

## **Public Notice**

The Pulaski County Regional Solid Waste Management District (dba Regional Recycling & Waste Reduction District) proposes amendments to the district's Regulation 4 governing hauler licensing. The amendments are necessary to make Regulation 4 consistent with Regulation 22 of the Arkansas Pollution Control and Ecology Commission. The amendments regard penalties for failure to obtain a license for the hauling of solid waste in Pulaski County and for failure to comply with the regulation. In addition, the amended regulation further defines the duties and responsibilities of haulers of solid waste in Pulaski County, and of permitted landfills in Pulaski County. Comments on the proposed amendments may be submitted by June 15, 2018, via email to [desi@regionalrecycling.org](mailto:desi@regionalrecycling.org). Please see the district's website to review the proposed amendments at [regionalrecycling.org/news](http://regionalrecycling.org/news).
