costs on Maintenance of Effort

Non-Federal expenditures incurred for the establishment, development, or improvement of a facility for a CRP are exempt from the calculation of the State's maintenance of effort requirement pursuant to 34 CFR 361.62(a)(b).

Pursuant to section 111(a)(2)(B) of the Rehabilitation Act and 34 CFR 361.62, a State must ensure that non-Federal expenditures under the VR State plan for any given fiscal year must equal or exceed the non-Federal expenditures from two years prior to that year. For example, non-Federal expenditures incurred in FY 2013 would have to equal or exceed the agency's non-Federal expenditures incurred in FY 2011. Costs classified as administrative costs count towards the maintenance of effort requirement; however, costs classified as the establishment, development, or improvement of a facility for a CRP do not count towards the maintenance of effort requirement. 34 CFR 361.62(b).

Required Pre-Planning Activities

- The need for the establishment activities must be identified in the approved Comprehensive Statewide Needs Assessment jointly developed and agreed to by ARS and the State Rehabilitation Council and approved by the ARS Commissioner. 34 CFR 361.29(a)(1)(ii); 34 CFR 361.13
- The development of goals, priorities, and strategies related to the establishment activities must be included and discussed in the ARS State Plan. 34 CFR 361.29 (a)(1)(ii), (c)(1), and (d)(~~6~~3)
- The establishment, development, or improvement of a public or other nonprofit community rehabilitation program that is used to provide vocational rehabilitation services must promote integration and competitive employment. 34 CFR 361.49(a)(1)

- ARS must ensure that it satisfies all pre-planning requirements before engaging in these activities.
- ARS also must ensure that it monitors all establishment expenditures to ensure compliance with Federal requirements pursuant to 34 CFR 80.40(a)-), for VR grants issued prior to December 26, 2014, and 2 CFR 200.328, for VR grants issued after December 26, 2014.
- ARS will only consider requests to use establishment activities to develop a CRP if the needs for particular VR services are identified in the Comprehensive Statewide Needs Assessment (CSNA) and unavailable through other programs including the Arkansas Career Training Institute (ACTI). If the need for a VR service is identified, ARS will first determine if ACTI programs can be adapted to provide the service. If a VR need is identified in the CSNA and unavailable through other programs or ACTI or ACTI programs cannot be adapted to provide the services, then ARS will advertise for Request for Proposals. Unsolicited proposals will not be considered for establishment activities to provide the establishment, development, or improvement of a public or other nonprofit community rehabilitation program.

WIOA SECTION 511 REQUIREMENTS

The Workforce Innovation and Opportunity Act (WIOA) enacted Federal Regulations on July 22, 2014, which established Section 511 requirements impacting services to students, youth, and individuals with disabilities, their family members, local school districts, Arkansas Rehabilitation Services (ARS) personnel, Community Rehabilitation Programs (CRPs), other service providers, consumer organizations and employers who hold 14(c) subminimum wage certificates.

Specifically, Section 511 added new requirements for employers who hold special wage certificates, commonly known as 14(c) certificates, under the FLSA (29 U.S.C. 214(c)). These new requirements must be satisfied before an employer hires a youth with disabilities at subminimum wage or continues to employ individuals with disabilities of any age at the subminimum wage level.

YOUTH WITH A DISABILITY

A youth with a disability is an individual between the ages of 14 and 24. If the youth has completed secondary education and is younger than 24 years old, he/she cannot start working for less than minimum wage until he/she has had the opportunity to:

2. Applied for ARS services, and either
 - a. was determined ineligible OR
 - b. was determined eligible AND
 - i. had an IPE developed, AND
 - ii. worked toward an employment outcome for a reasonable period without success, AND
 - iii. the case was closed unsuccessful despite having reasonable supports;
2. Received career counseling, including information and referrals to other state and federal entities that provide employment services.

In addition, individuals with disabilities regardless of their age who are employed by a 14(c) must be provided career counseling and information by ARS and must be provided information about self-advocacy, self-determination, and peer mentoring training opportunities available in the individual's geographic area every six months for the first year they are employed, and annually thereafter.

14(C) CERTIFICATE HOLDERS EMPLOYMENT

Employers with a 14(c) certificate who employ individuals with disabilities that earn less than minimum wage have the following responsibilities:

1. Comply with all US Department of Labor 14(c) requirements;
2. Do not employ any students with disabilities who are enrolled with a school district earning less than minimum wage;
3. Arrange with ARS for the semiannual reviews and annual review thereafter to be completed for individuals being paid less than minimum wage who have been made known to ARS;
4. Maintain documentation from the reviews.

PROCEDURES - SECTION 511:

1. Assure youth with disabilities and individuals working in subminimum wage receive Career Counseling, Information and Referral.
2. The counselor receives referrals of individuals who indicate they wish to go to work.
3. The individual shall be contacted by the counselor to proceed with an application for services.
4. The counselor will determine which services, including external employment services, an individual may need to be successfully employed.

INTEGRATED SETTING by United States Department of Education, Office of Special Education and Rehabilitative Services, Rehabilitation Services Administration issued a 2005 Technical Assistance Circular with the following comments:

- “... the term "integrated setting," as referenced throughout the statute, is intended to mean a work setting in a typical labor market site where people with disabilities engage in typical daily work patterns with co-workers who do not have disabilities; and where workers with disabilities are not congregated.
- We want to point out that entities that are set up specifically for the purpose of providing employment to individuals with disabilities will likely not satisfy the definition of "integrated setting." The high percentage of individuals with disabilities employed with these entities most likely would result in little to no opportunities for interaction between individuals with disabilities and non-disabled individuals. These entities, therefore, would be considered sheltered or non-integrated employment sites.”

Technical Assistance – Information on the Federal Rehabilitation Services Administration definition of individual with a significant disability or disability

1. Individual has a physical or mental disability defined as an injury, disease or other condition that results in persistent functional limitations: resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), spinal cord conditions (including paraplegia and quadriplegia), sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.
2. The individual's physical or mental disability results in a substantial impediment to employment. A substantial impediment to employment exists when the individual's disability prevents them from obtaining a job consistent with their abilities; significantly interferes with preparing for employment consistent with their abilities, there is a need for special accommodations or technology to perform essential job duties or barriers to job retention; for example job lost due to limitations or unable to perform essential job duties.
3. The individual can benefit in terms of an employment outcome from the provision of VR services.
4. The individual requires VR services to prepare for entrance into, engage in, or retain gainful employment consistent with the individual's strengths, resources, priorities, concerns, abilities, capabilities and informed choice. 34 C.F.R. § 361.42 (i. iv.) An individual is expected to require **multiple VR services over an extended period of time.** These services will have a substantial impact on the individual's disability reduces their functional limitations or the impediment to employment, so the applicant can prepare for, obtain, retain or regain employment consistent with the individual's capabilities and abilities and the individual services cannot access these services without VR intervention.

APPENDIX D: DEFINITIONS

Applicant – an individual who submits an application for VR services; has signed an agency application form; or has completed a common intake application form in a One Stop center requesting VR services; or has other wise requested services from VR.

Assessment for determining eligibility and VR needs – as appropriate in each case means:

A review of existing data:

- A. To determine if an individual is eligible for VR services.
- B. To assign priority for an order of selection if ARS is under an order of selection.
- C. To the extent necessary, the provision of appropriate assessment activities to obtain necessary additional data to make the eligibility determination and assignment.
- D. To the extent additional data are necessary to make a determination of the employment outcome and the nature and scope of VR services to be included in the IPE plan for employment of an eligible individual.

Assistive technology device – means any item, piece of equipment, or product system that is used to increase, maintain, or improve the functional capabilities of an individual with a disability.

Assistive technology service – means any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device.

Blind – an individual who has: Not more than 20/200 central visual acuity in the better eye or an equal disabling loss of the visual field, i.e., a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

Case Note/Narrative - Case notes document the VR process from the initial contact of an individual through the eventual closure of a case. They are written, in such a manner, to allow a clear understanding as to the individual's interest, informed choice, rationale for decision making, and critical steps in advancing the rehabilitation process.

Clear and convincing evidence means a high degree of certainty before concluding that an individual is incapable of benefiting from services in terms of an employment outcome. The "clear and convincing" standard constitutes the highest standard used in our civil system of law. The term "clear" means unequivocal. For example, the use of an intelligence test result alone would not constitute clear and convincing evidence. Clear and convincing evidence might include a description of assessments, including situational assessments and supported employment assessments, from service providers who have concluded that they would be unable to meet the individual's needs due to the severity of the individual's disability. The demonstration of "clear and convincing evidence" must include, if appropriate, a functional assessment of skill development activities, with any necessary supports, including assistive technology, in real life settings. §361.42

Congenital disorder, or **congenital disease**, is a condition existing at birth and often before birth, or that develops during the first month of life (neonatal disease), regardless of causation.

Competitive employment – work that is performed on a full-time or part-time basis in an integrated setting and for which an individual is compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals who are not disabled.

Criminal Act – means any crime, including an act, omission or possession under the laws of the United States or a state of general government that poses a substantial threat of personal injury, notwithstanding that by reason of age, insanity, intoxication, or otherwise, the person engaging in the act, omission or possession was legally incapable of committing a crime.

Deafness - A hearing impairment of such severity that the individual must depend primarily upon visual communication such as writing, lip-reading, manual communication, and gestures.

Deaf/Blind

- A. who has a central visual acuity of 20/200 or less in the better eye with corrective lenses, or a field defect such that the peripheral diameter of visual field subtends an angular distance no greater than 20 degrees, or a progressive visual loss having a prognosis leading to one or both of these conditions; (2) who has a chronic hearing impairment so severe that most speech cannot be understood with optimum amplification, or a progressive hearing loss having a prognosis leading to this condition; and (3) for whom the combination of impairments described in items 1 and 2 cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment or obtaining a vocation;
- B. who despite the inability to be measured accurately for hearing and vision loss due to cognitive or behavioral constraints, or both, can be determined through functional and performance assessment to have severe hearing and visual disabilities that cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment or obtaining vocational objectives.

Degenerative disease is a disease in which the function or structure of the affected tissues or organs will progressively deteriorate over time, whether due to normal bodily wear or lifestyle choices such as exercise or eating habits.

Disability - Is defined in the Vocational Rehabilitation Regulations, an individual: who has one or more physical or mental disabilities condition resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), spinal cord conditions (including paraplegia and quadriplegia), sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.

Eligible individual – means an applicant for VR services who meets the eligibility requirements;

- A. A determination that the individual has a physical or mental impairment.
- B. A determination the individual's physical or mental impairment constitutes or results in a substantial impediment to employment for the individual.
- C. A presumption that the individual can benefit in terms of an employment outcome from the provision of VR services.
- D. A determination that the individual requires VR services to prepare for entrance into, engage in, or retain gainful employment consistent with the individual's strengths, resources, priorities, concerns, abilities, capabilities and informed choice.

Employment outcome – entering or retaining full-time or, if appropriate, part-time competitive employment in the integrated labor market to the greatest extent practicable: supported employment, or any other type of employment, including self-employment, telecommuting, or business ownership, that is consistent with an individual's strengths, resources, priorities, concerns, abilities, capabilities, interest, and informed choice.

Extended Period of Time – as defined for ARS purposes means 90 days.

Extreme Medical Risk – Means a Probability of Substantially Increasing Functional impairment or death if medical services, including mental health services, are not provided expeditiously.

Family Member – means an individual who is a relative or guardian of an applicant or eligible individual; or lives in the same household as an applicant or eligible individual; who has a substantial interest in the well-being of that individual; and whose receipt of vocational rehabilitation services is necessary to enable the applicant or eligible individual to achieve an employment outcome.

Hard of hearing - A hearing impairment resulting in a functional loss, but not to the extent that the individual must depend primarily upon visual communication.

Pre-lingual hearing impairment - An impairment that is known or is assumed to have occurred prior to the third birthday.

Informed Choice – the dissemination of appropriate information to the individual that will allow the individual to make decisions.

Integrated Setting – as referenced by RSA, “integrated setting” is intended to mean a work setting in a typical labor market site where people with disabilities engage in typical daily work patterns with co-workers who do not have disabilities; and where workers with disabilities are not congregated.

Further clarification on the definition of Integrated Setting: RSA points out that entities that are set up specifically for the purpose of providing employment to individuals with disabilities will likely not satisfy the definition of “integrated setting.” The high percentage of individuals with disabilities employed with these entities most likely would result in little to no opportunities for interaction between individuals with disabilities and non-disabled individuals. These entities, therefore, would be considered sheltered or non-integrated employment sites.”

Multiple services over an extended period of time – means two or more services and two of the services must last 90 days or longer.

Maintenance – means monetary support provided to an individual for expenses, such as food, shelter, and clothing, that are in excess of the normal expenses of the individual and that are necessitated by the individual’s participation in an assessment for determining eligibility and vocational rehabilitation needs or the individual’s receipt of VR services under an individualized plan for employment.

Mediation – means the act or process of using an independent third party to act as a mediator, intermediary, or conciliator to assist persons or parties in settling differences or disputes prior to pursuing formal administrative or other legal remedies.

Post-employment services – means one or more services that are provided subsequent to the achievement of an employment outcome and that are necessary for an individual to maintain, regain, or advance in employment, consistent with the individual's strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

Qualified and impartial mediator – means an individual who:

- A. Is not an employee of a public agency (other than an administrative law judge, hearing examiner, employee of a State office of mediators, or employee of an institution of higher education);
- B. Is not a member of the State Rehabilitation Council for the designated State unit;
- C. Has not been involved previously in the vocational rehabilitation of the applicant or eligible individual;
- D. Is knowledgeable of the vocational rehabilitation program and the applicable Federal and State laws, regulations, and policies governing the provision of vocational rehabilitation services;
- E. Has been trained in effective mediation techniques consistent with any State-approved or-recognized certification, licensing, registration, or other requirements; and
- F. Has no personal, professional, or financial interest that would be in conflict with the objectivity of the individual during the mediation proceedings.

Supported employment – See Appendix C.

~~**Transition Services** means a coordinated set of activities for a child with a disability that is designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the child with a disability to facilitate the child's movement from school to post-school activities, including postsecondary education; vocational education; integrated employment (including supported employment); continuing and adult education; adults services; independent living, or community participation. The coordinated set of activities shall be based upon the individual child's needs, taking into account the child's preferences and interest, and shall include instruction, community experiences, the development of employment and other post-school adult living objectives, and, when appropriate, acquisition of daily living skills and functional vocational evaluation. 34 CFR §361.22(a)(2) provides that, if the child is determined eligible for VR services, the child's IPE should be developed~~

~~as early as possible during the transition process but no later than when the child exits the school setting.~~

Transportation - means necessary travel and related expenses in connection with transporting individuals with disabilities and their attendants or escorts for the purpose of providing VR services under the State Plan and may include relocation and moving expenses necessary for the achievement of a VR objective.

Transition Services- Transition services are activities designed for a student to promote movement from school to post-school activities. These activities must be coordinated, goal-oriented, and based on the student's needs and interests. The services include post-secondary education, vocational training, integrated employment (including supported employment), continuing and adult education, adult services, independent living, and/or community participation. Transition services must promote or facilitate the achievement of the employment outcome identified in the student's individualized plan for employment (IPE). 34 CFR Section 361.5(b)(55)

Pre-Employment Transition Services- Pre-Employment Transition Services (Pre-ETS) are provided to individuals meeting the **student with a disability** definition. Pre-Employment Transition Services (Pre-ETS) are the earliest set of vocational rehabilitation services that a student can receive. The student must, at a minimum, meet the potentially eligible guidelines set forth in WIOA (361.48 (a)(1)) meaning all students with disabilities regardless of whether they have applied or been determined eligible for vocational rehabilitation services. The term potentially eligible is applicable *ONLY* when implementing the requirements governing Pre-ETS.

504 Plan- A school's written statement of services provided in accordance with Section 504 of the federal Rehabilitation Act of 1973 is called a 504 Plan. Section 504 requires school districts that receive federal funding to provide a "free and appropriate public education" (FAPE) to each qualified student with a disability who is in the school district's jurisdiction, regardless of the nature or severity of the disability. Appropriate educational services are designed to meet the individual needs of such students to the same extent as the needs of students without disabilities are met. Pre-Employment Transition Services can be provided to students who are receiving 504 services in a traditional or non-traditional high school setting. 34 CFR Part 104, Subpart D, Sections 104.31–104.39

Individualized Education Plan (IEP)- The school's written plan to meet educational goals and objectives for a student with a disability is called an Individualized Education Plan (IEP). The IEP must include a statement of the student's present levels of academic achievement and functional performance. It must also include how the student's disability affects his or her involvement and progress in the general education curriculum, that is, the same curriculum as for students without disabilities. 34 CFR Section 300.320

Student with a Disability- A student with a disability is defined by the Workforce

Innovation and Opportunity Act (WIOA) as anyone age 16-21 years old who is attending school, receiving services through the Individuals with Disabilities Education Act (Special Education) or are considered 504 eligible (including those individuals who are working with Vocational Rehabilitation or VR).

An individual is considered to be a student with a disability up to their 22nd birthday while they are high school. *If the student turns 22 years of age during the school year (while in high school), they continue to be considered a student with a disability until they finish the school year.

The only group of consumers who will receive services considered Pre-Employment Transition Services (Pre-ETS) are those who meet this WIOA definition. The same services can be provided to those not meeting this definition; however, they are not counted as Pre-ETS and should not be paid with Pre-ETS budget.

Workforce Innovation and Opportunity Act- The Workforce Innovation and Opportunity Act (WIOA) is a federal law that became effective in 2014 and reauthorizes and amends the Workforce Investment Act and the Rehabilitation Act of 1973. The law consists of five titles, and Title IV contains the requirements for the Vocational Rehabilitation program.

The underlying principle behind Title IV is that too many individuals are leaving high school unprepared for work and independence. With that in mind, WIOA prescribes certain service provision requirements discussed below.

Youth with a Disability- Youth with a disability is defined as anyone ages 14-24 with the most significant disabilities. The Workforce Innovation and Opportunity Act (WIOA) requires that 50 percent of our Supported Employment funding be spent on the provision of Supported Employment services for youth with disabilities.

Minor- Arkansas code AR Code § 9-25-101 states: All persons of the age of eighteen (18) years shall be considered to have reached the age of majority and be of full age for all purposes. Until the age of eighteen (18) years is attained, they shall be considered minors.

CONSUMER INFORMATION ON MEDIATION

Q. What is mediation? Mediation is an optional and voluntary process offered to clients of Arkansas Rehabilitation Services (ARS). It is a way to resolve concerns or disagreements about services and related issues. An impartial third party called a “mediator” helps you and your counselor to develop solutions and to reach an agreement.

Q. Do I have to do it? No and not every concern or disagreement should go to mediation. The law offers it as an option before going into an impartial hearing. You and your counselor must both agree to go to mediation. ARS sees it as a tool to solve concerns or disagreements that might not need to go to a hearing. Mediation is a proven way to resolve concerns or disagreements and improve the working relationships between individuals. It allows the client to have serious input into the options to settle the concern or disagreement.

Q. Who pays for it? Arkansas Rehabilitation Services

Q. Where does it happen? The client chooses a reasonable location.

Q. What happens if I need accommodations for my disability to participate? You must inform ARS of your need. If a disability accommodation is needed, ARS will assist in locating the services and for paying for it. For example, if the client needs a sign language interpreter, ARS can provide that need or pay for it.

Q. Who can I bring? You can bring someone to support you, a guardian, a representative, an advocate and witnesses. The advocate might be the Client Assistance Program (CAP) staff, a case manager, or a representative from a program you believe can help you to participate in the process. You have the right to bring witnesses. You also have a right to have legal counsel at your own expense.

Q. How does it work? You request mediation from your counselor or their supervisor. You must complete and sign a form for mediation. Both you and your counselor or ARS must agree to mediation. Once everyone agrees to mediate, you are given a list of mediators to choose from. If for some reason you do not want to choose, a mediator is randomly selected from the list. Once the mediator is selected, ARS will contact you and set up the day, time and location of the mediation session that will be convenient for everyone involved.

Q. What do mediators actually do? Mediators are trained to encourage open communication in a confidential setting. They assist the parties by facilitating the development of mutually-agreeable solutions to disagreements. Since there is no one method available to solve these concerns or disagreements, the mediator will be flexible in their approach to explore options and to respect the different individual personalities

involved in the session.

Q. Is mediation confidential? In most instances, yes. There are situations which may not be covered by confidentiality, but the mediator will explain those to you.

Q. What do I get out of mediation? If successful, mediation will result in a written agreement that states the solution to your concern or disagreement. This agreement may be used in the development of or change to your Individualized Plan for Employment (IPE).

MEDIATOR GUIDELINES

The mediator shall adhere to the Arkansas Alternative Dispute Resolution Commissions Requirements for the Conduct of Mediation and Mediators and the ADR Guidelines for Mediators Skills and Qualifications.

A mediator should not render a decision on the issues in dispute. The primary responsibility for the resolution of a dispute rests with the parties. A mediator may make suggestions, but all settlement decisions are to be made voluntarily by the parties themselves.

1. **Mediator Conduct** - A mediator should protect the integrity and confidentiality of the mediation process. The duty to protect the integrity and confidentiality of the mediation process commences with the first communication of the mediator, is continuous in nature, and does not terminate upon the conclusion of the mediation.
2. **Disclosure of Possible Conflicts** - Prior to commencing the mediation, the mediator should make full disclosure of any known relationships with the parties or their counsel that may affect or give the appearance of affecting the mediator's neutrality. A mediator should not serve in the matter if a party objects to the mediator based upon a conflict or perceived conflict. If after commencement of the mediation the mediator discovers that such a relationship exists, the mediator should make full disclosure as soon as practicable.
3. **Neutrality/Impartiality** - A mediator should be neutral/impartial toward all parties. If a mediator or the parties find that the mediator's neutrality/impartiality has been compromised, the mediator should offer to withdraw from the mediation process. Neutrality/Impartiality means freedom from favoritism or bias in word, action, and appearance; it implies a commitment to objectively aid all parties in reaching a settlement.
4. **Mediator Qualifications** – Upon request, a mediator's qualifications and experience constitute the foundation upon which the mediation process depends; therefore, if

there is any objection to the mediator's qualifications to mediate the dispute, the mediator should withdraw from the mediation. Likewise, the mediator should decline to serve if the mediator feels unqualified to do so.

5. **The Mediation Process** - A mediator should inform and discuss with the participants the rules and procedures pertaining to the mediation process. A mediator should inform the parties about the mediation process no later than the opening session.

At a minimum the mediator should inform the parties of the following:

1. The mediation is private (Unless otherwise agreed by the participants, only the mediator, the parties and their representatives are allowed to attend.);
 2. The mediation is informal (There are no court reporters present, no record is made of the proceedings, no subpoena or other service of process is allowed, and no rulings are made on the issues or the merits of the case.); and
 3. The mediation is confidential to the extent provided by law.
6. **Convening the Mediation** - Unless the parties agree otherwise, the mediator should not convene a mediation session unless all parties represent to the mediator that they possess the adequate authority to negotiate a settlement, and an adequate amount of time has been reserved by all to allow the mediation process to be productive. A mediator should not convene the mediation if the mediator has reason to believe that a pro se party fails to understand that the mediator is not providing legal representation for the pro se party.
7. **Confidentiality** - A mediator may not reveal information made available in the mediation process, unless the affected parties agree otherwise or as may be required by law. A mediator shall not permit recordings or transcripts to be made of mediation proceedings. A mediator shall maintain confidentiality in the storage and disposal of records and should render anonymous all identifying information when materials are used for federal reporting, research, and educational or other informational purposes. Unless authorized by the disclosing party, a mediator shall not disclose to the other parties information given in confidence by the disclosing party and shall maintain confidentiality with respect to communications relating to the subject matter of the dispute. The mediator should report to ARS whether or not the mediation occurred, whether a settlement was reached, or whether the mediation was recessed or rescheduled. In certain instances, applicable law may require disclosure of information revealed in the mediation process, such as if a person is harmful to themselves or others. If confidential information is disclosed, the mediator should advise the parties that disclosure is required and will be made.
8. **Professional Advice** - A mediator should not give legal or other professional advice to the parties. In appropriate circumstances, a mediator should encourage the

parties to seek assistance from a disability advocate, legal counsel, or other professional advisor before, during, or after the mediation process. A mediator should explain generally to pro se parties that there may be risks in proceeding without independent counsel or other professional advisors.

9. **Disclosure and Exchange of Information** - A mediator should encourage the disclosure of information and should assist the parties in considering the benefits, risks, and the alternatives available to them.
10. **Termination of Mediation Session** - A mediator may postpone, recess, or terminate the mediation process if it is apparent to the mediator that the case is inappropriate for mediation or either party is unwilling or unable to participate meaningfully in the mediation process or if the mediation process is being used to further illegal conduct.
11. **Agreements in Writing** - A mediator will assist the parties in reducing all settlement agreements to writing.

FUNCTIONS AND RESPONSIBILITIES

As outlined in the MOU ATP/High School agree to cooperate in providing appropriate transition services to youth/young adults with identified disabilities, in order to assure the youth/young adult's entry into suitable employment, postsecondary education or training, and independent living. It is mutually agreed that the following steps and procedures will be utilized to accomplish this goal:

A. At the beginning of each academic year, Transition Counselor will meet with appropriate school personnel (i.e., counselors, department heads, principals, transition coordinators) to provide an overview of the comprehensive transition services available through this agreement, including eligibility requirements and services offered.

B. Following the meeting between Transition Counselor and the participating high school, special education teachers will identify youth/young adults, beginning no later than grade 10 or age 16, with identified disabilities for likely referral to the ATP or other service providers if appropriate. If the youth/young adult and/or parent/guardian are interested, communication will take place to determine the general appropriateness of each referral, leading to obtaining a completed release of information form from the school (or other sponsor agency) prior to the referral. Periodic updates will be provided for school personnel and others that have a stake in the youth/young adult's life.

C. Transition Counselor will provide consultative services in the areas of vocational and career planning, postsecondary education/training support strategies, internship possibilities, and employment preparation to school personnel, as requested, to facilitate preparing youth/young adult for transition to "adult service agencies". Consultation may occur at any time during the youth/young adult's secondary training, as appropriate to the needs of the individual youth/young adult.

D. Transition Counselor agrees to commit to attend and participate in all appropriate IEP, Transition Team, and Advisory Board meetings.

REFERRAL AND ASSESSMENT SERVICES

~~ATP Policies & Procedures H-3 Effective 1-2-2014~~

~~Referral Procedures:~~

~~Initial referrals will be made within the first two months of each school year. Referrals will then be ongoing as appropriate throughout the school year. The high school will provide an individual list of high school youth/young adults who may qualify for ATP services to the designated ATP staff. This list will include youth/young adult's name, grade, age, ID number, school, disability, and recommended supports or accommodations and will be accompanied by a release of information form signed by youth/young adult and parent/guardian if referral is under 18. Each person on the list will be encouraged to make contact with ATP to explore services, rather than waiting for ATP personnel to contact them.~~

~~ELIGIBILITY~~

Compliance and Monitoring

Arkansas Rehabilitation Services and its staff will monitor program performance at least annually. A random sample of individual case records will be reviewed to monitor program compliance.

ARS will have access to training sites and training documents and records; ARS will access documents and/or records as well as documents or records created by any agent or contractor authorized to work or to provide services to Pre-Employment Transition participants. Arkansas Rehabilitation Services has the right to conduct confidential interviews with participants and staff that administer the program. Monitoring will also occur upon receipt of a concern from a counselor, participant, parent, program staff or State level personnel.

Performance and Accountability

A scaled performance rubric will be used to measure the effectiveness of the program. The scale will take into account all documentation from the monthly reporting forms, records of the vendor, information gathered from interviews, and information gathered from the ARS case management system. The performance rubric takes into account the services that were provided, the timeframes that services were provided and the overall compliance with the activities and curriculums originally agreed upon in the Memorandums of Agreement. The minimum requirements to meet satisfactory performance are as follows:

1. All reports are due following the service provision as indicated on the performance rubric of the program providing the service.
2. All areas on the monthly report forms and timesheets must be completed.
3. All measures must be met in a rating category in order to achieve that category.
4. The overall score of the Vendor Performance Rubric is based on an average of all of the services that vendor provides.

The Pre-Employment Vendor Performance Rubric and the School Contracted Services Performance Rubric can both be found in the Pre-ETS procedures section of the ARS shared information drive.

Vendors are monitored on a yearly basis unless a compliance form is completed (ARS VC Form 1).

The list of complaints and corrective action plans are maintained on the Transition Sharepoint Site at <http://acesp.arkansas.gov/agdiv/ars/transition/default.aspx>.

Implementation of Corrective Action or Termination

1. If ARS finds that corrective action is required, ARS will provide written notice to the vendor identifying of the requirement requiring corrective action.

2. The vendor will have sixty (60) days from the date of notice to institute policy/procedural changes to rectify the corrective action and present a report to ARS on the corrective action that was taken. Additional time, as is reasonable due to the nature of the issue, and agreed upon by all parties will be negotiated on a situational basis.
3. At the end of the sixty day period, or such additional time as is reasonable due to the nature of the issue and agreed upon by the parties, in the event that Arkansas Rehabilitation Services determines that appropriate corrective action has not been applied, the Agreement will be brought forward for an administrative review to the Chief of Field Services.
4. Final disposition on the administrative review will be provided in writing no later than thirty (30) days from the date of the review. Final disposition may include continuation of the service agreement with corrective action or termination of the agreement.

POLICY GOVERNING THE RATES OF PAYMENT FOR PURCHASED VR SERVICES

1. VOCATIONAL REHABILITATION SERVICES

Vocational rehabilitation services are any services described in CFR 361.48, and necessary to assist an individual with a disability in preparing for, securing, retaining, or regaining an employment outcome consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individual.

2. REQUIREMENTS FOR REHABILITATION SERVICE PROVISION

See ARS Policy Manual Section 6 for Service Provision Guidelines and Excluded Services for Purchased VR Services.

3. RATES OF PAYMENT

When determining model rates for provider reimbursement, ARS utilizes approved standards of compensation that are recognized authorities or accrediting bodies in the applicable field and establishes that rate for its certified vendors providing goods or services. For example, licensure by the state is recognized by ARS as a criterion for approval of all health care providers. Rates of payment for licensed physician or other authorized health care professionals are set at 80% of the Arkansas Blue Cross Blue Shield rate of pay. ~~the Medicaid rate as outlined below.~~ Similarly, ARS recognizes national accreditation for the approval of colleges and universities as providers.

4. ARS PURCHASING REQUIREMENTS

PROCEDURES – PURCHASING

The Arkansas Office of State Procurement requires competitive bids for commodities or services that cost over \$10,000 \$20,000 ~~(ACA §19-11-234~~ (State of Arkansas Procurement Manual 6/1/2018). In order to ensure that the cost is reasonable ARS further requires competitive bids for purchases over \$5,000. Rates of payment for goods or services under \$5,000 are based on fee schedules or compared in the local market in order to ensure a reasonable price.

If the cost of one item or the total cost of like items amount to:

4.01 Tier 1

\$5,000.01 or more but less than \$10,000 (tax excluded) will require the approval of the District Manager. Within 30 calendar days, the counselor will obtain at least three written quotes, complete the Request for Purchase form (RS-357) with a Memo explaining the need for purchase, and submit this information to the District Manager. The District Manager will approve the lowest bid in accordance with the State of Arkansas procurement laws, rules, and regulations. If less than three quotes are obtained, a statement of explanation will accompany the purchase request. Quote specification details will be consistent to all vendors. If the District Manager approves the lowest vendor, a copy of the RS-357 will be returned to the counselor. Upon receipt, the counselor may issue an authorization.

4.02 Tier 2

\$10,000.01 or more but less than \$25,000 (tax excluded) will require the approval of the Chief of Field Services and the District Manager. Within 30 calendar days, the counselor will obtain at least three written quotes, complete the Request for Purchase form (RS-357) with a Memo explaining the need for purchase, and submit this information to the District Manager. The District Manager will approve the lowest bid in accordance with the State of Arkansas procurement laws, rules, and regulations. If less than three quotes are obtained, a statement of explanation will accompany the purchase request. Quote specification details will be consistent to all vendors. The RS-357 will be submitted to the Chief of Field Services for final approval. If approved by the Chief of Field Services and the District Manager, a copy of the RS-357 will be returned to the counselor. Upon receipt, the counselor may issue an authorization.

4.03 Tier 3

\$25,000.01 or more requires the approval of the Chief of Field Services and the Commissioner. Within 30 calendar days, the counselor will obtain at least three or more verbal or written quotes, and submit this information to the District Manager. If the counselor is unable to obtain three quotes, a statement of explanation must accompany the purchase request. Quote specification details will be consistent to all vendors. The counselor/District Manager must be satisfied the price is fair and reasonable based on the following:

- Evaluation of the work to be performed
- Bids including consolidated price summary of material (list items) quantities
- Labor hours/rate of pay
- Reflect fair market value – price a buyer would ordinarily pay.

The counselor completes the Request for Purchase form (RS-357) with a Memo explaining the need for purchase, and submits to the District Manager. If the District Manager approves the need for purchase, he or she will forward the Request for Purchase to Central Office to arrange for the purchase in accordance with the State of Arkansas procurement laws, rules, and regulations. The bid process ensures costs are reasonable, and the segregation of duties ensures internal control. The Central Office will complete the purchase and notify the counselor, who will note the justification in the IPE.

5. MEDICAL REHABILITATION SERVICES

The rate of payment for physician services, dental treatment, glasses, optical aids, and artificial eyes, hearing aids, hospitalization, nursing services, orthotic devices, physical and occupational therapy, prosthetic devices, psychotherapy, speech and hearing therapy, and surgical implants/appliances are based at 80% of the Arkansas Blue Cross and Blue Shield fee schedule, which is the Medicaid rate. Arkansas Blue Cross and Blue Shield uses the Resource Based Relative Value System (RBRVS) as a guide for establishing fees. The RBRVS was developed with input from thousands of providers, and has become industry standard for establishing physician payments.

ARS utilizes health care professionals and facilities that have agreed to accept the Arkansas Blue Cross and Blue Shield fee schedule as their maximum payment, and cannot collect amounts greater than the schedule for covered services to those insured by Arkansas Blue Cross and Blue Shield.

With hospitals, Arkansas Blue Cross and Blue Shield determines hospital payment rates using the Diagnosis Related Groups (DRGs) classification system which groups hospital patients according to similar diagnostic criteria and other characteristics.

5.01 Physician Services

Rates of payment for medical services provided by physicians are set at 80% of the Arkansas Blue Cross/ Blue Shield rate ~~the Medicaid rate~~ as of July 1st of each year, updated annually. Services are identified ~~and reimbursed by CPT code~~ and reimbursed using the fee schedule set by Arkansas Blue Cross/ Blue Shield.

5.02 Dental Treatment

Rates of payment for dental services are set at ~~the Medicaid~~ 80% of the Arkansas Blue Cross/ Blue Shield rate as of July 1st of each year, updated annually. Services are identified ~~and reimbursed by CPT code.~~ and reimbursed using the fee schedule set by Arkansas Blue Cross/ Blue Shield. If no qualified vendor agrees to accept the ~~Medicaid~~ rate established for dental services, the counselor may, with the written permission of the district manager that is entered into the client case file, negotiate a reasonable fee based on the lowest of three competitive estimates from vendors in the local area.

Insurance benefits must be used first in paying for surgical and medical services. The amount allowed by the ARS Fee Schedule will be authorized followed by the statement "Rehabilitation Services will pay only that part of the authorized amount not covered by the insurance policy up to the maximum amount allowed by the ARS Fee Schedule." (See Appendix I-1.)

The file must document the rational use in price decision: previously proposed prices, contracted prices, market research for the same items.

5.03 Glasses, Optical Aids, and Artificial Eyes

Rates of payment are set at ~~the Medicaid~~ 80% of the Arkansas Blue Cross/ Blue Shield rate for prescription glasses, optical aids, and artificial eyes.

Rates of payment are set at the published list price for a non-prescription item, e.g., closed circuit television, magnifiers, etc. The ARS assistive technology team, here and after referred to as AT@Work Access and Accommodations, ~~Access and Accommodations~~, reviews purchases to ensure the price is reasonable in the market. If no qualified vendor agrees to accept the published rate of payment, the counselor may, with the written permission of the district manager that is entered into the client case file, negotiate a reasonable fee based on the lowest of three competitive estimates from vendors in the local area.

5.04 Hearing Aids

ARS will purchase a hearing aid(s) for consumers who have a hearing disorder that has been diagnosed by a physician and after completion of a hearing aid evaluation by an audiologist. If it is determined a hearing aid is indicated, the audiologist will recommend consistent with the need for a monaural analog, binaural analog, monaural digital, or binaural digital hearing aid(s). The audiologist's report must indicate the type (analog or digital) of hearing aid and number (monaural or binaural) as well as specify the brand name and model recommended.

In instances when the audiologist is recommending binaural aids a prescription from the treating physician supporting the recommendation should be provided. A letter of justification from the audiologist that addresses why binaural aids are recommended considering the type and extent of the hearing loss and how the consumer's hearing disability functionally interferes with communication and/or presents concern regarding safety consistent with the consumer's identified vocational objective. ARS will provide payment for hearing aids at the Medicaid rate.

Payment for Hearing Aids

Invoices for hearing aids must be itemized. Each line item must correspond to the recommendations for the individual in the audiology/hearing aid evaluation.

Line items for devices not recommended for the individual in the audiology/hearing aid evaluation may be rejected if inconsistent with the individual's Employment Plan. Non-itemized or bundled invoices will be rejected and returned to the vendor.

Each line item for a hearing aid or related device must include the appropriate billing code from the "L" or "V" sections of the Health Care Common Procedures Coding System (HCPCS). ARS may request further documentation to support a given L or V code, and may refuse payment if the vendor cannot provide the documentation requested.

Used devices, if provided, must be disclosed on the invoice as "refurbished," "used," or "rebuilt." Failure to disclose a refurbished device or to follow the FDA procedures may result in removal of the vendor from the ARS Approved Vendor List.

Counselor will verify that the individual received the device and is able to use it. Document in the ECF. Counselor will key required information into the case management system for ARS Purchase

Authorization.

ARS will issue payment for hearing aids and related devices according to the price indicated in the Blue Cross Blue Shield fee schedule (current as of the date of the invoice) for the appropriate L or V code. ARS will pay 80% of the price indicated in the Blue Cross Blue Shield fee schedule for the appropriate L or V code. For used devices, ARS will pay 70% of the price indicated for the appropriate L or V code.

For individuals with insurance coverage for hearing aids and related devices, ARS will issue payment after that coverage has been applied. In no event will ARS pay an amount greater than 80% of the price indicated in the Blue Cross Blue Shield fee schedule for a given HCPCS line item.

5.05 Hospitalization

Rates of payment for inpatient hospital services are set at the rate 80% of the Medicaid Arkansas Blue Cross Blue Shield Hospitalization per diem for that facility. The rate of payment for surgery is set at the Medicaid rate.

5.06 Nursing Services

Rates of payment for nursing services provided in ~~private hospitals~~ in-home or outpatient settings are included in the ~~Medicaid~~ Arkansas Blue Cross Blue Shield physician fee schedule or the outpatient fee schedule. ~~per diem rate for hospitals.~~

5.07 Orthotic Devices

Rates of payment for orthotic devices are set at 80% ~~the rate of the Medicaid~~ Arkansas Blue Cross Blue Shield Fee Schedule, L codes cover orthotic devices ~~fee schedule.~~

5.08 Physical and Occupational Therapy

Rates of payment for physical and occupational therapy services are set at the Arkansas Blue Cross Blue Shield Physician Fee Schedule ~~Medicaid rate~~ as of July 1st of each year, updated annually. ~~Services are identified and reimbursed by CPT code.~~

5.09 Prescription Drugs

Rates of payment for prescription drugs are based on the average wholesale price plus a dispensing fee of \$5.00 or the usual and customary list price, whichever is less. ARS has a preference for generic over brand unless the prescribing medical professional indicates otherwise.

The file must document the invoice includes vendor name, address, invoice date, the name of the prescribed medication, quantity, and the agreed/previously priced for the same or similar prescription drugs. APPENDIX J AGENCY DIRECTIVES

Order of Selection

~~Under the Vocational Rehabilitation Act (Title IV of the Workforce Investment Act of 1998) certain state Vocational Rehabilitation agencies are required to have an order of selection. An order of selection requires that a priority be given to individuals with the most significant disabilities in the provision of vocational rehabilitation services. The order of selection is required in the event that the state is unable to provide the full range of vocational rehabilitation services to all eligible individuals or, in the event that vocational rehabilitation services cannot be provided to all eligible individuals in the State who apply for the services.~~

~~The ARS Order of Selection assures the highest priority in service provision is reserved for eligible individuals with the most significant disabilities. Services and expenditures are closely monitored to enable the ARS Commissioner to close or open priority categories as deemed appropriate. This will assure services are continued for cases determined eligible and receiving services under an Individualized Plan for Employment. Adequate funds will be reserved to provide diagnostic services for applicants to determine eligibility and category placement.~~

~~The Order of Selection status is changed by the Commissioner notifying the Rehabilitation Services Administration (RSA). Notification of this change to ARS staff is made available through a directive from the Chief of Field Services. The notification of change of Order of Selection to ARS staff is placed permanently in **Appendix J** for reference. (P&PM, Section III Pages 6-9.)~~

~~AUTHORIZATION PROCESS OF SERVICES~~

~~ARS requires that in order for an invoice to be used as a final bill, the original invoice must be attached to the ARS Purchase Authorization and ARS Authorization Payment Approval; the final cost must match the service provided. The counselor will verify the individual actually received and is satisfied with services, in addition to verifying the amount and date are listed on the invoice as well as attached to the ARS Authorization Payment Approval form. The counselor will ensure that all information is current and correct as well as documenting in the ECF. In addition, if provider's final cost has changed; a final bill with the agreed upon amount is needed and must be attached to ARS Authorization Payment Approval form; the counselor will also need to follow same procedure listed above.~~

~~The ARS Authorization Process assures the most effective internal controls for authorizing services. ARS wants to ensure that services and expenditures are closely monitored and documented for record keeping purposes.~~

~~Notification of this change to ARS staff is made available through a directive from the Chief of Field Services. The notification of change of the PROCEDURES – PROVISION AND AUTHORIZATION OF SERVICES to ARS staff is placed permanently in **Appendix J** for reference. (P&PM, Section VI Pages 3-4.)~~
