§ 9.02 Hauler’s License Required

Effective January 1, 2007, no person shall engage in the business of collection and/or transportation of solid wastes in the District without first securing a Solid Waste Hauler’s License from the Board. This does not apply to private individuals who transport their personal household solid waste to a permitted facility.

A Solid Waste Hauler's License shall only be issued to a person, partnership, corporation, association, the State of Arkansas, a political subdivision of the state, an improvement district, a sanitation authority, or another regional solid waste management district.

- a. All collection and transportation systems shall meet the conditions outlined below. Failure to comply with these conditions may result in a revocation of the hauler license.
- b. All persons driving collection and/or transportation vehicles shall hold the appropriate driver's license as required by state law.

- d. Collection and transportation equipment shall be designed and constructed so as to be leak-proof. The waste shall be suitably enclosed or covered so as to prevent roadside littering, attraction of vectors or creation of other nuisances, in accordance with ADEQ Regulation 22. This means that vehicles must have either: enclosed waste storage areas; or for vehicles with open waste storage areas, such as caged pickups, they must be tarped when traveling in excess of 35 miles per hour. Haulers should require customers to utilize animal resistant containers and bags of suitable strength to reduce tearing and spilling of litter.

Customers should be provided a minimum of two weeks notice of any change in collection schedule. Inclement weather may excuse haulers from this provision.
- h. Haulers are responsible for cleaning up any spills and/or loose trash caused by the hauler. Haulers may provide service in any zone they wish. When licensing, haulers will be required to indicate in which zones they wish to provide service. A hauler who indicates that they provide service in a zone must provide service to any customer within that zone that requests it, unless that hauler can show good cause why they will not. Good cause may be a history of failing to pay bills or other dispute between the customer and hauler. The location of the customer will not be considered good cause.
